Preamble

This collective bargaining agreement (CBA), hereinafter referred to as the "Agreement," was designed to improve working conditions for all bargaining unit employees, facilitate the amicable resolution of disputes; promote a professional, open, transparent, just, and safe work culture that encourages innovation, empowerment, and learning, which leads to employee growth; and contributes to providing the safest and most efficient aerospace system in the world.

The true measure of the Parties' success will not be the number of disagreements the Parties resolve, but rather the trust, honor, and integrity with which the Parties jointly administer this Agreement.

ARTICLE 1
Parties to the Agreement

SECTION 1. This Agreement is made by and between the Professional Aviation Safety Specialists (AFL-CIO), hereinafter referred to as “PASS” or the “Union,” and the Federal Aviation Administration, Department of Transportation, hereinafter referred to as the “FAA” or the “Agency,” and collectively as the “Parties.”

Delegations shall be made in writing to their Manager or alternate and shall include the name of the designated Union representative and the number of hours delegated.

 6. Upon written notice to the Agency that the need for LWOP granted under this section has ended, Union members shall be permitted to return to duty prior to the termination date of their LWOP status. Such request for return to duty shall be certified by the National office of the Union.
- k. The granting of official time in this Section is exclusive of official time provided for by the Federal Service Labor-Management Relations Statute (negotiations or proceedings before the FLRA as provided for in 5 U.S.C. § 7131(a) and (c)), investigations, formal discussions/meetings, meetings initiated by an Agency management official, or any other provision of this Agreement.
 - l. In the event there is a significant change in the number of bargaining unit employees assigned to a Functional Office or Division the Parties agree to negotiate an adjustment to the amount of official time, if appropriate, provided in Sections 4d and 4e above for representatives of the affected Functional Office or Division.
 - m. In the event additional bargaining units are covered by the Agreement after its effective date, the Parties agree to negotiate appropriate official time for representatives for the additional units in accordance with Article 70.

SECTION 5. Where a Union representative is designated to represent more than one organizational level, they shall initially deal at the lowest level of management appropriate to the issues involved. Representatives or designee/alternates specified in this Article shall be the only persons authorized to represent the Union in any dealings with the Agency at the level designated.

SECTION 6. Any Union official and/or a designee/alternate shall be permitted to visit Agency facilities to perform representational duties, subject to prior notification.

SECTION 7. Union representatives or their designee/alternates who are granted official time may pursue their representational duties off the premises when on official time unless there is a particular reason to anticipate an emergency or special circumstance

which would necessitate a need for them to resume work. The Union representative shall notify the manager/supervisor of their intention to perform representational duties off the premises and the manager/supervisor may impose some reasonable requirement as to periodic call-ins or similar communication as a protection against unexpected emergency need for the representative's return to duty.

SECTION 8. The Agency will make every effort to avoid placing a Union representative on a non-voluntary temporary internal assignment that would prevent that representative from performing their representational functions. The Agency agrees to notify the Union at the next higher level prior to placing any designated Union representative on temporary internal assignment away from the representative's normal duty station.

SECTION 9. Reporting Official Time. Union representatives shall record, via the Agency's automated official time tracking system, currently the Labor Distribution Reporting (LDR) system, the appropriate category into which the use of all such official time falls as defined below. If the Parties discover certain official time activities are not being recorded in the proper category, the Parties agree to meet at the national level to resolve the problem.

- a. **Term Negotiations.** Includes time used by Union representatives for, or in preparation for (1) negotiations over a basic agreement; or (2) negotiations over the supplementation or renegotiation of that agreement or under a reopener provision in that agreement.
- b. **Mid-Term Negotiations.** Includes time used by Union representatives for, or in preparation for, negotiations occurring during the term of that agreement (i.e. mid-term bargaining). This category includes both interest-based and position-based negotiations. Federal Mediation and Conciliation Service (FMCS), Federal Service Impasses Panel (FSIP), and interest arbitration services are also included in this category.
- c. **Dispute Resolution.** Official time granted for employee representation functions in connection with such things as grievances, arbitrations, adverse actions, alternative dispute resolution (ADR), and other labor relations complaint and appellate processes. This category may also include Union counseling of employees on problems, phone calls, e-mails, and meetings with management concerning employee complaints/problems that are pre-grievance or pre-complaint, but not part of any formal ADR process.
- d. **General Labor-Management.** Official time authorized for representational functions in connection with all other activities not covered by the categories of Negotiations and Dispute Resolution. This category might include labor-management committees, partnership activities where the Union is represented, consultation, pre-decisional meetings, walk-around time for OSHA inspections, labor relations training for Union representatives, and formal and Weingarten

meetings under 5 U.S.C. § 7114(a)(2)(A) and (B).

To the extent HRPM LWS–8.21, Guidance on Reporting Official Time, is consistent with the CBA, it will be used by the Parties as guidance on recording official time. If either Party has a concern over the approval or usage of official time, the Parties agree to meet at the national level to develop and implement a plan to resolve the concern in a timely manner.

The Parties recognize that the use of official time for incidental representational activities of brief duration may occur without prior supervisory approval. This does not affect the requirement to record a Union representative's official time in accordance with this Section.

SECTION 10. Travel and Per Diem.

- a. The PASS Region IV Vice President, National Assistants, Functional Representatives, Division Representatives, National MIDO Representative, and MIO Branch Representatives, as appropriate, shall be entitled to travel and per diem:
 1. to attend meetings specifically arranged by the Agency to which that Union representative has been expressly invited unless provided for elsewhere in this Agreement;
 2. to represent the Union on specific national committees and specific national work groups to which the Union has been expressly invited, and when other committee/work group participants receive travel and per diem;
 3. to attend briefings and follow-up action plan meetings at their level regarding the Agency's employee survey program to which that Union representative has been expressly invited; and
 4. on a case-by-case basis as mutually agreed upon by the Parties at the corresponding level.
- b. This Section can apply to Principal Representatives when the invitation explicitly includes travel or as otherwise covered by this Agreement.
- c. For travel that meets the criteria specified in this Article, the Union representative will obtain approval for travel from the Division Manager, Director, Executive Director, or other appropriate Agency official.

SECTION 11. Office Space. Except as set forth in Article 8, Section 6, the Agency shall not be responsible for providing office space or the use of any equipment or

facilities to the Union representatives described in this Article, unless otherwise agreed.

SECTION 12. Union Representative Training. If otherwise in a duty status, Union Representatives who have not previously had PASS representative training, shall be granted, on a one-time basis, official time for one course not to exceed forty (40) hours, including travel time, to attend the PASS representative training for the mutual benefit of the Union and the Agency. Travel expenses shall not be paid by the Agency under this Section. The Union's Region IV Vice President or alternate shall notify the Agency in writing of the participants in the course at least forty-five (45) days prior to the start of the PASS representative training course unless otherwise mutually agreed to by the Parties.

SECTION 13. Representative Orientation. Each Union representative shall be granted sixteen (16) hours of official time to receive orientation on the meaning of this Agreement. In the event the representative is officially replaced, their successor will be granted sixteen (16) hours of official time to receive such orientation, provided they have not previously received this orientation. Attendance at any joint orientation will satisfy the requirements of this Section.

SECTION 14. Legislative Activities. Up to ten (10) of the Union's legislative representatives will be allowed forty (40) hours per year of official time each to participate in the Union's legislative activities, pursuant to 5 U.S.C. § 7102, as staffing and workload permit. Travel expenses shall not be paid by the Agency under this Section. The Union shall provide the Agency at least thirty (30) days' written notice indicating the date(s) and the names of the unit employees who will be using this grant of time. The granting of this time shall take precedence over the approval of pending annual leave requests for the date(s) requested.

SECTION 15. Union representatives shall be granted annual leave, compensatory time off, or leave without pay to attend regular Union meetings, as staffing and workload permit.

SECTION 16. Staffing and workload permitting, Union delegates, alternates, and national committee members shall be granted annual leave, compensatory time off, or leave without pay, at their option, to attend the National PASS convention and the National Marine Engineers' Beneficial Association (MEBA) convention. The Union will provide the Agency at the national level with a list of such delegates, alternates, and committee members. Leave requests shall be filed at least forty-five (45) days in advance of the conventions. The granting of this time shall take precedence over the approval of pending annual leave requests for the date(s) requested.

SECTION 17. Once annually, Union Representatives may be granted excused absence for short periods of time, ordinarily not to exceed sixteen (16) hours of time, to receive information, briefings, or orientation by the Union and/or Agency relating to the Federal Service Labor Management Relations Statute. Such meetings may be held locally, regionally, or nationally. The Parties shall exchange agendas for meetings under

this Article. Determinations as to whether an individual can be spared from duty shall be made by the Agency, based on staffing and workload.

SECTION 18. Recognized Representational Rights. The Agency recognizes the right of a duly recognized Union representative to express the views of the Union, provided those views are identified as Union views.

SECTION 19. When the Parties at the national level agree that there is a need for a national representative(s) to accomplish the objectives identified in Article 23, the Union shall designate the representative(s), in consultation with the Agency. Employees serving as national representatives shall be in a duty status unless otherwise agreed to by the Parties.

PASS - PRE-RATIFICATION

ARTICLE 3 Problem Solving

SECTION 1. An employee or group of employees may choose, but is not required, to use the process in this Article as a means to discuss and resolve a problem or concern before filing a grievance as described in Article 5. Matters relating to a performance-based action (i.e., ODP) or proposed disciplinary action, removal or downgrade issued under Article 18, are excluded from this process. For the purposes of this article, “workdays” is defined as Monday through Friday with the exclusion of federal holidays.

- a. When utilizing this process, the employee or group of employees will notify their Front Line Manager (FLM) within ten (10) workdays of the event giving rise to the problem or concern.
- b. A meeting will be held within five (5) workdays of notifying the FLM. The meeting will include the requesting employee(s), the appropriate Union Representative and the appropriate Management representative(s).
- c. The purpose of the meeting is to allow the employee(s), the Union and the Agency to freely present their views on the situation and/or receive/exchange information, in an attempt to resolve the problem or concern.
- d. If the Parties are unable to resolve the problem or concern under this Article, the Agency shall render a decision within five (5) workdays of the meeting and the employee or the Union may proceed to Step 1, or if applicable, the appropriate Step of the Grievance Procedure as provided in Article 5. The employee or the Union shall have five (5) workdays following the issuance of the decision to file the grievance or the remainder of the time provided to file a grievance as provided in Article 5, whichever is greater.
- e. The Parties may extend the timeframes provided within this Article. Such an extension must be mutually agreed to and provided to the employee(s) in writing.
- f. If a mutual agreement is reached as a result of this process, the Agency and the Union will outline the agreement in writing.

ARTICLE 4

Representation Rights

SECTION 1. The Union retains the right to determine its representatives in accordance with this Agreement. Union representation under this Article may be provided either in person or by electronic means.

SECTION 2. Formal Discussions. As specifically provided under 5 U.S.C. § 7114 (a)(2)(A), the Union shall be given advance notice and the opportunity to designate a representative to attend any formal discussion between one (1) or more representatives of the Agency and one (1) or more employees in the unit or their representatives concerning any grievance or any personnel policies or practices, or other general condition of employment. The Agency shall advise the Union at the corresponding level, with sufficient advance notice, of the subject matter. This does not apply to mid-term negotiations under this Agreement.

SECTION 3. Investigatory Examinations.

- a. When it is known that the subject of a meeting is to discuss or investigate a disciplinary, or potential disciplinary situation concerning that employee, the affected employee shall be notified of the subject matter in advance. The employee shall also be notified of their right to be accompanied by a Union representative if the employee desires and shall be given a reasonable opportunity to obtain such representation and confer confidentially with the representative before the beginning of the meeting.
- b. If, during the course of any meeting or discussion between the Agency and an employee, it becomes apparent for the first time that discipline or potential discipline could arise against the employee as a result of their response(s), the Agency shall stop the meeting and inform the employee of their right to representation if the employee desires, and provide a reasonable opportunity for the employee to obtain Union representation and confer confidentially with the representative before proceeding with the meeting if requested.
- c. The Union or the employee may request a short break for any reason, including the ability to consult. Such requests shall not be unreasonably denied.
- d. This section applies to meetings conducted by all management representatives, including, but not limited to, DOT/FAA security agents, and EEO investigators. The above provisions shall apply to meetings conducted by the National Transportation Safety Board (NTSB) to the extent the provisions are consistent with NTSB regulations and procedures.
- e. In an interview where possible criminal proceedings may result and the employee is the subject of the investigation, the employee will be informed of the general

nature of the matter (i.e., criminal or administrative misconduct) being investigated, and, upon request, be informed whether or not the interview is related to possible criminal misconduct by the employee. The employee will be required to answer questions only after they have been informed that they must answer questions specifically related to their job performance or face disciplinary action. Any answers given under these circumstances are considered involuntary. Such answers may not be used against the employee in a subsequent criminal proceeding, except for possible perjury charges for giving any false answers while under oath. When a written declination of criminal prosecution is received from the appropriate authority, the employee will be provided a copy.

- f. If the Agency decides to hold a meeting under this Section by telephone or videoconference in lieu of an on-site meeting, the employee may request his or her Union representative be present during the discussion. The Agency will provide the necessary conferencing capability for all Parties. It shall be the employee's responsibility to make arrangements for the Union to participate in the meeting. Unrecorded FAA lines shall be used if available.
- g. If during the course of an official investigation, an employee who is the subject of the investigation is recorded by the Agency and disciplinary action is taken against the employee based upon the results of the investigation, the employee, upon request, will receive a copy of the audio/video recording if it is in the possession of the Agency and not prohibited by law.
- h. If the Agency holds an investigatory meeting at a location other than the employee's official duty station outside of their commuting area and the Union representative elects to attend the meeting in person, the representative shall be granted official time for their attendance at the meeting. Official time and travel and per diem will be authorized if the following conditions apply:
 - 1. the employee requests Union representation within a reasonable time of notification of the location of the investigatory meeting;
 - 2. the release of the Union representative from their hours of duty meets staffing and workload requirements; and
 - 3. the Union representative is otherwise in a duty status.
- i. Such meetings will not be unreasonably delayed due to the unavailability of a Union Representative.
- j. HRPm ER-4.1 Standards of Conduct is not intended to limit an employee's right to discuss their statements and/or testimony regarding the subject matter of an official investigation with the Union, except in cases where such communication

would interfere or disrupt the interview and/or compromise the integrity of the investigation.

SECTION 4. A Union representative, while performing their representational duties, will not be required to disclose information obtained from a bargaining unit employee who is the subject of an investigation, unless the confidentiality of the conversation with that employee is waived by the representative, or an overriding need for the information is established and disclosed to the Union representative.

SECTION 5. Information or documents that are available to the Union electronically on either the FAA Intranet or FAA links to the Internet sites meets the Agency's obligation under Section 7114(b)(4) of the Statute, provided the Agency identifies the specific location of the information by providing the Union with the applicable links to the information or documents.

SECTION 6. The Union shall be authorized by the Facility Manager to take photographs on or within an FAA facility, subject to the limitations of FAA Order 1600.69 – FAA Facility Security Management Program. If a Union representative is denied permission to take photographs on or within an FAA facility during their representational activities, the Union representative, upon request, will be provided with an explanation of the reasons for the Agency's decision.

SECTION 7. During meetings between the Agency and the Union, the Union shall be afforded representatives in equal numbers. Any such meetings shall be held at mutually agreeable times and places. When meeting, Union representatives shall be on official time, if otherwise in a duty status.

SECTION 8. No travel and per diem will be payable under this Article nor will official time for travel be granted, unless provided for in this Article or agreed to by the Parties.

ARTICLE 5

Grievance Procedure

SECTION 1. The Parties recognize that the traditional methods of dispute resolution (e.g., grievance/arbitration and unfair labor practice charges) are reactive and not always the most efficient means of problem resolution. The Parties also understand that an early and open exchange of information is essential to clearly address the concerns or reservations of each Party. Therefore, the Parties are encouraged to seek resolution of problems through a proactive approach before resorting to other avenues of dispute resolution, including but not limited to the provisions of this Article.

SECTION 2. Grievance Procedure. Except as limited or modified by this Agreement, the following shall be the exclusive procedure available to the Parties and the employees in the unit for resolving grievances. Any employee, group of employees, or either Party may file a grievance under this procedure. The Parties shall cooperate to resolve grievances informally at the earliest possible time and at the lowest possible management level.

- a. A grievance shall be defined as any complaint:
 - 1. by an employee concerning any matter relating to the employment of the employee;
 - 2. by the Union concerning any matter relating to the employment of any unit employee; or
 - 3. by a unit employee or either Party concerning:
 - (a) the effect or interpretation, or claim of breach of this collective bargaining Agreement; and/or
 - (b) any agreement reached under Article 70 herein; or
 - (c) any claimed violation, misinterpretation, or misapplication of any law, rule, or regulation affecting conditions of employment as provided in the Civil Service Reform Act of 1978 or this Agreement; or
 - (d) any claimed violation of a past practice.
- b. This procedure shall not apply to any grievance concerning:
 - 1. any claimed violation of subchapter III of Chapter 73, Title 5, U.S.C. (relating to prohibited political activities);
 - 2. retirement, life insurance, or health insurance;

3. a suspension or removal under Section 7532, Title 5, U.S.C. (relating to national security matters);
4. any examination, certification, or appointment, Title 5, U.S.C. § 7121(c)(4);
5. the classification of any position which does not result in the reduction of grade or pay of an employee;
6. the removal of probationers;
7. a reduction-in-force (RIF). If the RIF is not covered by a statutory procedure, it is agreed that a dispute resolution procedure relating to any grievance concerning a reduction-in-force will be negotiated by the Parties in conjunction with the negotiation of reduction-in-force procedures under Article 44, Section 2.

SECTION 3. Discriminatory Practice Grievances. In matters relating to 5 U.S.C. § 2302(b)(1) dealing with certain discriminatory practices (i.e., equal employment opportunity (EEO) discrimination), an aggrieved employee shall have the option of utilizing this grievance procedure or any other procedure available in law or regulation, but not both.

SECTION 4. Adverse Action Grievances. In matters involving a removal or reduction in pay for unacceptable performance, or a removal, suspension for more than fourteen (14) calendar days, a reduction in pay or a furlough of thirty calendar (30) days or less, an aggrieved employee shall have the option of utilizing this procedure or any other statutory appeals procedure, but not both.

SECTION 5. Union Representation. Any employee requiring representation, who wishes to contact a Union representative, shall be authorized to do so when staffing and workload permit. Contact may be in person or by official, unmonitored, government telephone.

SECTION 6. Grievance Process. The following constitutes the Parties' grievance process.

a. Grievance and Arbitration Filing Means. Grievance and arbitration submissions/filings described within this Article shall be made by email or other verifiable means (i.e., fax, certified mail, etc.).

b. Grievance Filing Levels.

1. Grievances filed by an employee, a group of employees, or by the Union on behalf of employee(s), shall be filed at the Step corresponding with the lowest level of management/representation as defined in Appendix II with the

authority to resolve the grievance. When an alleged violation involves more than one employee, the Union is encouraged to file one grievance on behalf of all affected employees.

2. Grievances concerning disciplinary actions, as defined in Article 18 of this Agreement, shall be submitted in writing beginning with Step 2, rather than Step 1, of this procedure.
 3. National grievances filed by the Agency against the Union shall be filed in accordance with Section 6g of this Article.
 4. National grievances filed by the Union against the Agency shall be filed in accordance with Section 6h of this Article.

 8. the corrective action desired.
- d. Grievance Processing Officials.** Agency and Union grievance processing officials are defined in Appendix II.
- e. Information.** In the handling of grievances under this Article, and where law and OPM regulations permit, the Union shall have access to official records directly related to the grievance.
- f. Procedural Elevation Guidelines.**
1. Failure of an employee or the Union to proceed with a grievance within any of the time limits specified in this Article shall render the grievance void at that step, unless an extension of time limits has been mutually agreed upon in

writing.

2. Failure of the Agency to render a decision within any of the time limits specified in this Article shall entitle the moving Party to progress the grievance to the next step without a decision.

g. Agency Grievances.

1. Grievances filed by the Agency shall be submitted, in writing, to the Union at the national level within twenty (20) calendar days of the event giving rise to the grievance or within twenty (20) calendar days of the time the Agency may have been reasonably expected to have learned of the event.
2. The Union at the national level, shall answer the grievance in writing within thirty (30) calendar days following the submission of the grievance.

6. The Union may, within 30 calendar days following receipt of the answer or, if no decision is rendered, the date the decision was due, notify the Executive Director of LER that it desires the matter to be submitted to arbitration.
7. National grievances and notifications of request for arbitration will be sent to the Executive and the Deputy Executive Directors of LER with an electronic courtesy copy to the Director of Labor Litigation and up to three other officials designated for that purpose by the Executive Director of LER. Failure to send an electronic courtesy copy shall not constitute a basis to raise a threshold issue with regard to the grievance.

i. Grievance Steps.

1. STEP 1.

- (a) A grievance shall be submitted by an employee or the Union, in writing, to the appropriate Step 1 Agency official within twenty (20) calendar days of the event giving rise to the grievance or within twenty (20) calendar days of the time the employee/Union may have been reasonably expected to have learned of the event.

 - (1)** Filing the Step 3 grievance with the appropriate Labor Relations Division Manager identified in the Step 2 response. Such a grievance will follow the timeframes provided in (b)(1) and (b)(2) below; or

- (2) Advising the Labor Relations Division Manager identified in the Step 2 response that the Union desires the Step 2 grievance decision be reviewed during the Parties' Step 3 Grievance Resolution Meeting (GRM). When such notice has been given, the timelines for the grievance are held in abeyance until such time as the next GRM is conducted.

(6) The decision shall be delivered to the appropriate Union official.

4. STEP 4. Arbitration.

- (a) The Union at the national level will notify the Executive Director of LER, with a copy to the Deputy Executive Director of LER, with a courtesy copy to the Director of Labor Litigation and any other official designated for that purpose by the Executive Director of LER, that the Union desires the matter be submitted to arbitration. Failure to send a courtesy copy in a timely manner shall not constitute a basis to raise a threshold issue with regard to the grievance.
- (b) To be timely such notifications must be received:
 - (1) within thirty (30) calendar days following receipt of the Step 3 decision, or
 - (2) for grievances addressed during the Step 3 Grievance Resolution Meeting, within thirty (30) calendar days following receipt of the written decision from the meeting, or
 - (3) if no decision is rendered, within thirty (30) calendar days of the date the answer was due.

SECTION 8. Arbitration.

a. Arbitrator Panel.

- 1. Panel Description.** The Parties will create and maintain four (4) panels of seven (7) arbitrators corresponding to the following Agency Servicing Offices.
 - (a) National panel which will be used for Headquarters and National grievances;
 - (b) Eastern Service Area;
 - (c) Central Service Area; and
 - (d) Western Service Area.
- 2. Creation of Initial Panels.** Within ninety (90) days of the effective date of this Agreement the Parties shall create the initial list of seven (7) arbitrators for each of the four (4) panels, which will be created using the following process.

- (a) Each Party will submit four (4) arbitrators.
- (b) Each Party shall strike two (2) of the other Party's four (4) submitted arbitrators and the remaining arbitrators will be added to the arbitration panel.
- (c) The Parties shall submit a request to the Federal Mediation and Conciliation Service (FMCS) for nine (9) arbitrators.
- (d) Each Party shall strike three (3) arbitrators from the provided list of nine (9) arbitrators. The remaining three (3) arbitrators from the requested FMCS list will be added to the panel.

The arbitration panels established under this Section shall be maintained for the life of this Agreement except as described in Section 3 below.

3. Panel Vacancies.

- (a) Each Party may unilaterally remove an arbitrator from a panel.
- (b) Future vacancies on the panel caused either by a Party removing an arbitrator from the panel or in the event an arbitrator is unable to continue to serve on the panel will be filled by the Parties:
 - (1) Requesting a list of seven (7) arbitrators from FMCS; and
 - (2) Alternately striking an arbitrator from the list of seven (7) arbitrators from FMCS until one (1) arbitrator remains. The remaining arbitrator will be added to the panel to fill the vacancy.

b. Arbitrator Selection.

1. The advocates assigned to a particular grievance will attempt to mutually agree upon an arbitrator for a hearing.
2. If the Parties are unable to agree upon an arbitrator, the Parties shall determine which side will have the first strike and then alternately strike from the applicable panel seven (7) until such time as one arbitrator is selected. The arbitration panel used for the arbitration shall normally be the panel corresponding with the location of the grievant.
3. If one of the Parties removes an arbitrator from the panel that has already been selected or agreed upon for a particular grievance(s), the arbitrator shall hear those cases.

c. Arbitration Scheduling.

1. Where the Union has not actively engaged with the Agency's representative to schedule the hearing within one hundred and eighty (180) calendar days after requesting arbitration, the grievance shall be considered withdrawn. The Parties may mutually agree to extend the timeline.
2. The grievance shall be heard by the arbitrator as promptly as practicable on a date and in a manner agreeable to the Parties.

d. Arbitration Hearing Procedures.

1. Hearings shall be conducted in person, absent mutual agreement of the parties to hold the hearing at an alternate location or videoconference, and shall be held at an FAA or any other mutually agreeable facility within or closest to the commuting area of the grievant.
2. The grievant and/or the Union representative, if an employee of the FAA, shall be given a reasonable amount of excused absence or official time, as appropriate, to present the grievance if otherwise in a duty status.
3. The Parties will exchange witness lists in a timely manner so the Agency will have sufficient time to release employees without unduly impacting the staffing and workload needs.
4. If either Party identifies an additional witness after the witness lists have been exchanged, they shall notify the other Party of the proposed witness as soon as practicable.
5. The Parties are encouraged to agree on joint exhibits and exchange other evidence they intend to submit into the record, prior to the hearing. A Party is not precluded from introducing additional evidence during the hearing that has not been exchanged with the other Party.
6. FAA employees who are called as witnesses shall be in a duty status if otherwise in a duty status, including reasonable travel time. The Agency will make every reasonable effort to release employees called as witnesses and upon request, adjust their schedules to allow them to travel and participate in the hearing in a duty status.
7. Each Party shall bear the expense of its own witnesses.
8. The Parties may, by mutual agreement, stipulate to the facts and issue(s) in a grievance and directly submit to an arbitrator for a decision without a formal hearing. Arguments will be by written brief.

9. Questions regarding substantive and procedural arbitrability, including whether a grievance is withdrawn, shall be submitted to the arbitrator for decision at the same time the case is submitted to the arbitrator, unless otherwise ordered by the arbitrator prior to the scheduled hearing date or agreed to by the Parties.
10. The arbitrator shall confine themselves to the precise issue(s) submitted for arbitration and shall have no authority to determine any other issues not so submitted to them.
11. In disciplinary cases, the arbitrator may vary the penalty to conform to their decision provided it is consistent with law, this Agreement, and FAA Personnel Management System (PMS).
12. The arbitrator shall submit their decision to the Agency and Union advocates as soon as possible, but in no event later than thirty (30) calendar days following the close of the record before them, unless the Parties mutually agree to waive this requirement.
13. Arbitrator decisions are final and binding.
14. The Parties retain their rights under 5 U.S.C. § 7122 and § 7123.

e. Arbitration Costs.

1. Arbitrator fees and expenses of arbitration incurred under this Article, other than a case following the Arbitration Review Process (ARP), including any cancellation fees where the grievance has been settled, shall be borne equally by the Parties.
2. For grievances submitted to the ARP process, if a resolution is not reached and this grievance is presented at binding arbitration, the Party that disagreed with the neutral evaluator's opinion shall incur the arbitrator's fees and expenses if it does not prevail at the arbitration hearing. The arbitration decision must be sustained in full or denied in full for the said Party to incur the arbitrator's fees and expenses. In all other cases submitted for arbitration that are not sustained in full or denied in full, the arbitrator's fees and expenses of arbitration incurred shall be borne equally by the Parties.
3. If a transcript of the hearing is made and either Party desires a copy of the transcript, that Party will bear the expense of the copy or copies they obtain.
4. The Parties will share equally the cost of the transcript(s), if any, supplied to the arbitrator.

f. Expedited Arbitration.

1. In lieu of the normal arbitration procedures in this Section, the Parties at the national level may, by mutual agreement, refer a grievance to expedited arbitration.
2. Determinations as to whether expedited arbitration shall be used shall be based on the facts and circumstances of each case; however, only those grievances where the passage of time would preclude a remedy or result in irreparable harm are subject to this expedited procedure.
3. The Parties shall meet and select an arbitrator by mutual agreement or by alternately striking names from the appropriate arbitration panel.
4. The hearing shall be conducted as soon as possible and informal in nature.
5. Absent mutual agreement otherwise, there shall be no briefs, no official transcript, and no formal rules of evidence.
6. The arbitrator shall issue a decision as soon as possible but no later than eight (8) calendar days after the official closing of the hearing unless otherwise agreed to by the Parties.

SECTION 9. Arbitration Review Process (ARP). In an effort to resolve grievances that have been elevated for arbitration in accordance with Step 4 of the grievance process, the Parties have established the voluntary Arbitration Review Process (ARP). The Parties must mutually agree whether a grievance will be submitted to the ARP. The ARP is not an arbitration hearing and the Parties retain their rights to binding arbitration as described under Section 8 unless the Parties reach a mutual resolution of the grievance.

a. ARP Procedures: If a grievance is selected for the ARP:

1. Any timelines applicable to the grievance are held in abeyance pending the outcome of the ARP.
2. The ARP will be scheduled quarterly in the months of February, May, September and November, if there are selected grievances subject to ARP review.
3. The Parties shall agree on a date when grievances will be presented at the ARP. The Parties will agree on the number of days necessary to conduct the ARP.
4. If any ARP needs to be canceled, the Parties will work to avoid incurring

cancellation fees. In the event cancellation fees are incurred, they will be borne equally by the Parties.

5. Each Party will be given an opportunity to make a presentation on the facts and relevant Collective Bargaining Agreement (CBA) provisions, laws, rules and regulations, etc.
6. Each Party may provide the ARP Arbitrator and the opposing Party with documentation/declarations in support of their respective presentations. These declarations will be shared with the other Party at least five (5) workdays, if possible, prior to the presentation.
7. There will be no formal calling of witnesses and the rules of evidence will not apply.
8. The Parties will attempt to stipulate to facts, as necessary.
9. No transcript of the session shall be made.
10. Each Party shall have an opportunity to present its case for each grievance. Case presentations will be limited to up to forty-five (45) minutes. The ARP Arbitrator may grant the Parties a limited amount of additional time to present the case.
11. The moving Party will present first.
12. During the session, the ARP Arbitrator may address questions to the Parties.
13. The Parties reserve the right, at any time during this process, to settle, withdraw, or sustain any grievance.
14. If a Party wishes to schedule a grievance for arbitration under Section 8, it must notify the other party within thirty (30) calendar days of receipt of the ARP Arbitrator's written decision if it intends to submit the grievance to arbitration.

b. ARP Fees. The fees and expenses incurred under this ARP shall be borne equally by the Parties.

c. ARP Arbitrators.

1. The Parties will establish a separate panel of four (4) ARP Arbitrators.
2. The ARP Arbitrator panel will be created by the Parties submitting a request to the Federal Mediation and Conciliation Service (FMCS) for a list of eight (8)

arbitrators.

3. Each Party shall strike two (2) arbitrators from the FMCS list. The remaining four (4) arbitrators shall become the Parties ARP Arbitrator Panel.
4. The ARP Arbitrator Panel shall be maintained in alphabetical order (A-Z) by last name. The ARP Neutral Evaluator for a session will be selected in order from the Panel list, absent mutual agreement by the Parties to deviate from the process.
5. The ARP Arbitrators may not serve as an arbitrator for any grievances they have evaluated in the ARP process.

6. ARP Arbitrator Panel Vacancies.

- (a) Either Party may unilaterally remove any ARP Arbitrator from the ARP panel.
- (b) Future vacancies on the panel caused either by a Party removing an ARP Arbitrator from the ARP panel or in the event an arbitrator is unable to continue to serve on the panel will be filled by:
 - (1) Requesting a list of five (5) arbitrators from the Federal Mediation and Conciliation Service (FMCS).
 - (2) Alternately striking an arbitrator from the list until one (1) arbitrator remains. The remaining arbitrator will be added to the ARP panel to fill the vacancy.
- (c) If one of the Parties removes an arbitrator from the panel that has already been selected or agreed upon for a particular ARP session, the arbitrator shall hear those cases.

d. ARP Arbitrator Assessment/Evaluation.

1. The ARP Arbitrator shall issue an oral evaluation to the Parties advising them of their opinion as to the likely disposition of the grievance if it were to proceed to an arbitration hearing and the reasons therefore. Such opinion may include a candid assessment of the strengths and weaknesses of the Parties' claims and defenses and suggested settlement options. The ARP Arbitrator's evaluation shall be reduced to writing, signed by the neutral evaluator, and copies provided to the Parties.
2. The ARP Arbitrator's assessment/evaluation is not binding on any Party, has no precedential value, nor will it be used in any Arbitration process except for

the purpose of determining responsibility for the cost of the arbitrator's fees and expenses. However, if both Parties concur with the findings, the concurrence may be reduced to writing as a binding settlement. Absent such mutual concurrence, the Parties are encouraged to use the ARP Arbitrator's assessment/evaluation as a basis for reaching resolution.

e. ARP Arbitrator -Facilitated Mediation/Settlement Discussions.

1. The ARP Arbitrator may, by mutual agreement, assist the Parties in mediation and/or settlement discussions.
2. If at any time the Parties are able to reach agreement, the Parties shall reduce to writing all of the terms of the agreement and arrange for appropriate signatures.

SECTION 10. Settlement Agreements.

- a. At the request of either Party, settlement agreements regarding grievances filed under this Article shall be promptly reduced to writing and signed by both Parties.
- b. Consistent with the requirements of 5 U.S.C. § 7121, the Parties have full authority to mutually resolve grievances through settlement agreements that remove charges and/or reduce penalties associated with discipline.

SECTION 11. Back Pay. The Parties acknowledge that under the FAA's Personnel Reform authority, the arbitrator has remedial authority to require the Agency to pay back pay consistent with the standards and requirements generally applicable to the full range of remedies available in the federal sector.

SECTION 12. The Parties retain their rights under 5 U.S.C. §§ 7122 and 7123.

ARTICLE 6

SECTION 2. If an employee fails to submit an LDR, the employee shall still be paid for the full pay period. In such situations, the employee will amend their LDR within two pay periods if necessary.

SECTION 3. Upon request, the Agency shall provide the Union at the national, area/regional, or equivalent organizational level, or local level Cost Accounting System (CAS) Labor reports.

PASS - PRE-RATIFICATION

ARTICLE 7
Dues Withholding

SECTION 1. PAYROLL DEDUCTIONS

- a. Pursuant to 5 U.S.C. § 7115, deductions for the payment of Union dues shall be made from the pay of members in the unit who voluntarily request such dues deductions.
- b. The amount of national dues to be withheld under this Agreement shall be the regular dues of the member as specified on the member's Standard Form 1187 (SF-1187), Request for Payroll Deductions for Labor Organizations, or as certified by the Union if the amount of regular dues has been changed as provided in Section 3(b) of this Article. A deduction of regular national dues shall be made every pay period from the pay of an employee who has requested such allotment for dues. It is agreed that no deduction for dues shall be made in any pay period for which the employee's net earnings after other deductions are insufficient to cover the full amount of dues.

SECTION 2. EMPLOYEE RESPONSIBILITIES

- a. A member who desires to have their dues deducted from their pay must complete the appropriate portion of SF-1187 and have the appropriate section completed and signed by an authorized official of the Union who will forward it to the appropriate payroll process center. The authorized official of the Union will include PS0000, PF0000 or PFMIDO as the appropriate payroll identification for PASS. The form must be received in the payroll office at least four (4) days prior to the beginning of the pay period in which the deduction is to begin.
- b. An employee who has authorized the withholding of Union dues may request revocation of such authorization after one (1) year by completion and submission of a Standard Form 1188 (SF-1188), Cancellation of Payroll Deductions for Labor Organization Dues, to the appropriate processing center in accordance with the procedures below:
 - 1. **FIRST YEAR MEMBERS.** An SF-1188 may be filed anytime by an employee during the thirty (30) calendar-day period beginning forty-five (45) days prior to the anniversary date of their first dues withholding and ending fifteen (15) days prior to the anniversary date. It is the employee's responsibility to ensure timely filing of their revocation forms. Revocation forms shall only be accepted by the Agency during this time period. The payroll office shall notify the Union, in writing, of all revocations and provide a copy of the SF-1188 at the time the revocation is made effective.

- 2. **ALL OTHER MEMBERS.**

- (a)** March 1st shall be the annual date for all revocations or Union dues. The employee must complete and submit an SF-1188 to the Agency between the dates of January 1st to January 31st of any given year. The Agency agrees that, except where there is probable cause to suspect criminal activity, the Agency shall not inspect lockers or equivalent secure space unless the employee and a Union designated representative have been given the opportunity to be present.

When such employee secure space also contains space for work-related materials and the Agency must obtain access to the work-related materials, such access will not occur in the absence of the employee unless there are extenuating circumstances. In such cases, the employee will be notified of the access as soon as possible. In work locations where duplicate keys to employees' desks, lockers, files, etc. exist, these keys shall be kept in a secure location with restricted access.

SECTION 17. An employee assigned by the Agency to attend a meeting scheduled by the Agency away from the facility/office shall be entitled to duty time, travel, and per diem allowances, if applicable.

Disciplinary and Performance Actions

SECTION 1. This Article covers informal and formal disciplinary actions and adverse actions including removals, reductions-in-grade or pay, or furloughs of thirty (30) days or less for reasons other than a lapse in Congressional appropriations. Actions taken under this Article will be governed by this Agreement; Chapter III, paragraph 3 of the FAA Personnel Management System (PMS), dated March 28, 1996; and applicable Agency Policies and Directives, including but not limited to HRPM ER-4.1 Standards of Conduct.

SECTION 2. All actions under this Article will be taken only for just cause, regardless of whether those actions are based on conduct or performance. Disciplinary or adverse actions taken under this Article must be supported as follows:

- a. Actions based on conduct must be supported by a preponderance of evidence.
- b. Actions based on performance as described in Section 16 of this Article and Article 37 must be supported by substantial evidence.

For the purposes of this Agreement, references to the efficiency of the service standard in agency policy will be understood to be a reference to the just cause standard.

SECTION 3. The Agency shall brief bargaining unit employees on HRPM ER-4.1 Standards of Conduct annually.

SECTION 4. Definitions.

- a. **Adverse Personnel Action.** A suspension of more than fourteen (14) days, an involuntary reduction in pay or grade (this includes an involuntary reduction in pay band level), a furlough of thirty (30) days or less (but not including placement in a non-pay status as a result of a lapse in appropriations or an enactment by Congress), or removals.
- b. **Disciplinary Action.** An action issued to an employee based on misconduct. It can range from a letter of reprimand up to a suspension of fourteen (14) days or less.
- c. **Formal Disciplinary Action** An action as a written reprimand, suspension, removal, or involuntary reduction in pay.
- d. **Informal Disciplinary Action/Measure.** May include such actions as verbal or written admonishments.

SECTION 5. When it is determined that discipline is appropriate, informal disciplinary measures should be considered before taking a more severe action. However, it is not necessary to have taken an informal disciplinary measure before administering a formal measure. Disciplinary action taken by the Agency shall not in any case be punitive in nature. Retraining and/or recertification shall not be used as a disciplinary action, but may be used as an alternative to discipline.

SECTION 6. Whether the action decided upon is formal or informal, the principles set out in this Section should be observed in determining the severity of the discipline. Not all factors apply in every case. Some of the factors may weigh in the employee's favor, while others may not, or may even constitute aggravating circumstances. All relevant factors must be considered, and a responsible balance reached.

- a. The nature and seriousness of the offense, and its relation to the employee's duties, position, and responsibilities, including whether the offense was intentional or technical or inadvertent, or was committed maliciously or for gain, or was frequently repeated;
- b. The employee's job level and type of employment, including supervisor or fiduciary role, contacts with the public, and prominence of the position;
- c. The employee's past disciplinary record;
- d. The employee's past work record, including length of service, performance on the job, ability to get along with fellow workers, and dependability;
- e. The effect of the offense upon the employee's ability to perform at a satisfactory level, and its effect upon the supervisor's confidence in the employee's ability to perform assigned duties;
- f. The consistency of the penalty with those imposed upon other employees for the same or similar offenses;
- g. The consistency of the penalty with any applicable agency table of penalties;
- h. The notoriety and/or egregiousness of the offense, or its impact upon the reputation of the Agency;
- i. The clarity with which the employee was on notice of any rules that were violated in committing the offense, or had been warned about the conduct in question;
- j. The potential for the employee's rehabilitation;
- k. The mitigating circumstances surrounding the offense such as unusual job

tensions, personality problems, mental impairment, harassment, or bad faith, malice, or provocation on the part of others involved in the matter; and,

- I. The adequacy and effectiveness of alternative sanctions to deter such conduct in the future by the employee or others.

SECTION 7. Procedures for Disciplinary/Adverse Actions.

- a. Except for informal disciplinary actions/measures including oral or written admonishments, the following procedures will be used to take disciplinary/adverse actions:

1. Letters of Reprimand (LOR).

- (a) An LOR may be issued directly to a bargaining unit employee without a proposal letter/written notice and shall contain information to indicate specifically why the letter is being issued.
- (b) The employee may present an oral or written reply within fifteen (15) days of receipt of the reprimand.
- (c) The Agency will consider the employee's reply and notify the employee in writing of the decision.
- (d) If the reprimand is sustained, a copy of it, along with the employee's written reply, will be placed in the employee's Electronic Official Personnel Folder (eOPF) for a period of time not to exceed two (2) years. The timeframe may be shortened by the appropriate management official.

2. Written Notice.

- (a) With the exception of an LOR, the Agency shall give the employee written notice proposing a disciplinary/adverse action. The notice period shall be at least fifteen (15) days for disciplinary actions and at least thirty (30) days for adverse action. Shorter notice periods may be given as provided for in the FAA PMS, Chapter 3, Section 3(r), when there is reasonable cause to believe an employee has committed a crime for which a sentence of imprisonment may be imposed, or when by the employee's conduct, continued presence in the workplace poses an imminent threat to employees and/or Agency property.
- (b) The notice will:
 - (1) Be written in a manner that reflects the charges alleged, and in sufficient detail to allow the employee to make a reply.

- (2) Set forth the proposed penalty and explain why the penalty meets the standards established in this Article.

3. Opportunity to Reply.

- (a) Employees shall be provided the opportunity to reply to the notice orally and in writing within fifteen (15) days from the date the employee receives notice proposing the action.
- (b) However, if the action is taken under the “crime provision” described in Section 7a2(a) above, the employee shall be entitled to a reasonable amount of time, but not less than seven (7) days to reply.
- (c) The employee’s representative may participate in the employee’s oral reply.
- (d) An employee’s time frame to reply may be extended upon request of the employee or their representative and approval by the Agency.

4. Agency Decision.

- (a) The Agency shall consider the employee’s reply, and give the written decision concerning the proposed action.
- (b) If after receiving the employee’s reply, the Agency decides not to take disciplinary/adverse action against the employee, the Agency will notify the employee in a timely manner.
- (c) Any decision letter informing a bargaining unit employee that disciplinary/adverse action will be taken shall advise the employee:
 - (1) of their option to appeal the action; and
 - (2) that the employee will be deemed to have exercised their option to raise the matter under only one procedure when the employee timely files a written grievance, or a notice of appeal under the applicable MSPB or EEO procedure (as appropriate).
- b. A copy of the documents on record (e.g., the letter of reprimand, notice of proposed action or decision) will be furnished to the employee.

SECTION 8. Choice of Forum. An employee against whom disciplinary/adverse action is taken may file a grievance under Article 5 of this Agreement or appeal the action under any other applicable statutory procedure, but not both.

SECTION 9. Promptness of Disciplinary/Adverse Actions. All facts pertaining to a disciplinary/adverse action shall be developed as promptly as possible. Actions under this Article shall be promptly initiated after all known facts have been provided to the Agency official responsible for taking the action.

SECTION 10. Copies of and the Ability to Review Information Relied Upon.

- a. An employee against whom action is proposed under this Article shall have the right to review all of the information relied upon to support the action and shall be given a copy upon request.
- b. At the employee's request, the Union shall be provided with a copy of all information relied upon to support the action.
- c. Consistent with law, the Union will receive a copy of the Report of Investigation (ROI) related to the disciplinary/adverse action, after the Agency receives authorization for the release from the affected employee.
- d. The copy of the ROI will be complete, unless redaction is necessary in accordance with law.

SECTION 11. Excused Absence and Official Time.

- a. The employee and their Union Representative (if a Union Representative is requested by the employee) shall be granted a reasonable amount of excused absence and official time of up to sixteen (16) hours, if otherwise in a duty status, for preparation and presentation of answers to proposed actions under this Article, in cases involving removal, reduction-in-grade or pay, furloughs of thirty (30) days or less for reasons other than a lapse in appropriations or action by Congress, or suspensions.
- b. The timing of the grant of excused absence shall be approved in advance and, to the maximum extent possible, be scheduled at the employee's convenience.
- c. The official time and/or excused absence as applicable and authorized in this Section may be extended at the discretion of the Agency.

SECTION 12. Table of Penalties.

- a. Although not exhaustive, the Agency's Table of Penalties should be used, when applicable, as a guide to determine an appropriate penalty.
- b. If applicable, appropriate penalties for offenses not listed in the Table of Penalties may be derived by comparing the nature and seriousness of the offense to those listed in the Table, the employee's previous history of discipline,

and other relevant factors in each individual case.

- c. In assessing penalties, consideration will be given to the length of time that has elapsed from the date of any previous offense.
- d. As a general guide, a two (2) year timeframe should be used in determining freshness.

SECTION 13. Request to Stay Effective Date of Suspension or Removal.

- a. The Agency at the national level may allow an employee subject to removal or suspension of more than fourteen (14) days the opportunity to exhaust all appeal rights available under this Agreement before the suspension or removal becomes effective.
- b. Requests under this Section must be submitted in writing by the Union at the national level to the Executive Director of Labor and Employee Relations with a copy to the Director of Labor Litigation and Director of Employee Relations.
- c. The request should identify the Union point of contact who should receive a copy of the Agency decision.
- d. The Agency will respond to any request and forward its written decision to the Union point of contact

SECTION 14. Off-Duty Misconduct. An employee's off-duty misconduct, including their use of social media, shall not result in disciplinary action, unless a nexus can be shown between the employee's off-duty misconduct and the efficiency of the service. Any proposed action for off-duty misconduct will contain a statement of the nexus between the off-duty misconduct and the efficiency of the service.

SECTION 15. Harmful Error. The Agency's action may not be sustained if a harmful error is shown.

SECTION 16. Performance Actions. In addition to the provisions of Section 7, the following provisions are applicable to cases of reductions-in-grade or pay, or removal for unacceptable performance:

a. Definitions:

- 1. **Opportunity to Demonstrate Performance (ODP)** is a formal opportunity to improve performance provided to an employee who is determined to be performing unacceptably in any critical or primary performance outcome at any time during the performance cycle.

- 2. Unacceptable Performance** when an employee's performance does not meet the established minimum performance standard in one critical element or primary performance outcome contained within an employee's performance plan.
- b. If the final decision is to sustain the proposed removal or downgrade, the decision letter:
1. Must specify the instances of unacceptable performance on which it is based.
 2. Must be concurred with by a management representative who is in a higher position than the management representative who proposed the action.
 3. The decision may only be based on those instances of unacceptable performance which occurred within one (1) year prior to the date of the written notice described in Section 7 of this Article.
- c. If, because of performance improvements by the employee during the ODP the employee is not reduced in grade or removed, and the employee's performance continues to be acceptable for one (1) year from the date of the completion of the ODP, any entry or other notation of the unacceptable performance for which the action was proposed shall be removed from the employee's Electronic Official Personnel File (eOPF) and Employee Performance File (EPF).

SECTION 17. An employee who is the subject of an investigation under this Article will be informed when the agency decides that based on the current information, no further action will be taken.

SECTION 18. Nothing in this article prohibits an employee from being accompanied by a Union Representative when an employee receives a notice of proposed or disciplinary action/letter.

ARTICLE 19
Professional Differences of Opinion

SECTION 1. The Parties recognize that bargaining unit employees are accountable for ensuring that their performance conforms with established standards. However, in the event of a difference in professional opinion between the Agency and an employee, the employee shall comply with the instructions of the Agency, and the Agency shall assume responsibility for its decisions. Upon request by the employee, the Agency will provide the employee a written explanation of the instruction. This process will not delay or otherwise prevent the execution of the Agency instruction.

SECTION 2. If an employee's entry to an official technical record is substantially edited or changed, and no audit trail exists as to the edit or change, the employee will be notified in writing of the edit or change. Such written notice will include the underlying basis for the change.

SECTION 2. When a Union representative participates in an NTSB accident/incident investigation, the Agency shall grant such representative excused absence, if otherwise in a duty status. The representative is not entitled to overtime, holiday, or other premium pay while representing the Union in an NTSB investigation. Travel and per diem are not authorized.

SECTION 3. In accordance with Section 2 above, the Union representative shall be relieved as soon as operationally possible from their normal duties to immediately proceed to the scene of an accident or incident of appropriate significance.

SECTION 4. Unless staffing and workload requirements do not permit, the Agency shall grant annual leave or LWOP for a Union representative from the involved office or offices to attend NTSB hearings.

SECTION 5. If authorized by the NTSB, nothing in this Article shall preclude the Union from sending more than one (1) representative to a major accident investigation or from sending more than one (1) representative from a region other than that in which the accident occurred. Information shall be provided electronically, or in a manner of equivalent accessibility.

SECTION 2. Matters subject to negotiations shall be handled in accordance with Article 70, Midterm Bargaining, as appropriate.

SECTION 3. The Principal Representative will be informed and provided an opportunity to acknowledge receipt by signature of new and/or revised local office policies and procedures. ARTICLE 23

Committee and Workgroup Collaboration

Section 1. The Parties recognize that the resolution of certain issues or the proactive engagement on topics may best be accomplished through the formation of committees/workgroups at various levels within AVS.

Section 2. When a committee/workgroup is formed pursuant to this Article, the Appendix IV Charter will be used to describe the committee's/workgroup's structure and objectives.

Section 3. For the purposes of this Article, collaboration means both Parties taking responsibility to engage in meaningful dialogue with their counterpart(s). This includes making a genuine effort to ensure that both Parties' interests have been identified and as many as possible have been addressed before an outcome is determined. Through collaboration, the Parties share a common respect for the rights and responsibilities of the Union and the Agency. Collaboration or the creation of a committee/workgroup in accordance with this Article shall not be construed as a waiver of any Union or Agency right.

Section 4. The Parties agree that it is mutually beneficial for the Union to be involved in committees/workgroups established to collaborate with the Agency to accomplish the objectives identified in Section 1. Further, it is in the best interest of the Parties to resolve or minimize any issues so as to ultimately provide for a more timely resolution.

Section 5. When either Party identifies a need for a committee/workgroup to accomplish the objectives identified Section 1, they shall promptly notify the other Party as to their desire to establish a committee/workgroup.

Section 6. When the Parties agree to establish a committee/workgroup, they will collaborate on the scope of the committee/workgroup, which shall be defined in writing and communicated to each member prior to the commencement of business. At a minimum, scoping documents will include the number of committee/workgroup participants, designation of co-leads, and the extent to which the committee/workgroup is empowered to make decisions or recommendations. Separate scoping documents may be developed by the committee/workgroup co-leads to establish and empower subgroups, when appropriate. Committee/workgroups/committees given the authority to make decisions must limit the effect of any decision(s) to the Parties' scope of authority/responsibility.

Section 7. The Union will designate its representative(s) on the committee/ workgroup. Union representatives assigned to the committee/workgroup will be provided access to the same information as any other committee/workgroup member.

If the committee/workgroup includes bargaining unit employees, the Agency will collaborate with the Union to determine the participants. Employees shall be in a duty status for all workgroup activities and shall be afforded sufficient duty time for meetings and related activities.

If travel is required, travel and per diem will be authorized in accordance with the FAATP.

Section 8. Committees/workgroups established by this Article will make decisions or recommendations by consensus, as provided for in the associated charter. For the purpose of this Agreement, consensus is defined as the voluntary agreement of all representatives of the workgroup for a particular outcome. If, after exhausting all reasonable effort, the workgroup is unable to reach a consensus, either Party may pursue whatever course of action is available in accordance with Article 70 of this Agreement, the Federal Service Labor-Management Relations Statute, and any other law, rule, or regulation.

The procedures set forth in this Article shall be applied uniformly throughout the Flight Standards bargaining unit.

SECTION 2. When Article 28 is used to fill a vacant position that could result in a promotion and the announcement does not include the certificate assignment associated with the position, then the processes provided in this Article will be used to make that certificate assignment. In the event the Agency utilizes Article 28 as described in this Section, the Agency will notify the Principal Representative responsible for the office with the vacancy, prior to the issuance of the announcement.

SECTION 3. This Article only applies to:

- a. Certificate assignments for Safety Assurance Office aviation safety inspectors (ASI) and is defined as, and limited to the assignment of certificate management or geographic oversight responsibilities for one, or a grouping of:

- b. an existing certificate assignment is removed from the office;
- c. a certificate assignment is moved from the current ASI;

- d. an ASI is newly assigned to the office; or

- b. The appropriate Union representative will be given an opportunity to provide their views on the procedure to be used for making the certificate assignment.
- c. If the Union disagrees with the procedure to be used, the Agency, upon the Union's written request, shall provide a written rationale used to make the decision.

SECTION 6. In making certificate assignments under this Article, the Agency will determine:

- a. The location, including the organizational unit, of the certificate assignment;

The assignment of training will not be used to manipulate qualifications to provide an advantage to a particular employee in connection with certificate assignments under the procedures set forth in this Article.
- c. Which ASI(s) possess the requisite qualification and skill; and
- d. The area of consideration.

SECTION 7. A certificate or AED assignment within the meaning of this Article will be made in accordance with the procedures below:

 2. description of the assignment;
 3. anticipated assignment date;
 4. area of consideration;

- e. The most senior ASI on the list will be selected for the certificate assignment.
- f. If the Agency determines that a more senior ASI did not meet the qualification or skill requirements for the certificate assignment, the Agency shall promptly provide a written explanation of the non-selection. Within three (3) days after notification of non-selection, the ASI may request a written explanation of the reasons supporting the Agency's determination concerning the ASI's lack of sufficient qualifications or skills. The written explanation will be promptly provided to the ASI. The explanation is designed for the purpose of offering constructive input to the ASI.
- g. In the event the most senior ASI on the list is unavailable, the next most senior ASI on the list will be selected for the certificate assignment.
- h. In the event there is no interest in the certificate assignment, the Agency will

assign the certificate to a qualified ASI at the Agency's discretion.

SECTION 10. Notwithstanding the provisions of this Article and at the discretion of the Agency, the Agency may:

- a. Periodically reorganize certificate assignment groupings. Upon such reorganization, ASIs shall be assigned to the new groupings through the Seniority process.
- b. Determine the duration of the assignment for the employee(s).
- c. Rotate specific certificate assignments. When certificate assignments are rotated, ASIs shall be assigned through the process appropriate to the certificate assignments as discussed in this Article.

SECTION 11. An ASI who is not performing at an acceptable level under the performance management system and/or is being provided an Opportunity to Demonstrate Performance (ODP) will not be eligible for new certificate assignments unless otherwise agreed to by the Agency.

SECTION 12. In the event an ASI believes their workload appears to be excessive or appears to be distributed to ASIs in an excessive or inappropriate manner, the ASI shall have the right to request a meeting with their supervisor to discuss the matter. Subject to staffing and workload, the meeting will be held as promptly as practicable.

SECTION 13. Nothing in this Article shall be construed as a waiver by either Party of any rights under the law.

ARTICLE 26

Temporary Internal Assignments

SECTION 1. This Article covers time-limited assignments of current FAA employees to a bargaining unit position (same, lower or higher grade level) than their permanent position with or without competition. Such assignments shall be affected in accordance with any applicable law, the FAA Personnel Management System, HRPM EMP-1.15, and this Agreement.

SECTION 2. Temporary internal assignments consist of:

a. Detail.

1. Assignment of an employee to a different position for a specific period, with the employee returning to their regular duties at the end of the detail.
2. During the detail, the employee officially occupies and is compensated for their position of record.

b. Temporary Promotion.

1. Promotion of an employee to a higher pay grade for a specific period, with the employee returning to their regular duties and to their original permanent position at the end of the period unless the employee and the Agency agree otherwise.
2. Temporary promotions may or may not be filled through a competitive process depending upon the period of the temporary promotion. They may be made non-competitively for up to six months.
3. An employee may not have more than six (6) months in one or more non-competitive assignment(s) to a higher graded position during any twelve (12) month period.
4. Non-competitive temporary promotions involving Certificate Assignments shall be made in a fair and equitable manner among qualified volunteers based on seniority as established in Article 128 - Seniority. In the absence of qualified volunteers, the Agency shall make assignments among qualified employees on a fair and equitable basis using inverse seniority.

SECTION 3. The Agency is not precluded from assigning various higher-level duties of a position to an employee without effecting a temporary promotion. In circumstances where an employee is assigned various higher-level duties of a position without a temporary promotion, the employee will be provided with a description of the duties to be performed. Where an employee is consistently assigned higher-level grade

controlling duties comprising more than 25% of the employee's time for more than one pay period, which neither require additional supervision nor are solely for training, and the employee meets the minimum qualifications for the position, the employee will be provided a temporary promotion. All temporary promotions must be for less than six months unless advertised or subject to competition.

SECTION 4. When it is known that the incumbent of a higher-level position will be absent or the position will be unencumbered for a period of fifteen (15) days or more, and a qualified bargaining unit employee is assigned to fill the position for all or part of the period, that employee shall be given a temporary promotion. The promotion will become effective on the proposed effective date indicated on the Request for Personnel Action, Standard Form (SF) 52, or equivalent form, submitted by the appropriate management official. The Parties understand that administrative requirements may affect the timeliness of the related payroll action.

SECTION 5. All temporary promotions will be by Standard Form 50, Official Personnel Action (or its replacement).

SECTION 6. The Agency will notify the Union at the appropriate level when a bargaining unit employee is given a temporary internal assignment.

SECTION 7. The Agency will make every effort to avoid placing a Union representative on a non-voluntary temporary internal assignment that would prevent that representative from performing their representational functions. The Agency agrees to notify the Union at the next higher level prior to placing any designated Union representative on a temporary internal assignment away from the representative's normal duty station.

SECTION 8. If administrative restrictions on promotions are imposed by an authority above the Agency level, the provisions of this Article do not apply while the restriction remains current.

SECTION 9. Details shall be assigned in a fair and equitable manner among qualified volunteers.

SECTION 10. Selections for non-competitive temporary promotions, not otherwise addressed in this Article, will be made in a fair and equitable manner.

SECTION 11. Employees serving on a temporary promotion are not precluded from applying and being considered for an advertised temporary promotion.

SECTION 12. An employee's total time in a competitive temporary promotion may not exceed a total of five (5) years in a specific position. However, an employee may compete for a new position in accordance with Section 13, but if selected must return to their position of record prior to starting a new competitive temporary promotion.

SECTION 13. Employees on a competitive temporary promotion must return to their position of record prior to beginning a subsequent competitive temporary promotion.

ARTICLE 27

Temporary Duty Assignments

SECTION 1. Prior to a temporary non-training duty assignment not inherent to an employee's normal position and duties requiring travel and per diem, qualified volunteers shall be solicited. These assignments shall be made in a fair and equitable manner based on seniority to the extent possible among volunteers determined to be qualified by the Agency. Seniority shall be based on Aviation Safety (AVS) seniority unless the Parties agree otherwise at the local level.

SECTION 2. In the absence of qualified volunteers, the Agency shall make assignments from among qualified employees on a fair and equitable basis using inverse seniority.

SECTION 3. The Agency will make every effort to avoid placing a Union representative on a non-voluntary temporary duty assignment that would prevent that representative from performing their representational functions. The Agency agrees to notify the Union at the next higher level prior to placing any designated Union representative on a temporary duty assignment.

SECTION 4. Whenever possible, the Agency will provide at least thirty (30) days advance notice when soliciting qualified volunteers for temporary duty assignments under this Article. Normally, for temporary duty assignments of more than three (3) days, the employee will be notified in writing prior to the start of the assignment.

SECTION 5. If possible, the Agency will adjust the schedule of the employee to avoid travel on the employee's days off. If the Agency is not able to make the adjustment, the employee will be compensated appropriately.

SECTION 6. If the duration or location of an assignment for which an employee volunteers and has been selected changes before the start of the assignment, the employee has the right to withdraw their volunteer status. In such circumstances, the Agency may solicit qualified volunteers, if time permits, or make the assignment in a fair and equitable manner using inverse seniority.

SECTION 7. An employee may request to be excused from a travel assignment based on a personal hardship. Absent unusual circumstances, the employee will be excused from the travel assignment. In such circumstances, the Agency will select an interested volunteer if time permits or make the assignment in a fair and equitable manner using inverse seniority.

SECTION 8. This Article does not apply to temporary internal assignments as defined in Article 26.

ARTICLE 28
Promotions/Vacancy Announcements for Bargaining
Unit Positions

SECTION 1. In accordance with HRPM EMP-1.14 and this Agreement, merit system principles will be applied to all hiring and promotion processes and decisions. Promotions shall be made in accordance with this Agreement, FAA Personnel Management System, HRPM EMP-1.14, and other applicable Agency directives.

SECTION 2. Provided all legal, regulatory, and administrative requirements have been met, promotions shall be effective as of the date on which the employee is assigned to perform the duties of the position for which the employee was selected. The Agency shall ensure that all requirements for the position are published in vacancy announcements, consistently administered and the appropriate human resources office is advised sufficiently in advance to ensure the promotion is affected in accordance with this Section.

SECTION 3. Applications for promotion shall be acknowledged by the Agency. Normally, internal vacancy announcements will be open for a minimum of twenty-one (21) calendar days. An employee may change personal information on their application for promotion, provided they resubmit the application prior to the "Close Date" of an open job vacancy. External vacancy announcements will be announced using any length of open period, which may reasonably be expected to produce a sufficient number of qualified candidates.

SECTION 4. Vacancy announcements will be available and accessible electronically to all bargaining unit employees.

SECTION 5. All vacancy announcements shall be readily available and accessible electronically at the FAA Academy at a designated location.

SECTION 6. Vacancy announcements will normally contain the following information:

- a. opening date;
- b. closing date;
- c. title, series, and grade level of the position(s), with the number of positions to be filled, except when an open continuous announcement is utilized;
- d. salary range, including locality rate;
- e. duty location(s);

- f. whether PCS expenses will be paid and at what amount;
- g. area of consideration;
- h. duties;
- i. qualifications, including selective placement factors, if any;
- j. requirement for security clearance;
- k. how to apply;
- l. where to submit bids;
- m. contact information;
- n. bargaining unit status;
- o. requirements for financial disclosure;
- p. duration of assignment, if a temporary position;
- q. requirements for medical certificate if any;
- r. if position is considered to be a Testing Designated Position;
- s. means of assessment (e.g., crediting plan, types of interview, etc. in accordance with HRPM EMP-1.31) used to measure a candidate's job-related qualifications;
and
- t. Background check/security clearance requirements.

Item "c" above does not preclude the filling of additional vacancies with candidates for the same vacancy announcement when it was not known at the time the announcement was published that an additional vacancy, or vacancies, for like positions at the same location would occur during the effective period of the selection list.

SECTION 7. Vacancy announcements for full performance level positions shall include the statement; "In-grade/downgrade applications will be accepted." The Agency retains the right to select promotion candidates.

SECTION 8. In accordance with the FAA Personnel Management System and applicable directives, employees are no longer required to complete time in grade requirements to be promoted, but still must meet all required administrative and qualifications

requirements to be eligible for promotion. Specialized experience requirements, if required, must describe demonstrable skill sets gained/demonstrated by the employee either in an agency position or other employment/experience.

SECTION 9. An employee who is promoted to a position at a different duty location will be promoted when they enter on duty in the new position.

SECTION 10. Developmental employees must meet regulatory and administrative requirements, including job performance, and be recommended for promotion by their Front Line Manager. Recommendations will not be withheld or delayed for arbitrary reasons or for reasons outside established standards. The promotion will become effective on the proposed effective date indicated on the Request for Personnel Action, Standard Form-52, or equivalent form, submitted by the recommending management official. The Parties understand that administrative requirements may affect the timelines of the related payroll action.

SECTION 11. If the Agency appoints or otherwise places a former federal employee in a bargaining unit position under the authority set forth in HRPMP 1.14, Section 6(c)3, the FAA will notify the PASS National President that such authority was used. The FAA will provide information regarding the appointment of placement including the LOB and organization, position title and the grade/band upon which the employee previously attained while working for the federal government.

SECTION 12. If the Agency utilizes the automatic consideration process IAW HRPMP EMP-1.14, Section 8(a), the following will apply:

- a. Automatic consideration is a competitive internal process, which involves automatically referring all eligible employees within a defined area of consideration to the hiring manager of a like or similar position for consideration, and can apply to a permanent or temporary promotional assignment.
- b. The minimum area of consideration for all automatic consideration lists will be the organizational unit under the hiring manager. The Agency will prepare the automatic consideration list containing all eligible candidates within the area of consideration.
- c. The Agency will notify the Union Representative corresponding to the hiring manager of the utilization of the automatic consideration process.
- d. Employees within the area of consideration will be provided an electronic notice of the vacancy no less than seven (7) days prior to the creation of the referral list. The notice will include the title, series, grade, qualifications, the number of position(s) to be filled, and state the utilization of the automatic consideration process. Employees may provide the Agency with additional information that demonstrates experience relevant to the eligibility and qualification requirements of the position which will be considered prior to the creation of the referral list.

- e. The Agency will notify employees who are included in the referral list.

SECTION 13. If the Agency decides to interview any qualified employee on the selection list, then all on the list who are qualified must be interviewed. If the selection list is shortened to a best-qualified list through a comparative process, then the best qualified list shall be considered to be the selection list. If it is determined that interviews are required and virtual interviews are not utilized for all applicants, travel expenses incidental to these interviews will be paid in accordance with the FAATP and this Agreement. Interviews will be conducted in accordance with HRPM EMP-1.8 – Conducting Interviews, which outlines in part:

- a. All candidates will be asked the same questions, in the same order, and within the same interview timeframe;
- b. Candidate responses will be evaluated against the same benchmarks;
- c. Hiring managers or designated SMEs may ask follow-up questions.

SECTION 14. Priority Consideration:

- a. An employee will receive priority consideration for the next appropriate vacancy for which they are qualified if, as a result of a grievance being filed under this Agreement alleging the employee was improperly excluded from the referral/selection list, the Agency or an arbitrator sustains the grievance or the Parties execute a written settlement of the grievance.
- b. This is a one-time consideration.
- c. An appropriate vacancy is one at the same grade level and the same PCS conditions, which would normally be filled by competitive promotion procedures, or by other placement action, including outside recruitment, and which has comparable promotion opportunities as the position for which the employee was improperly excluded.
- d. The employee entitled to priority consideration shall provide the Agency with a list of up to two (2) locations for which the employee is interested in being considered for selection for an appropriate vacancy within the commuting areas associated with the selected locations. The two locations may include positions that are not tied to a specific geographic location.
- e. When the Agency considers an employee who has priority consideration pursuant to this Article and does not select the employee, the Agency will put the reasons for the non-selection in writing and provide a copy to the employee and Union.

- f. In the event two or more employees receive priority consideration for the same promotion action, they may be referred together.
- g. However, priority consideration for separate actions will be referred separately and in the order received based on the date the determination of improper consideration is made.

SECTION 15. Selections and selection processes, including rating and ranking panels, interviewing panels, or like processes are the sole responsibility of the Agency. No local agreements are authorized. A selecting official may, however, solicit input from Union representatives and any other groups/individuals regarding aspects of a position to be filled, such as knowledge, skills, and abilities.

ARTICLE 29
Reassignments Initiated by an Employee

SECTION 1. An employee may initiate a request for reassignment to bargaining unit positions outside of the announced vacancy process in accordance with the Employee Request for Reassignment (ERR) process as defined in this Article. Requests may be for all positions and may involve a move from one geographic location to another.

Consideration shall be given to such requests according to the needs of the Agency. The employee shall not normally be eligible to receive any permanent change of station (PCS) benefits unless the selection was made in conjunction with a vacancy announcement where PCS benefits were authorized. In that case, the individual requesting a voluntary reassignment shall be entitled to the same benefits as advertised on the vacancy announcement.

Employees shall submit the following forms to the appropriate Human Resource Management Division:

- a. cover letter stating: "Filed in accordance with Employee Requests for Reassignment (ERR) for _____ position at (name of facility/office);"
- b. FAA Form 3330-42, Request for Consideration and Acknowledgment; and
- c. OF-612, SF-171, or a personal resume.

Upon receipt of the package, the receiving office will advise the employee that they have received the employee's request. The application shall remain on file for fifteen (15) months from receipt.

SECTION 2. Applications submitted in accordance with Section 1 will be treated equally to applications which are submitted under any subsequent internal vacancy announcement for that specific position.

SECTION 3. If the Agency makes a selection from employees who have submitted an ERR, the Agency shall, upon request, make available the following information to employees not selected:

- a. whether the employee was considered for the position and, if so, whether the employee was found eligible on the basis of the minimum qualification requirements for the position;
- b. whether the employee was one of those in the group from which selection was made, i.e., one of the best qualified candidates available and appeared on the list made available to the selecting official;

- c. any record of formal or informal supervisory appraisal of past performance used in considering the employee for the position;
- d. who was selected for the position; and
- e. in what areas, if any, the employee should improve to increase their chances for future selection.

SECTION 4. All reassignments under this Article will be made in accordance with Article 25, Certificate Assignment Procedures.

SECTION 5. Union representatives serving in an elected capacity while on official leave of absence shall be treated equitably.

ARTICLE 30 Hardship Transfers

SECTION 1. The Parties agree to review transfer requests under hardship conditions in an open, fair, and expeditious manner and to resolve those requests in the best interests of the employee and Agency. This Article is not intended to address emergency situations that may occur, where the Agency determines that immediate action is necessary to protect the health and welfare of the employee and/or immediate family.

SECTION 2. Transfer requests under verified hardship conditions shall be classified in one of the following three (3) categories (in order of priority):

- a. Medical.** The medical condition of the employee, the employee's spouse/domestic partner, or dependent children in the employee's household requires the employee to make a geographical move from the employee's present duty station assignment to a geographical area deemed necessary to improve or maintain the health or receive health services.
- b. Dependent Parent.** Transfer of an employee to another geographical area, when the employee or employee's spouse/domestic partner is the primary caretaker of a dependent parent, or the medical condition of the parent requires the employee or employee's spouse/domestic partner to relocate. Not all situations of separation from parents will be considered a hardship.
- c. Dependent Children.** Transfer of an employee in case of an estranged family (e.g., divorce, incarceration, military assignments, etc.) where dependent children are involved and the transfer of an employee to a different geographical area would allow the employee to maintain contact with his or her children. Not all situations of separation from children will be considered a hardship. In order to be considered, the geographical separation from the children must have been involuntary. Factors that should be considered are the length of time of separation, the age and health of the children.

All relevant factors shall be considered for each condition, but a minimum shall include:

- a.** whether the employee previously used this issue as a hardship;
- b.** the distance and ease of commute; or
- c.** other unique circumstances.

In order to effectively comply with the intent of the definition of a geographic area, employees must provide a list of all facilities and/or cities that will meet the needs of

their specific hardship. Placement is allowed in a position at the same or lower level.

SECTION 3. An employee requesting a hardship transfer shall submit a written request to his or her current manager. The request shall include at least the following:

- a. a statement that the employee is requesting an Employee Request for Reassignment (ERR) in accordance with the ERR procedures and this Article;
- b. the position(s), level(s), and geographical area(s) the employee is requesting;
- c. the reason(s) justifying the hardship need and all supporting documentation;
- d. FAA Form 3330-42 Request for Consideration and Acknowledgement;
- e. OF-612 or a resume;
- f. most recent performance appraisal;
- g. a statement that the employee understands that this hardship transfer is primarily in the interest of the employee and relocation is at no expense to the Government; and
- h. a statement from the employee authorizing the Parties to contact the appropriate sources as applicable to the request for the purpose of validating or clarifying any supplied documentation.

SECTION 4. Local Review. The Parties at the local level (*e.g.*, office or branch) shall meet within fourteen (14) calendar days of submission of the hardship transfer request to accomplish the local review process. They will ensure that the request falls in one of the three categories eligible for hardship consideration and that the appropriate documentation is provided. Requests that clearly fall outside the identified hardship categories or those requests which do not include supporting documentation will be returned to the employee with an explanation of the denial and information that the employee can file an ERR through the normal process. For all other requests, they will make recommendations and forward an entire package to the Parties at the Division or equivalent level of the organization where the hardship request originated. This should normally be accomplished within seven (7) calendar days of making the determination.

SECTION 5. Division Review. The Parties at the Division or equivalent organizational level shall review the employee's package and the recommendations made at the local level and make their own determination as to whether the hardship condition is bona fide. This review should normally occur within fourteen (14) calendar days of receiving the package. If they determine that the hardship condition is bona fide they shall, within seven (7) calendar days of making the determination, forward the entire package to the Parties at the Division or equivalent organizational level of the target facilities if other than their own, along with a written statement recommending approval of the

transfer due to a bona fide hardship condition. Should the Parties in this Section fail to reach agreement on the determination as to whether the hardship condition is bona fide, the hardship request is denied, and the employee will be advised that they may pursue transfer under the ERR process.

SECTION 6. Target Division Review. The Parties at the Division or equivalent organizational level of the target facilities shall review the employee's package and the determinations made at the facility and the originating Division or equivalent organizational level. This review should normally occur within fourteen (14) calendar days after receiving the package. The Agency will inform the employee as soon as possible of the final determination. The Agency will make every reasonable effort to accommodate the employee's transfer if the employee is otherwise qualified for the position. The originating facility will not unreasonably delay the employee's release. If the transfer is denied, the target Division or equivalent organizational level shall forward a written justification to the originating Division or equivalent organizational level along with a list of all alternative facilities in the geographical area, which could possibly fit the needs of the employee. If the employee does not accept one of the alternatives, the response shall be documented and placed in the employee's hardship request file.

Transfers under this Article shall not be constrained by any release policies; however, release under this Article shall not negatively impact employees who have already received release dates. Transferred employees under this Article shall not be eligible to receive any permanent change of station benefits.

SECTION 7. Applications accepted as a bona fide hardship request under this Article, but the Agency determines the request cannot be accommodated due to staffing, the employee's original request will remain active for fifteen (15) months from the date of final determination and reviewed every six (6) months by the Parties at the Target Division level. After each six (6) month review, a notice will be sent to the employee regarding the disposition of the request. Target Divisions or equivalent organizational levels are required to "date/time stamp" all hardship applications in order to properly track this provision. If multiple requests in the same category are competing for a single vacancy, they will be accommodated on a first come, first serve basis. After fifteen (15) months, the application and all associated documentation will be properly discarded.

SECTION 8. All certificate assignment(s) affected by completed hardship transfers under this Article will be addressed in accordance with Article 25.

SECTION 9. Grievances arising under this Article shall be submitted in writing beginning with Step 2 of the grievance procedure set forth in Article 5.

ARTICLE 31

Hosted Assignments

SECTION 1. A Hosted Assignment is defined as an assignment where the employee is generally not physically co-located with other employees in their organization or their manager. Employees placed on a Hosted Assignment will normally remain at their current work location.

SECTION 2. Host Office. For the purpose of this Article, a Host Office is defined as the FAA physical workspace assigned by the Agency where the employee will report.

SECTION 3. Hosted Employee. Hosted Employees are employees who are assigned to a Host Office as defined in Section 2 of this Article.

- a. Hosted Employees will be treated in a fair and equitable manner as other employees assigned to the same FAA facility.

 - 2. Employees assigned to a Host Office will be provided adequate office equipment, including, but not limited to, a desk, chair, telephone, basic office supplies, and automation support (i.e., LAN connectivity and printer access).
- b. Hosted Employees must adhere to all applicable local office policies (i.e., safety, security and well-being of the office).

SECTION 4. Employees assigned to a Host Office shall be represented by the appropriate PASS representative having responsibility for the Hosted Employees' organizational unit, which may not be the local level PASS representative in the Host Office. This provision shall not be construed to prevent PASS from designating its representatives in accordance with Article 2.

SECTION 5. Nothing in this Article shall be construed to impact any right by employees to request a telework arrangement pursuant to Article 51.

ARTICLE 32
Career Opportunities Website

SECTION 1. Subject to staffing and workload and in accordance with applicable directives, employees shall be allowed to access the Agency's website used for the purpose of publishing career opportunities, to review vacancy announcements and secure documents necessary to apply for Agency jobs and/or positions during work time. In connection with this review, employees will be permitted to access the Internet at FAA work sites, and to use FAA equipment such as computers, printers, and telephones, provided such equipment is available.

Employees are permitted to engage in outside aviation employment/activities so long as there are no ethics concerns present, such as where an outside employer does not conduct activities for which the employee's facility or office has official responsibility.

The Agency shall maintain a list of ethics officials/counselors on the Office of the Chief Counsel (AGC) website with whom employees may consult about questions related to ethics issues. Such consultation, however, does not relieve an employee from the requirements of Section 2.

SECTION 2. Requests for determinations of the propriety of an aviation-related outside employment opportunity or activity must be submitted via the AVS Outside Activity or Employment (OAE) Portal (or its replacement).

- a. Employee requests submitted via the OAE Portal will be acted upon as soon as possible, generally within sixty (60) days of receipt.
- b. When the employee accepts outside employment without prior approval due to the Agency's failure to respond within sixty (60) days to the employee's request for a determination of propriety, the Agency will take this into consideration should disciplinary action later be contemplated.

SECTION 3. If prior approval is given and it is later determined that such employment or activity is inconsistent with the provisions of Section 1, the following shall apply upon written notification to the employee:

- a. If the outside employment/activity is specifically prohibited by law, the employee shall cease the employment/activity immediately.
- b. In all other cases, the employee shall cease the employment/activity within fourteen (14) days.

SECTION 4. If the Front Line Manager (FLM) recommends disapproval of an employee's request, the employee's submission will still be routed to the OAE panel for review.

SECTION 5. The Union shall have the right to designate a representative to the AVS OAE Panel. The representative will be on official time and authorized travel and per diem, as appropriate.

SECTION 6. The OAE Panel will review employee requests related to outside employment and activities and will make recommendations to the AGC member of the OAE. Upon request, the OAE Panel will provide the requesting employee with a copy of any recommendation(s) to AGC.

SECTION 7. AGC makes the final determination of approval/disapproval. Upon request, a copy of AGC's decision will be provided to the employee. Employees may request reconsideration of the AGC decision to the OAE Panel.

ARTICLE 35
Surveys and Questionnaires

SECTION 1. The Agency recognizes that it is in its interest to have Union support for surveys of bargaining unit employees. The Agency shall not conduct surveys without providing the Union an opportunity to review and comment on the questions and related issues. The Union will be provided an advance copy of any survey, prior to distribution.

SECTION 2. Surveys shall be conducted on the employee's duty time.

SECTION 3. The Union shall be provided with the geographical/organizational distribution of surveys which are distributed on a random sample basis.

SECTION 4. The Union shall be afforded the opportunity to review and comment in advance on any publication based on or derived from survey results.

SECTION 5. If feasible, the Union shall be provided a copy of survey results at the same time they are distributed to the corresponding level of the Agency. If it is not feasible to provide the results at the same time, the Agency will provide the information as soon as possible.

SECTION 6. Participation in surveys shall be voluntary and anonymous.

SECTION 7. The Union representative shall participate in all survey debriefing and action planning sessions based on the results of surveys covered by this Article.

ARTICLE 36

Recognition and Awards

SECTION 1. The Agency's recognition of employees and the application of Agency awards programs shall be in accordance with Agency Directives and this Agreement.

SECTION 2. The Parties agree that the use of awards is an excellent incentive tool for increasing productivity and creativity of bargaining unit employees by recognizing and rewarding their contributions to quality, efficiency, or economy of government operations. The Agency agrees to consider granting a cash award, honorary, or informal recognition award, or grant time off without charge to leave or loss of pay to an employee individually or as a member of a group on the basis of:

- a. adoption or implementation of a suggestion or invention;
- b. significant contributions to the efficiency, economy, or improvement of government operations;
- c. exceptional service to the public, superior accomplishment, or special act or project on or off the job and contributions made despite unusual situations;

- e. exceptional customer service or contributions which promote and support accomplishment of the organization's missions, goals, and/or values;
- f. creative or innovative methods used to make work processes or results more effective and efficient; or

The Parties agree that this is a list of examples and is not all inclusive.

SECTION 4. The Agency has discretion to grant a Quality Step Increase (QSI) to an employee consistent with the standards and requirements generally applicable to the federal sector.

SECTION 5. The Agency shall notify the appropriate Union representative, in writing, when a bargaining unit employee receives an award. At a minimum, the notification shall include the employee's name and type of award. When applicable, the

employee's Electronic Official Personnel File (eOPF) will be updated to reflect awards received.

ARTICLE 37

Performance Management

SECTION 1. The Agency's Performance Management System (PMS) will be administered in accordance with HRPM PM-9.1 and this Agreement.

- b. measurable and obtainable criteria/benchmarks;
- c. an objective measure of the accomplishment;
- d. a clear delineation of acceptable performance;
- e. position essential development needs including, as appropriate, training or developmental work assignments; and
- f. opportunity for personal and career developmental activities individual (long and/or short term).

SECTION 3. The requirement for face-to-face feedback discussion between a manager and employee set forth in HRPM PM-9.1 during the performance cycle may be conducted via video conferencing (e.g., via Zoom Meetings, Teams, or future Agency video conferencing systems).

SECTION 4. The Agency reserves the right to establish performance plans to meet its organizational requirements. When practicable, the Union at the national level shall be provided at least sixty (60) days to provide comments and recommendations on planned changes to national generic performance standards.

SECTION 5. Performance plans may be individualized and are dependent upon the organizational unit to which the employee is assigned and the employee's Position Description. Any performance standards (outcomes and expectations) that are individualized from nationally developed generic performance plans shall be annotated as such on the performance plan.

SECTION 6. Performance plans are the basis on which an employee will be evaluated and must accurately reflect the performance expectations on which the employee is responsible. In applying performance standards, the Agency must make allowances for factors beyond the employee's control. The Agency will identify any expectations in a generic performance plan that the employee will not be expected to perform. In those instances where an employee is not provided an opportunity to perform tasks related to a specific outcome/expectation contained in their performance plan, they shall not be

assessed on that performance element.

SECTION 7. Performance Management and Assessment System (PMAS).

- a. Within thirty (30) days of assignment to a bargaining unit position or the start of an employee's performance cycle, an employee shall be provided a copy of their performance plan via the Agency's Performance Management and Assessment System (PMAS).
- b. The employee shall be able to provide written comments at any time during the performance cycle. All written comments provided by the employee via PMAS shall become a permanent part of the performance plan and kept in the employee's record.
- c. The Agency will provide employees with information on how to review and upload information into PMAS.
- d. Employees will be given sufficient notice to meet any deadlines in PMAS.

SECTION 8. Changes to an employee's performance plan (standards, expectations, and outcomes) may be made at any time during the performance plan cycle; this includes an employee being promoted or reassigned to a different position. A copy of any changed performance plan must be shared with the employee via PMAS at least ninety (90) days prior to receiving an appraisal under the new performance plan.

SECTION 9. Self-Assessments.

- a. Employees are encouraged to use PMAS to complete self-assessments and will be provided information on how to do so. Alternatively, self-assessments may be submitted to the manager via email.
- b. If an employee submits a self-assessment, the manager will consider the submission prior to issuing the employee's performance appraisal via PMAS.

SECTION 10. Performance Appraisal Rating.

- a. The employee's signature/acknowledgement via PMAS after the review of any performance appraisal indicates that they have reviewed the completed appraisal record and that it has been discussed with them.
- b. The employee's signature/acknowledgement shall not be taken to mean that they agree with all of the information or that they forfeit any rights of review or appeal.
- c. A copy of the performance appraisal shall be provided to the employee via PMAS within fifteen (15) days of the employee's signature/acknowledgement on the

performance appraisal form.

- d. Grievance time limits shall not begin until the day after the employee receives their copy of the final signed/acknowledged document.

SECTION 11. Opportunity to Demonstrate Performance (ODP). At any time during the performance cycle the Agency determines that an employee's performance is not at an acceptable level as required by the performance plan, the Agency shall, whenever possible, counsel the employee on the specific performance area(s) in which improvement must be made prior to placing an employee on:

- a. an Opportunity to Demonstrate Performance (ODP) or
- b. any other formal performance improvement program, as appropriate.

SECTION 12. When an employee is placed on an ODP:

- a. The Agency shall afford the employee a reasonable opportunity, in no case less than ninety (90) days, to demonstrate acceptable performance, commensurate with the duties and responsibilities of the employee's position.
- b. The ODP will specify what performance plan standard(s) the employee failed to meet.
- c. The ODP shall cite to the performance plan standard(s) when describing what the employee must accomplish during the ODP period.
- d. The Agency will, if appropriate, provide an opportunity for training to improve any deficient skills identified in the ODP.
- e. Every thirty (30) days during the period for improving performance, the manager shall provide the employee with a written review identifying the employee's progress and identifying any areas still needing improvement.
- f. If the employee fails to demonstrate acceptable performance at the end of the ODP period, any action as a result of that failure will be proposed using the procedures set forth in Article 18.
- g. If the employee successfully demonstrates performance during the ODP period, the employee will be so notified.
- h. An employee must maintain acceptable performance for a period of one year after the completion of an ODP. The Agency is not required to provide another ODP if an employee's performance becomes unacceptable again in the same critical element or primary performance outcome within one year of the completion date of the ODP period.

SECTION 13. Use of official time and approved absences for representational activities shall not be a negative factor in employee performance appraisals.

ARTICLE 38
Classification Standards and Position Descriptions

SECTION 1. The Parties recognize that position classification standards for bargaining unit employees are established by the Agency as authorized in HRPB PMC-10.3.

- a. The Agency shall notify the Union at the national level before changing any of the applicable classification standards and shall consider the Union's comments on the changes.
- b. If the Agency creates a standard via a parenthetical title, the Agency shall notify the Union at the national level and shall consider the Union's comments on the changes.

Such notice shall be provided as soon as possible, but not less than thirty (30) days in advance of issuance.

SECTION 2. Position Descriptions (PD).

- a. Each employee covered by this Agreement shall be provided a position description (PD). The PD shall accurately reflect the major important, regular and recurring duties and responsibilities of the position that are the basis for the classification of the position. The inclusion of "other duties as assigned" in a PD only relates to duties that do not affect the classification of the employee's position, and such duties shall normally have a reasonable relationship to the employee's PD.
- b. If an employee believes that the PD is not accurate, the employee, with the assistance of a Union representative, may request a review by the appropriate supervisor. Such review will normally occur within thirty (30) days. Any dispute regarding the accuracy of the text of an employee's PD may be grieved under this Agreement.

When the Agency provides more than ten (10) PDs at any given time, the Parties will determine a mutually agreeable timeline for review, but not less than sixty (60) days.

SECTION 5. Upon request by the Union, the Agency will provide a current copy of a standardized PD used within the bargaining unit.

SECTION 6. When the Agency conducts a Position Classification Review regarding any position in the bargaining unit that results in a change to a position classification, the Agency will provide the Union with the findings and determinations at least thirty (30) days prior to implementing any change.

SECTION 7. Desk Audits. An employee who believes that there are unresolved and continuing differences between their work assignments and the PD, which substantially affects the accuracy of the classification of the employee's position, may request a desk audit through their Front Line Manager (FLM). Desk audits are conducted by the Office of Human Resource Services (AHF) pursuant to HRPM PMC-10.1 and 10.3, as applicable.

If any changes to the program are proposed, the Agency shall provide the Union notice in advance and negotiate the changes in accordance with Article 70 of this Agreement. Notwithstanding the implementation of subsequent program changes, employees on overseas tours are entitled, for the remainder of their current tour, to the protection of the regulations under which they accepted the overseas assignment.

SECTION 2. To maintain administrative return rights, the employee shall execute an employment agreement for each tour of duty. If a delay is arranged, the employee shall be assigned the first vacancy at their former official duty station which meets the agreed upon arrangement. If a delay is not arranged, additional placement procedures will apply in accordance with HRPM EMP-1.16.

1. Priority consideration under this Section shall be limited to positions within their bargaining unit, at the same or lower pay grade for which the employee is qualified, and within the geographic area of responsibility in which the employee's duty station commuting area was originally located, notwithstanding the area of consideration associated with the vacancies.

The competitive area is defined as the straight-line organization within an employing jurisdiction in its respective commuting area.

When the number of employees in any organization covered by this Agreement must be reduced, the Agency shall make every reasonable effort to place surplus employees in other positions within the Agency with the least possible interruption to their careers and personal lives. To receive priority consideration, the employee must submit a timely application under the applicable vacancy announcement.

SECTION 9. For two (2) years following their date of separation, affected employees shall be given first consideration for reemployment into a vacant FAA position in which they are qualified for under the following conditions:

- c. the individual submits a timely application under the vacancy announcement; and
- d. the individual includes with their application, a copy of the first consideration eligibility letter that was provided with the separation notice.

SECTION 10. Affected employees who are involuntarily separated shall be provided a letter explaining their eligibility for first consideration. This letter shall be given to an employee simultaneous with the final separation notice.

If the employee dies before the end of the period covered by payments of severance pay, the payments of severance pay with respect to the employee shall be continued as if the employee were living and shall be paid on a pay period basis to the survivor of the employee.

SECTION 3. Upon separation, the Agency shall pay the employee severance pay at biweekly intervals in an amount equal to their salary. Employees who are eligible for severance payments will be offered the opportunity to elect payment in one or two lump sum payments, rather than on the biweekly basis.

SECTION 4. If an employee paid severance pay in a lump sum under this Article is re-employed by the Government of the United States or the Government of the District of Columbia, at such time that, had the employee been paid severance pay in regular pay periods, the payments of such pay would have been discontinued upon such re-employment, the employee shall repay to the FAA an amount equal to the amount of severance pay to which the employee was entitled under this Article that would not have been paid to the employee by reason of such re-employment.

ARTICLE 47

Furlough

SECTION 1. SECTION 4. In the event the Agency determines that it must implement a save money furlough, it will provide notice and opportunity to bargain in accordance with Article 70. The notice will contain, at a minimum, the proposed number of employees that will be furloughed and the proposed amount of days and/or hours associated with each furlough. This notice shall contain the maximum number of days/hours the employee will be furloughed. If a furlough period is extended, the Parties acknowledge that the Union will be provided notice and an opportunity to bargain, as appropriate.

SECTION 6. For furloughs other than a lapse in Congressional appropriations, the provisions contained in Article 18, Disciplinary Actions, shall apply.

SECTION 7. For part-time employees, the furlough requirements shall be pro-rated by computing the furlough days as furlough hours in the same proportion to those hours scheduled for full-time employees working 80 hours biweekly, based on work schedules.

SECTION 8. For furloughs of more than thirty (30) continuous calendar days or more than twenty-two (22) workdays, the RIF procedures contained in Article 44 shall apply.

SECTION 9. In scheduling a save money or non-emergency furlough, the furlough requirement may be expressed in terms of days or hours. For purposes of equity, employees will not be furloughed more than eight (8) hours in a workday, unless otherwise agreed to by the Parties.

SECTION 10. Whenever a furlough occurs that will result in the employee being placed in a non-pay status, an SF-8 (Notice to Federal Employees About Unemployment Insurance) will be provided not later than when the non-pay status begins. In addition, information will be provided directing employees to a fact sheet containing information

on applying for unemployment benefits.

SECTION 11. A previously scheduled and approved day of annual leave, sick leave, court leave, military leave, leave for bone marrow or organ donation, or any other approved leave will not be converted to a furlough day unless agreed to by the employee, providing that the required furlough day(s)/hour(s) can be accomplished during the corresponding pay period.

SECTION 16. At those facilities where no leave exigency exists, cancellation of approved leave shall be in accordance with Article 55, Annual Leave.

SECTION 17. The Parties agree that, notwithstanding any provision in this Agreement or Agency directive, if a furlough substantially interferes with the timing of a developmental employee's transition through the applicable developmental stages by, for example, preventing the employee from receiving necessary training, and who, but for the furlough, would have received a pay increase or promotion as a result of transitioning to journey level status, the Parties will meet to discuss appropriate resolution of the matter, if any, at the Division, Directorate or the equivalent organizational level. In the absence of a mutually agreeable resolution, the Union is free to pursue other appropriate remedies.

SECTION 18. Temporary employees retained by the Agency shall receive their furlough days/hours in the same manner as permanent employees.

SECTION 19. Absences due to a furlough shall be taken into consideration when assessing performance.

SECTION 20. Employees may utilize the Employee Assistance Program (EAP) while in a furlough status to obtain credit/financial counseling services.

SECTION 21. To the extent authorized by law, Agency subsidized programs, including but not limited to childcare, transit, and parking subsidies, shall not be negatively affected by a furlough.

SECTION 22. The Agency will make available through the employee website, a letter which may be presented to their creditors detailing the length of the furlough and the impact on the employee's salary.

SECTION 23. During the furlough period, any employee on temporary assignment away from the facility/office shall continue to be reimbursed for expenses authorized by applicable travel directives and collective bargaining agreements. An employee's authorized use of a rental vehicle/GOV on a temporary duty assignment (TDY) shall not be affected by the furlough day(s)/hour(s) assigned.

SECTION 24. The following procedures shall be followed in the event of a lack of appropriation:

- a. The Union shall be provided with a copy of the Agency's shutdown furlough plan as soon as possible after it is finalized.
- b. As soon as possible, the Agency shall provide the Union with an initial list of all bargaining unit employees covered by the furlough containing each employee's name, job series, duty location and furlough code ("excepted" or "non-excepted") and numerical category (subject to recall, etc.). If it is not possible to provide this information prior to implementation of the furlough, it shall be provided as soon as possible after implementation. If an employee's furlough code is changed, the Union shall be notified with the employee's name, duty station and new furlough code as soon as possible.
- c. Upon request, the Agency shall timely provide the Union the criteria it utilized to determine whether an employee was excepted or non-excepted during the shutdown furlough.
- d. Within thirty (30) calendar days of the conclusion of the shutdown, the Agency shall provide the union the criteria and justification utilized to recall employees coded as "non-excepted" back to work during the shutdown furlough.
- e. Each bargaining unit employee who is subject to a shutdown furlough will be notified in writing as soon as possible. The Agency may use electronic delivery.
- f. The Agency will maintain on the FAA employee website all applicable policy guidance and a list of frequently asked questions advising employees of their rights during a shutdown furlough.
- g. As soon as possible after the Agency's decision to implement shutdown furlough,

the Agency shall post on the FAA employee website all applicable policy guidance and a list of frequently asked questions advising employees of their rights during a shutdown furlough.

- h.** In the event the Agency recalls a limited number of employees during the shutdown, the Agency shall determine the recall criteria and necessary qualifications of the employees to be recalled. If more employees satisfy the criteria and qualifications than necessary for the recall, the Agency shall solicit volunteers to fill the positions to be filled under the recall. If there are more volunteers than available positions, the employees shall be selected using FAA seniority. If there are fewer volunteers than required, the Agency shall select the remaining employees using reverse FAA seniority. As soon as possible after receipt of a request by the Union, the Union shall be provided with a list of all recalled employees, including their job series, duty station, and date of recall.
- i.** In the event a shutdown furlough is cancelled with insufficient notice for an employee to return to duty, the employee at the employee's discretion will be allowed to substitute annual leave, credit hours, compensatory time or leave without pay for the cancelled furlough days.
- j.** In the event an employee is unable to schedule annual leave due to the shutdown furlough and, as a result, risks the forfeiture of leave, the Agency will assist the employee in identifying alternate dates for the employee to use their use or lose annual leave before the end of the leave year. In the event sufficient dates cannot be granted, the Agency will consider if the circumstances warrant consideration for leave restoration. If leave restoration is denied, the employee, upon request, shall be provided with a written explanation for the Agency's decision. Prior approval of the leave is not required in order to be considered for restoration.
- k.** The Parties agree that all dispute resolution timelines/deadlines not related to midterm bargaining contained in the Parties' CBAs are extended by the number of days that the FAA is shutdown, plus 14 calendar days from the final day of the shutdown.
- l.** The Parties agree that all midterm bargaining timelines will be held in abeyance until fourteen (14) calendar days after the final day of the shutdown for changes initiated prior to the date the appropriations lapsed. During the shutdown the Agency will provide a copy of all midterm bargaining notices initiated at all levels directly to the PASS National President.
- m.** PASS bargaining unit employees shall be paid back pay on the same date as the earliest date on which back pay payments are made to any other FAA employee. Regular deductions shall be made from any back pay including union allotments and PAC contributions.

- n. In the event an employee is scheduled to serve a disciplinary suspension during the government shutdown, such suspension will run concurrent with the period of time the employee is on furlough.
- o. Employees serving as union representatives may work on official time during the shutdown if triggered by an excepted management action, consistent with OPM guidance. Official time taken during the shutdown must be approved in advance by a management official.

SECTION 25. Use of Government Furnished Equipment (GFE) in Shutdowns.

Employees in furlough status may use GFE to access FAA email accounts or any specific website established by the Agency to check operating status, schedules, or other matters related to the furlough/shutdown but may not:

- a. Use GFE such as laptop, computer, tablet, or cell phone to perform work;
- b. Access FAA eCenter or PIV card to perform work;
- c. Drive a GOV on furlough day; or
- d. Work for the FAA from home or serve as an unpaid volunteer for the FAA.

ARTICLE 48

Working Hours and Schedules

SECTION 1. The Agency will make a reasonable effort to establish consistent work schedules and hours, staffing and workload requirements permitting. When the Agency at the local level requires employees to have varied starting times, employees possessing the required qualifications will have an opportunity to select their preferred work schedule in accordance with Article 128 - Seniority.

SECTION 2. Employees may request to work a Traditional Work Schedule; Alternative Work Schedules (AWS) (i.e., Flexible Work Schedule (FWS), Compressed Work Schedule (CWS)); or, where applicable, the First 40-Hour Tour of Duty as described in this Article.

SECTION 3. An individual's request for non-consecutive working hours shall be handled on an individual basis and will not be arbitrarily denied. The additional time may or may not coincide with an employee's unpaid meal break.

SECTION 4. The Agency shall approve an individual employee's request for a change of working hours; or the exchange of working hours and/or days off by employees possessing the required qualifications; provided the exchange is consistent with staffing and workload requirements of the losing workday, does not result in an inefficient use of resources on the gaining workday, does not result in overtime or an increase in premium pay costs, or does not violate the basic workweek.

SECTION 5. Should the Agency require an employee to work outside of their normal schedule for an assignment not requiring overtime, the Agency shall to the maximum extent practicable, provide the employee a minimum of seven (7) days advance notice of the change in work schedule. These assignments will be offered to qualified volunteers. In the absence of qualified volunteers, the assignments will be made on a fair and equitable basis.

SECTION 6. When, as a result of disciplinary action, the Agency has determined that closer supervision is required, an employee may have their scheduled work hours adjusted, including the suspension of AWS, to provide such closer supervision. Work hours may also be adjusted, including the suspension of AWS, to provide remedial training in connection with documented job performance deficiencies. In no event will denial or termination of AWS be used as a disciplinary measure.

SECTION 7. DEFINITIONS.

- a. Administrative Workweek.** In the FAA, the administrative workweek is the 7-calendar day period, which begins at 0000 hours Sunday and ends at 2400 hours (midnight) Saturday.

- b. **Basic Workweek.** Means a forty (40) hour workweek for full-time employees.
- c. **Basic Work Requirement.** A full-time employee working traditional or non-traditional schedules are required to work eighty (80) hours a pay period. Part-time employees are required to work thirty-two (32) to sixty-four (64) hours a pay period. The type of work schedule, an employee is on defines their basic work requirement. The basic work requirement excludes overtime, compensatory time earned, or credit hours earned.
- d. **Regularly Scheduled Administrative Workweek.** For a full-time employee, it means the period established within an administrative workweek within which the employee is regularly scheduled to work. For a part-time employee, it means the officially prescribed days and hours within an administrative workweek during which the employee is regularly scheduled to work.
- e. **Regularly Scheduled Work.** Work that is scheduled in advance of an administrative workweek.
- f. **Tour of Duty:** The hours of a day (a daily tour of duty) and the days of an administrative workweek (a weekly tour of duty) that constitute an employee's regularly scheduled administrative workweek.

SECTION 8. TRADITIONAL WORK SCHEDULES. A traditional work schedule is defined as Monday through Friday with working hours representing an eight and an half (8 ½) hour workday normally between the hours of 6:00 a.m. and 6:00 p.m. inclusive of an unpaid meal break, with Saturday and Sunday as Regular Days Off (RDOs). The Agency may have work requirements that must be performed outside the traditional work schedule. Working hours for traditional work schedules shall be administered in accordance with this Agreement, and HRPM LWS-8.14, Workweeks, Tours of Duty, and Work Schedules.

SECTION 9. ALTERNATIVE WORK SCHEDULES (AWS). Instead of a traditional schedule, an employee may elect to work an Alternative Work Schedule (AWS) as defined in this Article. Alternative Work Schedules include both Flexible Work Schedules (FWS) and Compressed Work Schedules (CWS). Alternative Work Schedules (AWS) shall be administered in accordance with this Agreement and HRPM LWS-8.15 – Alternative Work Schedules.

- a. An employee's AWS election shall be authorized provided any such schedule would not have an adverse Agency impact. Adverse Agency impact is defined as:
 1. a reduction of the level of productivity of the Agency;
 2. a diminished level of service furnished to the public by the Agency; or

3. an increase in the cost of Agency operations (other than a reasonable administrative cost relating to the process of establishing a compressed schedule).
- b. The authorization for an employee's election to work an AWS may be temporarily affected if the Agency determines that working an AWS will negatively impact their training.
 - c. All employees who volunteer and subsequently participate will be expected to participate until such time as the employee provides reasonable notice of their desire to terminate participation in an AWS.
 - d. The Agency may temporarily suspend individual AWS assignments in the event an impact to staffing and workload requirements is expected to occur for a period in excess of thirty (30) days and less than ninety (90) days.
 1. The affected employee(s) will normally be given thirty (30) days' notice of such change.
 2. When the Agency determines that the impact to staffing and workload no longer exists, the affected employee(s) will be afforded the opportunity to return to their AWS assignment.
 3. Individual AWS assignments may be suspended for ninety (90) days or longer in cases of an adverse Agency impact as defined in this Agreement.
 4. Upon the Union's request, the Agency will provide the reason(s) for the suspension of an AWS in writing.
 - e. Travel or training away from an employee's office shall not, in and of itself, justify suspension of an AWS. A temporary adjustment of an employee's work schedule, or the use of leave at the option of the employee, may be appropriate under the following circumstances:
 1. travel or training hours do not coincide with the employee's schedule and performance of normal duties is not possible; or
 2. adherence to an AWS will create additional overtime or travel compensation entitlements.
 - f. **Core Hours and Flexible Time Bands.** For the purposes of this Agreement, the following definitions for Core Hours and Flexible Time Bands within AWS shall apply:

1. **Core Hours.** The Agency defined, four (4) consecutive hours in a scheduled workday that an employee must be present for work or accounted for by leave and/or other approved absence.
 - (a) The first-level manager will notify the employee what the Agency has established as the Core Hours.
 - (b) Core Hours are based on the time zone where the employee starts their workday.
2. **Flexible Time Bands.** Flexible time bands are Monday through Friday from 5:00 a.m. to 8:00 p.m. If an employee elects to work prior to 6:00 a.m. or after 6:00 p.m., the employee will not be entitled to night differential pay.

SECTION 10. AVAILABLE ALTERNATIVE WORK SCHEDULES (AWS). For the purposes of this Agreement, available AWS are:

- a. **Compressed Work Schedules (CWS).** Full-time employees on compressed schedules fulfill their basic work requirement of eighty (80) hours in less than ten (10) days in a pay period. The employee's schedule is approved before the beginning of the next pay period. Employees may elect to use the Flexible Start Time Option if approved in advance. There are two (2) plans available under CWS.
 1. **4/10 Plan.** This schedule includes four (4) workdays of ten (10) hours per day, and three (3) non-workdays per week, with pre-established fixed hours, exclusive of a designated meal break.
 - (a) Plan allows flexibility in pre-selecting time of arrival and departure while working four (4) days a week with three days off.
 - (b) Once the schedule is approved, the employee works a pre-established fixed schedule until a new schedule is submitted and approved by management in advance of the pay period.
 - (c) Employees must be present or otherwise accounted for by leave and/or other approved absence during core hours for four (4) days a week, except for their meal break.

- (a) The starting times must be approved in advance.
 - (b) This option is available to employees working either a 4/10 Plan or a 5-4/9 Plan.
- b. Flexible Work Schedules (FWS).** Flexible Work Schedules (FWS) vary significantly. The tour of duty is comprised of all hours and days for which flexible and core hours are designated. The tour of duty also defines the limits within which an employee must complete their basic work requirement. FWS includes core hours when an employee must be present for work and designated hours within the flexible time bands described above, which are hours that an employee may elect to work to complete their basic work requirement.
- 1. Flexitour.**
- (a) Plan allows flexibility in pre-selecting the time of arrival and departure within the flexible time bands.
 - (b) Once established, this schedule is fixed until an adjusted schedule is submitted and approved.
 - (c) An employee requests their fixed arrival time during the flexible time band in advance of the upcoming pay period subject to management approval.

PASS - PRE-RATIFICATION

ARTICLE 49 Remote Work

Policies and procedures regarding Remote Work that are not covered in this Article shall be in accordance with HRPM WLB-12.14, Remote Work Arrangements, and other applicable directives. The Parties agree that employees may request Remote Work in accordance with this Article.

SECTION 1. For the purposes of this Agreement, the following Definitions apply:

- a. Remote Work.** Is a workplace flexibility in which an employee, under a written Remote Work agreement, is approved to perform work at an official worksite, for example a residence, that is not an Agency worksite on a regular and recurring basis.
- b. Official Worksite.** The official location of an employee's position of record where the employee's work activities are based, as determined by the Agency. The physical location of the official worksite determines the Official Duty Station (ODS) as identified on the SF-50, blocks 38 and 39.

SECTION 2. An employee's participation in a Remote Work arrangement is voluntary. The Agency may not compel an employee to participate in a remote work arrangement, even if it determined that the duties of the position can be performed full-time at an alternative worksite.

As such, Remote Work is appropriate under the following conditions:

- a.** An employee requests a Remote Work arrangement and it is approved by the Agency; or
- b.** A position is identified as Remote Work eligible at the time of recruitment or selection.
- c.** A position previously designated as ineligible for Remote Work is re-evaluated and determined to be eligible for Remote Work.

Employees must submit a written request to participate in a Remote Work arrangement to their first-level manager or designee, who will conduct an initial review. The Agency's approval/disapproval will be based on the criteria established in Section 4 of this Article.

SECTION 3. Any changes to the employee's worksite must be requested in advance and approved by the Agency.

SECTION 4. Decision-Making Criteria. Prior to approving Remote Work, the Agency must consider:

- a. if there is an adverse agency impact on the administrative and operational functions of the organization, to include the delivery of quality stakeholder service, and
- b. Cost considerations and the potential personnel and organizational implications, including:
 - 1. Changes in locality pay,
 - 2. Cost associated with travel expenses, and
 - 3. Imminent Agency-directed changes to the official worksite (including potential permanent change of station costs).

SECTION 5. Remote Workers may telework in accordance with Article 51.

SECTION 6. Employees will be informed of the final decision regarding their Remote Work request in a timely manner, but not more than thirty (30) days from the request. Upon request, the employee will be provided the basis for any denial.

SECTION 8. Any Agency initiated changes to Remote Work, including changing the form and/or information an employee is required to submit when requesting a Remote Work agreement, or the method by which the request is submitted, for requesting Remote Work, shall be handled in accordance with Article 70, as applicable.

SECTION 9. Remote Workers will be treated equitably in the application of Agency policy and as compared to non-Remote Workers will be treated equitably with respect to:

- a. formal feedback discussions (e.g., Mid-Cycle Progress Review, End-of-Year Performance Summary);
- b. training, rewarding, reassigning, promoting, reducing in grade, retaining, and removing employees; and
- c. the quantity, quality, and timeliness of work assignments.

SECTION 10. The payment and entitlement of any travel costs or changes to ODS will be in accordance with this Agreement, including Article 102 and the Agency Policy, including but not limited to the FAATP.

SECTION 11. Any changes to or terminations of a remote arrangement will be based on the criteria established in Section 4 of this Article or based on a request by the BUE. No agency-initiated changes to or terminations of a remote work arrangement will occur prior to thirty (30) days from notification to the maximum extent practicable.

SECTION 12. A remote worker will be treated the same as other non-remote work employees with regards to excused absence except for when related to delayed openings, early releases, or office closures because of inclement weather or other unusual situations.

SECTION 13. Within 30 days of the effective date of this Agreement, the Parties will meet to collaboratively review the current status of employees to determine if they are Remote Workers as defined under this Article.

ARTICLE 50
Part-time Employment / Job Sharing

SECTION 1. This Article deals with employees who are participating in and transitioning to part-time schedules and job sharing. Part-time and job sharing are designed to provide career opportunities for individuals who cannot or do not want to work full-time and are an acceptable and welcome alternative to the traditional full-time 40-hour workweek.

- a. For employees, working part-time or job sharing can provide an opportunity to:
 - 1. work and spend more time with children;
 - 2. care for an aging or an ill family member;
 - 3. pursue educational opportunities;
 - 4. participate in volunteer or leisure activities; or
 - 5. continue to work when illness or physical limitations prevent the employee from working a full-time schedule.

- b. For the Agency, allowing part-time or job sharing can allow:
 - 1. retention of highly qualified employees not available for full-time employment;
 - 2. recruitment of employees with special skills who are unable or do not want to work a fulltime schedule;
 - 3. meeting operational requirements during workload surges; and
 - 4. reduction of current human resource expenditures when employees voluntarily reduce their work hours.

Denials of requests for part-time or job sharing will be discussed with the employees, and, upon request, employees will be provided specific written reasons for denials.

SECTION 2. Nothing in this Article precludes a full-time employee from requesting permanent part-time employment as set forth in the Human Resources Personnel Manual (HRPM).

SECTION 3. Except as provided in Section 4 below:

- a. the tour of duty for a part-time employee will be no less than sixteen (16) and

no more than thirty-two (32) hours per week; and

- b. a part-time employee's tour of duty will be documented on an SF-50, Notification of Personnel Action.

SECTION 4. An increase of a part-time employee's tour of duty above thirty-two (32) hours per week or sixty-four (64) hours per pay period will be in accordance with HRPM LWS-8.16.

SECTION 5. If an employee working a temporary part-time schedule is directed by the Agency, or the employee requests, to return to a full-time schedule, a thirty (30) day notice shall be provided.

SECTION 6. Any person who is employed on a full-time basis shall not be required to accept part-time employment as a condition of continued employment.

SECTION 7. A part-time employee receives a full year of service credit for each calendar year worked (regardless of tour of duty) for the purpose of computing service for retention, retirement, career tenure, and leave accrual rate.

SECTION 8. A part-time employee shall accrue leave for each year of service in accordance with LWS-8.1, LWS-8.3, and this Agreement, on a pro-rated basis.

SECTION 9. Before an employee is assigned to a part-time position or a job share arrangement, the Agency will brief the employee on the impact of this assignment on the following: retirement, reduction-in-force, health and life insurance, promotion, and increases in pay. Upon request, the Agency shall provide this information to the employee in the form of a written fact sheet.

SECTION 10. Employees who share a job are considered to be individual part-time employees for purpose of appointment, pay, classification, leave, holidays, benefits, position management, service credit, and reduction-in-force. Job sharers will be limited to equally qualified employees in the same area/facility.

SECTION 11. Employee requests to participate in job sharing must be made in writing to the employee's immediate supervisor. If the potential job sharers have the same supervisor, the request may be made jointly. If not, each employee must submit a separate request to their supervisor. The request must identify the job to be shared and the employees who propose to share it. The employee is responsible for locating a job share partner(s).

SECTION 12. When, as part of its consideration of a job sharing request, the Agency meets with potential job sharing candidates, the Union will be notified and given an opportunity to be present during such meetings.

SECTION 13. An Agency official and job sharers must sign an Agency job sharing

agreement. Each job sharer will receive a copy of the job-sharing agreement and must understand their individual responsibility in carrying out the duties and responsibilities of the position. Any changes to an approved job-sharing arrangement will require the establishment of a new job-sharing plan consistent with the provisions of this Article.

SECTION 14. Flexibilities such as overlapping time or simultaneous shifts may be considered when scheduling job sharers. Each employee's scheduled work hours and the overlap period depends on the needs of the position, the availability of the employees, and the resources available.

SECTION 15. The job sharers will be informed, before starting the job share arrangement, that the manager has the authority to approve, revise, or terminate a job-sharing agreement. All parties, including job sharers, agree to provide thirty (30) days' notice before terminating a part-time assignment or job share agreement. The expectation that the remaining job sharer is to work full-time until another job sharer is found in the event that one job sharer is unable to maintain the agreed upon schedule, goes on extended leave, resigns, or take another job, should be clearly stated.

SECTION 16. Part-time and job-sharing employees shall be paid appropriate premium pay and differentials for hours worked. Permanent or temporary part-time employees are not entitled to holiday in lieu of days.

PASS - PRE-RAIITION

ARTICLE 51 Telework

SECTION 1. Policies and procedures regarding telework that are not covered in this Article shall be in accordance with HRPW WLB-12.3, FAA Telework Program, and other applicable directives. The Parties agree that employees may request to telework in accordance with this Article. An employee's participation in a telework arrangement is voluntary.

SECTION 2. The FAA encourages and fully supports the use of telework as a workplace flexibility that enhances the Agency's mission and reputation as an employer of choice. Teleworking is designed to benefit employees, managers, and the community. Some of the benefits that may result from teleworking include:

- a. Reduced commuting time and decreases in traffic congestion, air pollution, energy consumption, and costs associated with transportation, parking, and road maintenance.
- b. Improved employee morale due to a decrease in commuting-related stress and greater flexibility in balancing work and family demands.
- c. Increased productivity fostered by a quieter work environment removed from the distractions and interruptions of the normal work setting.
- d. Possible accommodation of employees with ongoing health problems, disabilities, or other situations that make commuting to the normal work setting difficult or impossible.
- e. Possible continued work production when commuting is hindered or when the primary worksite is closed due to adverse weather conditions, emergencies, natural disasters, or building-related problems.
- f. Reduce the office footprint and associated expenses of the FAA; increase workforce retention; and provide flexibilities that increase efficiency and effectiveness.

SECTION 3. The Administrator may set an agency-wide approach for the FAA regarding telework. Any application to PASS employees will be subject to the applicable terms of this Agreement.

SECTION 4. For the purposes of this Agreement, the following Definitions apply:

- a. **Official Duty Station (ODS).** The ODS is the city, county, and state or foreign location as identified in Blocks 38 and 39 of the Standard Form (SF) 50, Notification of Personnel Action. The ODS determines an employee's applicable locality pay area and rate.

- b. Assigned Worksite (Recall Address).** The official location where the Agency has assigned an employee to report/work when they are not teleworking or performing mobile work.
- c. Alternative Worksite.** This is a worksite, other than the Assigned Worksite, that supports productive work and provides an environment, connectivity, and security appropriate to the work effort as approved by the Agency. The worksite may be an employee's residence or other appropriate work location.
- d. Mobile Work.** This is not telework, although mobile workers may telework. Mobile work consists of regular travel to and from work in customer or designated worksites as opposed to the Assigned Worksite. It may consist of work such as site audits, site inspections, investigations, and property management. It differs from telework in that the work is specific to a designated site or location. This is not a telework day.
- e. Locality Pay Area.** An area listed in 5 CFR § 531.603, as established and modified under 5 U.S.C. § 5304 by the Pay Agent designated by the President under 5 U.S.C. § 5304(d)(1). OPM publishes definitions of locality pay areas annually.
- f. Non co-located.** An employee that is not generally located at the same official worksite as their manager or other employee(s) that they work with.
- g.** Employees may request to be non-co-located.

SECTION 5. Telework Options. The following types of telework shall be available to employees:

- a. Conditional Telework.** This is a unique temporary telework arrangement based on an employee's unique/temporary need.
 - 1.** The employee may be authorized up to ten (10) days of telework per pay period, or other alternate telework schedule, that may also include approved leave. Such arrangements are limited to no more than 90 calendar days, absent Head of LOB/SO approval.
 - 2.** The Agency may require appropriate documentation or supporting evidence.
 - 3.** This special arrangement requires a new Telework Agreement.
- b. Routine Telework.** Occurs as part of a previously approved, ongoing, and regular telework schedule:

1. May include a telework schedule where an employee teleworks from an alternative worksite, with the employee reporting to the Assigned Worksite two (2) days or more per pay period. Under this schedule, the employee's ODS would remain their Assigned Worksite.
 2. May include a telework schedule where an employee teleworks from an alternative worksite, with the employee reporting to the Assigned Worksite one day or less per pay period. The Agency has determined that this telework schedule requires Head of Line of Business (LOB) or designee approval. Approvals/disapprovals are subject to the criteria in Section 8.
 3. Employees on an approved Routine Telework Agreement may change their telework schedule (e.g., Tuesday/Wednesday to Wednesday/Thursday) with prior approval of their supervisor.
- c. Situational Telework.** Telework that is approved on a case-by-case basis, where the hours worked were not part of a previously approved, ongoing, and regular telework schedule.
1. This may also be referred to as episodic, intermittent, unscheduled or ad-hoc telework.
 2. An employee on an approved Situational Telework Agreement may request a specific telework day(s) that satisfies the irregular and/or project-oriented needs of a work assignment. The Agency will respond to such requests in a timely manner.
 3. Requests to telework specific days under this option shall be approved or denied as soon as possible.
- d. Unscheduled Telework.** Unscheduled telework allows a telework-ready employee to perform telework on a day they would normally report to the office when there is an emergency announcement for weather or other unanticipated events. Once announced, employees will notify their manager of their intention to perform unscheduled telework and must be prepared to telework for the entire workday, or take unscheduled leave, or a combination of both, for the entire workday.

SECTION 6. Telework Location Options. Employees may participate in one or a combination of the following telework location options based upon their manager's approval and as a condition of the Telework Agreement.

- a. Work at a location in a space set aside as an office or workplace (e.g. residence) which provides appropriate environment, connectivity and security.
- b. Work at a teleworking center (often called a Telecenter) operated by the federal,

state or local government, by private industry, or by a combination of organizations working together. Telecenters typically house employees from a variety of public and private sector employers and provide worksites that reduce commuting time.

- c. Work at another FAA facility or office that may be closer to the employee's home and where there is available space to accommodate additional Agency employees.
- d. Work in a mobile office situation where the nature of the employee's position requires that their primary duties be performed on the road or at a non-FAA third party's worksite.

SECTION 7. Telework Agreements. Each eligible employee who requests to telework must complete and sign the electronic FAA Telework Agreement.

- a. The Telework Agreement documents the employee's and Front Line Manager's commitment to adhere to applicable guidelines and policies and must be in place before the employee begins teleworking.
- b. A change in an employee's Front Line Manager requires a new or modified Telework Agreement; however, an employee's Telework Agreement will not be modified or terminated by the new manager without written notice to the employee stating the reason.
- c. Upon receipt of the new Front Line Manager's intent to modify or terminate the existing Telework Agreement, the employee may request reconsideration of that decision by the second level manager in accordance with this Article. Until the second level manager decision is received, the employee's current Telework Agreement remains in effect.
- d. Telework Agreements must be reviewed and renewed annually. The Agency may also review a Telework Agreement if a change in circumstances no longer meets the criteria in Section 8. A change to an employee's Alternative Worksite(s) requires a resubmission of a Telework Agreement for consideration using the criteria established in Section 8.

SECTION 8. Telework Request Review Criteria. When an employee makes a request to telework, the Agency will apply the following criteria to grant or deny the specific Telework Agreement request in a fair, objective, and equitable manner and based on sound business practices, not arbitrary limitations:

- a. The reasonableness of the request, to include consideration of work activities that are portable and are not dependent on the employee working at the traditional worksite, and consideration of the employee's ability to effectively

engage in-person and virtually as appropriate;

- b. The workability of the request, to include the availability of adequate technology for off-site work, and the appropriateness of virtual management oversight; or
- c. The request would not have an adverse impact on any Agency operation or the mission of the FAA, to include considerations of an increase in cost representing more than a reasonable administrative cost, or cost savings.

SECTION 9.

- a. Employees may be restricted from participating in a Telework Agreement if officially disciplined for absence and leave misconduct within the past 12 months or violations of Subpart G of the Standards of Ethical Conduct of Employees of the Executive Branch. A restriction based on these reasons may be reconsidered a year after the official discipline.
- b. Employees may be restricted from participating in a Telework Agreement if there are documented deficiencies that reflect the employee's performance is unsuitable for telework. The restriction based on these reasons may be reconsidered after the resolution of the officially documented deficiency.

SECTION 10. An employee that is not approved for one type of telework may be considered for other types of telework.

SECTION 11. Employees who are operationally required to be present on certain days (i.e. on-site work or handling classified information) may request consideration for a telework arrangement that would allow for teleworking on days without operational requirements, subject to the criteria in Section 8.

SECTION 12. In the event an employee is unable to perform telework at their alternative worksite due to circumstances beyond their control (e.g. power failure or loss of internet connectivity), the employee's manager may grant excused absence on a case-by-case basis. If excused absence is not granted, the employee may use leave or other paid time off or make other arrangements to perform work at another site approved by the Agency.

SECTION 13. Submission, Denial, Termination, Modification of a Telework Agreement. This Section applies to requests to participate in the telework program via a Telework Agreement and modification or termination of an existing Telework Agreement.

a. Submission

1. The Telework Agreement is submitted to the employee's Front Line Manager for consideration.

2. The Agency will provide a written response to the employee within ten (10) calendar days of the submission. A response to a routine Telework Agreement request that would result in an in-office/in-person presence of one day or less per pay period will be provided as soon as reasonably possible but not more than twenty-one (21) calendar days of submission.
3. Approved Telework Agreements shall not normally become effective earlier than the next full pay period after notice to the employee.

b. Denial, Modification, or Termination of Telework Agreement

1. Denial of an employee's request for a Telework Agreement, modification or termination of an existing Telework Agreement must be based on the criteria established in Section 8. To the maximum extent practicable, modifications or terminations shall not become effective earlier than the next full pay period after notice to the employee.
2. Rationale for a denial, modification, or termination of a Telework Agreement shall be provided in writing and will include information about the criteria considered under Section 8, as well as information about when the employee might reapply and, if applicable, what actions the employee should take to improve their chance of approval.
3. A decision to deny an employee's request to telework on a particular day under a Situational/Ad Hoc Telework Agreement will be provided with as much advance notice as possible from the employee's request.

c. Request for Reconsideration.

1. An employee may, in writing, request reconsideration of the Front Line Manager's (FLM) decision from the second-level manager.
2. The second-level manager shall respond to the employee's request for reconsideration in writing normally within seven (7) but not later than ten (10) calendar days of receipt of the request.
3. Such response shall be in writing and include the reasons for the decision.
4. If the reconsideration is approved, a Telework Agreement must be signed and put into place prior to teleworking. The employee's telework eligible status will be effective at the beginning of the next pay period following the date of the second-level decision.
5. If the reconsideration is denied, the employee may either utilize problem

solving and/or grieve the denial in accordance with this Agreement.

6. When an employee's telework arrangement is terminated because of a first incident of disciplinary action for absence and leave misconduct, the employee may reapply to telework one (1) year from the date of disciplinary action.

SECTION 14. Teleworkers will be treated fairly and equitably in the application of Agency policy and as compared to non-teleworkers will be treated equitably with respect to:

- a. formal feedback discussions (e.g., Mid-Cycle Progress Review, End-of-Year Performance Summary);
- b. training, rewarding, reassigning, promoting, reducing in grade, retaining, and removing employees; and
- c. the quantity, quality, and timeliness of work assignments.

An employee teleworking will be treated the same as other non-teleworking employees with regards to excused absence except for when related to delayed openings, early releases, or office closures because of inclement weather. In these situations, employees already in a telework status will not receive excused absence.

SECTION 15. Emergencies, Unusual Situations, and Telework.

- a. An employee who is designated as an Emergency Employee in the FAA's Continuity of Operations Plan (COOP) is required to telework in accordance with the Agency policy and the COOP.
- b. In the event of an Agency-directed emergency response (e.g., national health emergency), all employees, even those without Telework Agreements, may be directed to telework. In that circumstance, the Agency will issue specific instructions on what steps will need to be taken by the employee to begin telework (i.e., equipment usage, software, etc.).
- c. An employee with an approved Telework Agreement who is telework ready is required to telework for an event, incident, or circumstance that interrupts or compromises operations at, or travel to or from, the agency or appropriate alternative worksite. This may include a range of situations including, but not limited to civil disruptions, inclement weather, and associated travel conditions, national security situations, natural disaster, public health emergencies, power outages, unusual traffic situations, water main breaks, or other incidents where access to the agency or appropriate alternative worksite is not suitable. Certain situations may result in an official announcement of an operating status. This does not impact an employee's ability to take leave or be granted excused

absence in accordance with this Agreement.

SECTION 16. Split Workdays.

- a. With management's approval, an employee may split their workday between teleworking and working in their Assigned Worksite. Under these circumstances, the employee's travel between their designated telework location and their Assigned Worksite will be during non-work hours.
- b. Agency-required travel between an Alternative Worksite and a mobile work location or between Alternative Worksites will be on duty time, in accordance with the FAATP and this Agreement. Any travel reimbursement will be in accordance with policy, law and this Agreement.

SECTION 17.

- a. Managers may notify an employee on their scheduled telework day that they require the employee to return to the Assigned Worksite on the same day, based on essential operational requirements. In rare circumstances, as determined by the manager and/or organization, an employee can be required to travel to their Assigned Worksite during the employee's established official duty time on a telework day. In that case, the time required to travel from the telework location to their Assigned Worksite counts as duty time.
- b. Teleworking employees will not receive reimbursement for travel expenses for commuting to the Assigned Worksite. Teleworking employees are not required to live within a certain proximity to the Assigned Worksite, however the employee must be able to report to the Assigned Worksite in a timely manner as required and directed by management.

SECTION 18. Nothing in this Article should be construed to prevent the Agency from approving an employee's request for temporary changes to the specific telework days or telework locations.

SECTION 19. Changes to the form and/or information an employee is required to submit when requesting a Telework Agreement, or the method by which the request is submitted, shall not be changed until the Agency has complied with the terms of Article 70, as appropriate. Within thirty (30) days of the effective date of this Agreement the Parties will bargain in accordance with Article 70 over the current Telework Agreement form.

ARTICLE 52
Work Schedule Adjustment for Education

SECTION 1. An individual's request for a work schedule adjustment for the purpose of continuing off-duty education or professional training shall be handled on an individual basis and will not be arbitrarily denied. However, the Agency agrees that in no instance shall a work schedule adjustment for this purpose require scheduled overtime expenditures or interfere with the work schedule of any other employee at that location, without the consent of the employee so affected. No employee may receive preference at the expense of another unless both employees agree to the arrangement.

SECTION 2. Employees engaged in off-duty education or professional training shall be entitled to all benefits in accordance with the FAA Personnel Management System and directives provided the Agency has agreed in advance to pay for such non- governmental training.

ARTICLE 53
Assignment of Temporarily Disabled Employees

SECTION 1. At the employee's request, an employee who is temporarily medically or physically unable to perform some or all of their duties shall continue to perform the remaining duties of their position, and may be assigned other duties, to the extent such duties are available. If duties in the employee's facility/office are not available, the Agency may offer assignment of work at other facilities/offices within the commuting area for which the employee is otherwise qualified based on needed work. Such assignments, if granted, shall not be for more than six (6) months in duration, unless mutually agreed to by the Agency and the employee.

SECTION 2. Such employees shall continue to be considered for promotional opportunities for which they are otherwise qualified.

SECTION 3. Employee's assigned duties under the provisions of this Article shall continue to be considered as bargaining unit employees and shall be entitled to all provisions of this Agreement and those provided by law and regulation.

SECTION 4. At the employee's request, an employee who is temporarily prohibited from performing duties because of medications restricted by the Agency may be assigned other duties in accordance with Section 1 of this Article.

SECTION 5. Medically restricted or incapacitated employees may be assigned part-time employment at their request, in accordance with this Agreement, provided their medical condition does not inhibit their ability to perform available duties.

SECTION 6. When work is not available under Section 1 or 4 of this Article, sick leave shall be taken. The Agency shall give the employee written notice of its intent to place the employee on enforced leave. The notice period shall be at least three (3) calendar days. At the employee's option, other accrued leave may be substituted for sick leave. An employee may request leave without pay, which shall not be denied solely on the basis of the employee having compensatory time, annual leave or credit hour balances.

SECTION 7. Upon the Agency's request, the employee shall provide a medical certificate relating to the employee's temporary disability.

**ARTICLE 54

When a holiday falls on an employee's regular day off (RDO), the employee is entitled to an alternate or "in lieu of" day as a replacement for the holiday.

- a. When a holiday falls on the employee's first RDO of the administrative workweek, the next scheduled workday that is not a holiday is the employee's "in lieu of" holiday.
- b. When a holiday falls on the second or subsequent RDO in the administrative workweek, the employee's "in lieu of" holiday is the first scheduled workday preceding the holiday.

For purposes of this Article, the administrative workweek is defined as the seven (7) calendar day period beginning 0000 hours on Sunday and ending at 2400 hours on the following Saturday. For an employee who works on a Monday through Friday schedule, the first RDO in the administrative workweek is Sunday and the second RDO is Saturday.

SECTION 4. To the extent that staffing and workload permit, employees scheduled to work on actual established legal holidays or days observed in lieu of such holidays shall be given such day off if they so request.

SECTION 5. If the actual holiday falls in the middle of the employee's workweek, the Agency, at an employee's request, will change the employee's regular days off to provide three (3) or four (4) days off in succession unless staffing and workload do not permit, or such change would result in increased costs for premium pay.

SECTION 6. The Agency reserves the right to excuse employees working a conventional workweek from all holidays, voluntarily or involuntarily, staffing and workload permitting.

ARTICLE 55 **Annual Leave**

SECTION 1. Annual leave shall be administered in accordance with HRPM LWS-8.3, associated directives, and this Agreement.

SECTION 2. Annual leave may be requested and approved/ disapproved either in person, electronically or by telephone. All approved annual leave requests must be documented on a Request for Leave or Approved Absence Form (OPM-71), or its equivalent. SECTION 3. Full time employees are entitled to annual leave with pay that accrues as follows:

- a. Four (4) hours for each full biweekly pay period for an employee with less than three (3) years of service;
- b. Six (6) hours for each biweekly pay period, except that the accrual for the last biweekly pay period in the year is ten (10) hours, for an employee with three (3) years, but less than fifteen (15) years of service;
- c. Eight (8) hours for each biweekly pay period for an employee with fifteen (15) or more years of service.
- d. Employees separating but not retiring from the military service under honorable conditions, receive full credit towards their service computation date for any active duty uniformed service (including active duty for training). Employees retiring from military service receive credit in accordance with HRPM LWS 8.3.
- e. In determining years of service, an employee is entitled to credit for all service of a type that would be creditable under 5 U.S.C. § 8332, regardless of whether or not the employee is covered by Subchapter III of Chapter 83.

SECTION 4. Employees may be advanced the annual leave that will be earned by the employee within the leave year and may request the use of this leave at any time during that leave year.

SECTION 5. Accrued annual leave may be carried over to the next leave year in accordance with the HRPM LWS-8.3 and applicable directives.

SECTION 6. It is the responsibility of the employee and the Agency to plan leave in a manner so as to avoid loss of leave at the end of the leave year.

SECTION 7. Annual Leave Planning Process. The Parties agree that the scheduling of leave by an employee as far in advance as possible is consistent with FAA directives and contributes to an efficient and effective government.

- a. To facilitate the scheduling of an employee's annual leave, an employee may submit a request of up to twenty-one (21) contiguous days of annual leave during the upcoming leave year, except when longer periods can be provided at the local level.
- b. The Agency will consider the approval of such a request based upon the staffing and workload needs of the facility/office. Once approved, this leave shall not be canceled or rescheduled to the maximum extent practicable or at the request of the employee.
- c. Employees will submit their requests before November 1 prior to the upcoming leave year, and the schedule will be posted by December 1.
- d. Conflicts concerning these requests shall be resolved on the basis of seniority as defined in Article 128 - Seniority.

SECTION 8. While it is desirable to schedule planned annual leave under Section 7 of this Article, requests for annual leave other than that requested and approved under Section 7 shall, to the extent practicable, be submitted at least ten (10) days in advance.

If requested, the employee shall be given a decision within five (5) working days of the request. Employees submitting leave requests with less than ten (10) days advance notice will be given a decision on the request as soon as possible. Requests for leave under this Section are approved, current staffing and workload permitting.

Consideration of annual leave under this Section shall be on a first requested basis.

At the employee's request, annual leave disapproved under this Section will remain pending so that the Agency may consider approving the request at a later time, based upon changes to the staffing and workload needs of the day(s) requested. A record of pending leave will be maintained and reasonably accessible to bargaining unit employees.

SECTION 9. Employees on annual leave who become sick shall have the right to convert the annual leave to sick leave.

SECTION 10. The Agency will notify the Union, at the national level, when the Agency makes the decision to place any facility in a leave exigency status. Upon written request of the Union, the Agency shall provide, in writing, within fourteen (14) days, the justification the Agency used in determining the need for the facility to be placed in

a leave exigency status.

In the event a leave exigency exists, the Parties at the local level shall negotiate the amount of annual leave each employee can use and the procedures to be used to distribute the leave equitably among bargaining unit employees.

SECTION 11. Restoration of use or lose leave will be in accordance with HRPM LWS-8.3, FAA directives, and this Agreement. In the event, an employee is unable to schedule their annual leave in a manner consistent with the provisions of this Article, and as a result risks the forfeiture of leave, the Agency agrees to assist the employee in identifying alternative dates for the employee to use their use or lose annual leave before the end of the leave year. In the event sufficient dates cannot be granted, the Agency will consider if the circumstances in total warrant consideration of leave restoration. Under the provisions of this Section, prior approval of the leave is not required in order to be considered for restoration.

SECTION 12. Except as authorized in OPM regulations, no employee will be forced to take annual leave.

SECTION 13. Employees shall not be required to provide reasons for annual leave requests.

SECTION 14. Except as otherwise provided for in this Agreement, employees are covered by the annual leave and lump sum payment provisions contained in 5 U.S.C. Chapter 55, Chapter 63 and the associated regulation in 5 C.F.R.

- c. would, per a health authority with jurisdiction or a health care provider, jeopardize the health of others due to exposure to a communicable disease.

SECTION 3. The number of hours of sick leave used shall not, in and of itself, constitute sufficient cause for sick leave counseling.

SECTION 4. Employees may use sick leave for general family medical care and bereavement purposes as follows in order to:

- a. provide care for a family member who is incapacitated by a medical or mental condition or attends to a family member receiving medical, dental or optical examination or treatment;

However, the total allowable amount of sick leave entitlement under Sections 4 and 5 may not exceed four hundred eighty (480) hours. Any sick leave taken under Article 58 to care for a family member is deducted from the four hundred eighty (480) hour entitlement under this section.

SECTION 6. Whenever an employee's request for sick leave is disapproved, they shall be given a written reason, if requested.

SECTION 7. Employees should request leave in advance for pre-arranged optical,

medical, or dental appointments. However, if the absence is unplanned, the Agency must be notified before or within the first hour of time the employee is scheduled to report for duty unless, in the judgment of the Agency, there are extenuating circumstances that prevent the employee from doing so. In cases of extended absences, and when an employee provides the Agency with a tentative return to work date, they shall only be required to notify the Agency on the first day of each occurrence of illness and shall not be required to call in on a daily basis, unless specifically required by the Agency.

SECTION 8. Except as otherwise provided in Section 9, an employee shall not be required to furnish a medical certificate to substantiate a request for sick leave of four (4) workdays or less. An employee shall be required to furnish a medical certificate for absences of more than four (4) workdays, except that this requirement may be waived by the Agency in individual cases. If a physician was not consulted, a signed statement from the employee giving the facts about the absence, the treatment used, and the reasons for not having a physician's statement may be submitted to the Agency as supporting evidence.

SECTION 9. In individual cases when employee counseling has not been effective and there remains sufficient cause to believe an employee may be abusing sick leave, the employee may be given advance written notice, indicating the reason(s) that they will be required for a period of time, not to exceed six (6) months, to furnish a medical certificate for each subsequent absence. When it has been determined by the Agency that the requirement is no longer necessary, the employee shall be notified and the previous notice(s) shall be removed from the records and all copies shall be returned to the employee.

SECTION 10. Except as otherwise provided in Section 9, an employee who, because of illness, is released from duty, shall not be required to furnish a medical certificate for the day released from duty.

SECTION 11. Employee requests for sick leave and individual sick leave records shall not be available or distributed as general information or publicized.

SECTION 12. Except in cases of abuse, sick leave usage will not be a factor for promotion, discipline, or other personnel action. The Parties understand that the Agency may take appropriate action when an employee is medically unable to perform the duties of his/ her position.

SECTION 13. Each employee shall be entitled to an advance of up to thirty (30) days sick leave for serious disability or ailment except when:

- a. it is known that they do not intend to return to duty;
- b. when available information indicates that their return is only a remote possibility;

SECTION 14. When an employee becomes seriously ill or injured at work, the Agency shall arrange for transportation to a physician, medical facility or other designated location. If requested by the employee, or if the employee is unable to request, the Agency shall notify the employee's family or designated party of the occurrence and location of the employee.

SECTION 15. When an employee is unable to do so because of serious injury or illness, the Agency shall make every reasonable effort to assist the employee's family in filing the appropriate documents for entitlements to the employee or the employee's family.

ARTICLE 57
Sick Leave Conversion

SECTION 1. Absences originally charged to sick leave may be converted to annual leave prior to the employee's submission of their Labor Distribution Reporting (LDR). In such cases, the employee may be required to submit a medical certificate to substantiate the reasons for the absence. If a physician was not consulted, a signed statement from the employee giving the facts about the absence, the treatment used, and the reasons for not having a physician's statement may be accepted as supporting evidence by the Agency.

SECTION 2. In the event an employee desires to liquidate advanced sick leave, the employee may substitute annual leave if all of the following conditions are met:

- a. An employee requests the substitution in writing; and
- b. Substitution of annual leave for advanced sick leave is not to avoid forfeiting annual leave at the end of the leave year; and
- c. The substitution and charge of annual leave occurs before the end of the leave year, and there is sufficient time left in the leave year to use the annual leave if the substitution is not approved; and
- d. The approving official certifies in writing that the annual leave to offset the advanced sick leave would have been granted before the end of the leave year if requested by the employee.

When a request for substitution of leave is approved, a memorandum of approval, the employee's request, and the manager's certification must be forwarded to the payroll office.

ARTICLE 58

Family and Medical Leave

SECTION 1. Family and Medical leave shall be administered in accordance with applicable law, including the requirement to implement an Agency Paid Parental Leave benefit consistent with the Federal Employee Paid Leave Act, applicable regulations, HRPM LWS-8.20 – Family and Medical Leave Act (FMLA), and this Agreement.

SECTION 2. The Family and Medical Leave Act of 1993 (FMLA) provides an eligible employee the right to take up to twelve (12) workweeks of job-protected, unpaid leave (or accrued paid leave) in a 12-month period for the following:

- for the placement of a child for adoption or foster care with the employee;
- to care for the employee's spouse, child, or parent with a serious health condition; and
- because of a serious health condition that renders the employee unable to perform the essential functions of his or her job.

The 12-month period for using the 12-week FMLA requirement shall begin on the first day an employee takes FMLA qualifying leave. Additional leave beyond the initial twelve (12) weeks in any twelve month period shall be subject to staffing and workload.

Paid Parental Leave (PPL) is available for employees qualifying under HRPM LWS-8.20 for birth or placement of a child with the employee.

SECTION 3. An employee who has taken leave under this Article shall have the right to return to the same position or an equal position with equivalent pay, benefits, and working conditions. The Agency will attempt to return the employee to his/her position of record.

SECTION 4. All bargaining unit employees, regardless of the number of federal employees in a geographic location, will be granted family and medical, qualifying exigency, and military caregiver leave entitlements in accordance with this Article, provided all other eligibility requirements are met.

SECTION 5. An employee requesting leave under this Article will provide his/her Frontline Manager with at least a thirty (30) day advance notice. If circumstances prohibit the employee from providing a thirty (30) day notice, the employee shall provide as much notice as is practicable. The employee is responsible for providing the

necessary documentation to substantiate the FMLA request.

SECTION 6. Employees shall be eligible for qualifying exigency leave in accordance with the National Defense Authorization Act for FY 2010 (NDAA) (Public Law 111-84) and 29 C.F.R. § 825.126. Qualifying exigency leave may be requested when the employee's spouse, son, daughter, or parent is called to "covered active duty" in support of a contingency operation.

SECTION 7. An employee who is the spouse, child, or next of kin of a current member of the Armed Forces, including a member of the National Guard or Reserves, who incurred a serious injury or illness in the course of active duty shall be entitled to up to a total of twenty-six (26) work weeks of military caregiver leave (also known as Covered Servicemember Leave) during a single twelve (12) month period to care for the servicemember, in accordance with HRPM LWS-8.20.

If both spouses are employed by the Agency and are eligible for FMLA, there is a limitation of a combined total of twenty-six (26) workweeks for military caregiver leave (i.e., care for a covered servicemember with a serious injury or illness). The twenty-six (26) workweeks described in this Section are inclusive of the twelve (12) work weeks described in Section 2.

SECTION 8. An employee may elect to substitute paid leave for leave without pay (LWOP) taken under FMLA. Employees may substitute paid leave for LWOP taken under FMLA subject to the following conditions:

- a. An employee shall choose the type of paid leave to substitute for FMLA LWOP and the order of any such paid leave substitution.
- b. An employee may elect, but shall not be required, to substitute previously scheduled annual leave.
- c. An employee may elect, but shall not be required, to substitute sick leave to care for a family member in the event that the Agency requires the substitution of paid leave for FMLA LWOP to care for a family member.
- d. An employee may elect, but shall not be required, to deplete their accrued sick leave balance below 80 hours when the Agency requires the substitution of paid leave for FMLA LWOP.
- e. Where an employee has insufficient paid leave to cover the entire period for which she/he wishes to use FMLA leave, the employee may take a combination of paid leave and LWOP during each week of the absence.

SECTION 9. An employee must obtain agreement from the Agency for leave taken under this Article on an intermittent leave or a reduced work schedule. Intermittent leave

is defined as leave taken in separate periods of time due to a single illness or injury, rather than for one continuous period of time to accommodate recurring periods of absence. Reduced work schedule is defined as a work schedule under which the usual number of hours of regularly scheduled work per workday or weekly tour of duty is reduced for a limited period of time. To better accommodate intermittent leave or a reduced work schedule, the Agency may temporarily transfer an employee to another position that has equivalent pay and benefits and is within the same local commuting area.

SECTION 10. In accordance with Agency policy, an employee may take up to twelve (12) workweeks of unpaid or accrued paid leave during the 12-month period to take care of other covered family member(s) with a serious health condition in addition to those covered by the FMLA statute and regulations. Leave may be taken up to twelve (12) workweeks, less any time taken under the FMLA. This leave does not detract from an employee's right to FMLA leave under Title I.

Covered family members under this Section include the spouse's parents; children, including adopted children and their spouses; siblings; and their spouses; and any individual whose close association with the employee is the equivalent of a family relationship.

SECTION 11. When both spouses are employed by the Agency, each may individually take 12 weeks of FMLA leave for the birth or care of a child or to care for a parent with a serious health condition.

SECTION 12. Subject to staffing and workload, employees shall be entitled to prenatal/infant care leave for up to nine (9) months, in addition to the leave entitlements under FMLA. Employees on prenatal/infant care leave under this Section are subject to recall to duty with thirty (30) days notice when unforeseen staffing and workload necessitate a return to duty. The employee may choose how and in what order such absence will be recorded: sick leave, annual leave, and/or LWOP, to the extent that annual and/or sick leave is available. Advance sick leave may not exceed thirty (30) days. The approval of leave in this Section is dependent upon the employee's intent to return to duty.

During the period of leave under this Section, retirement, time-in-grade coverage, health benefits and life insurance benefits will be continued to the extent permitted by applicable law and regulation.

The provisions of this Section shall apply to each instance of childbirth or infant adoption.

SECTION 13. An employee returning to duty from a period of FMLA-qualifying leave because of his/her own serious health condition may be required to submit a certification that he/she is able to return to duty, and is capable of performing his/her essential job functions. However, no additional medical requirements or physical

standards will be imposed on bargaining unit positions as a result of being granted leave under this Article.

SECTION 14. Complaints that arise as a result of the Agency's expanded leave policies regarding care for family members not covered under FMLA, may only be addressed through the negotiated grievance procedure. There is no recourse through Department of Labor (DOL) or the courts for disputes regarding benefits not covered under FMLA.

A "leave year" begins on the first day of the first full pay period in a calendar year and ends on the last day of the pay period immediately before the first day of the first full pay period in the following calendar year. This leave is in addition to any other excused absence an employee uses to vote. If those duties require an employee to be absent for a longer period of time, the employee must use annual leave, credit hours, earned compensatory time off, or LWOP.
- g. The leave requests mentioned above shall be granted subject to staffing and workload.
- h. The Agency will strive to accommodate employee leave requests by making necessary operational adjustments.
- i. For the purposes of this Section, excused absence may not be used during a non-workday or during overtime work hours outside the tour of duty established for leave charging purposes.
- j. Excused absence may be used for any travel time to and from the employee's voting poll location.

If the manager rescinds the excused absence, the employee will be informed as soon as possible and the employee will charge those off-duty hours, previously granted as excused absence, to paid leave or other earned time off, leave without pay, or adjust their time in accordance with the employee's AWS.

These personnel are stationed in a regional medical office, Mike Monroney Aeronautical Center Civil Aerospace Medical Institute (CAMI) Clinic and the office of the Federal Air Surgeon.

SECTION 5. All medical examinations and application preparation required by the Agency shall be scheduled on duty time. Employees shall be reimbursed for mileage and parking fees. It is preferred that all Oklahoma City based employees use the Civil Aerospace Medical Institute (CAMI) clinic for required medical examinations. If an employee chooses to use an AME-EE outside of a reasonable traveling distance, the

employee will be responsible for any additional mileage cost or parking fees incurred.

SECTION 6. Medical examinations will be accomplished in the due month. The parties agree that it is mutually beneficial that medical examinations will be completed prior to the last week of the due month. If for any reason, an employee cannot accomplish a medical exam by the end of the due month their Front Line Manager (FLM) must be informed. All medical examinations will be scheduled with a minimum of four (4) hours remaining on the employee's duty day. Whenever an employee spends more than eight (8) hours in an official duty status on a day during which they submit to a medical examination, evaluation or review, the employee is entitled to overtime benefits for all time spent beyond the eight (8) hours. Upon approval, the employee must comply with all automated medical certificate processing authorized by the FAA web-based system (such as MedXPress and other related systems) to submit FAA Form 8500-8, Application for Airman Medical Certificate, to the Examiner prior to the examination.

As referenced in the Flight Operations Manual, upon receipt of an updated medical certificate, employees will inform the Flight Program by sending an email message to the Flight Program Records Mailbox at 9-ASW-AF60-Records@faa.gov. Any changes to the process will be noticed to the Union in accordance with this Agreement.

- e. The Regional Flight Surgeon (RFS) shall consider all available medical information before issuing a denial. Employees may request a reconsideration of a RFS denial to the Federal Air Surgeon.
- f. Employees must assume the expense of any self-initiated examinations to support review actions. The FAA Flight Surgeon normally will not determine that an employee meets or does not meet medical qualification standards solely on the basis of the information provided by the employee's own physician.

SECTION 11. If an employee temporarily fails to meet the required medical qualification standards, the employee shall be allowed to remain in their position. In such circumstances, the employee will report to their FLM for work for which they are otherwise qualified, to the extent such duties are available.

SECTION 12. Pending the outcome of the decision by the authorized agency official, the Agency shall make every reasonable effort to accommodate the employee in accordance with Article 53 of this Agreement. For the purposes of this provision, the employee shall continue to be considered a member of the bargaining unit. In the event of a negative determination and the employee is denied medical certification the employee shall have the option to apply for a disability retirement or request to be

ARTICLE 67

Contracting Out

SECTION 1. The Agency shall notify the Union at the national level of its intention of performing a review on the contracting out of a bargaining unit function or service that would significantly alter the scope of an employee's work assignments/responsibilities. The Union will be given an opportunity to provide input into the review. By mutual agreement, the Union may also be provided an opportunity to participate in the review process.

SECTION 2. When the Agency solicits proposals for contracting out work covered in Section 1 of this Article, the Agency will notify the Union upon the opening, closing, or cancellation of the solicitation. The Union will be furnished a copy of the scope of work contained in the request for proposals. The Union shall be furnished dates and times of any pre-bid or bid opening conferences which are open to the general public.

SECTION 3. Prior to implementing a decision to contract out any work, function or services performed or provided by bargaining unit employees, the Agency shall negotiate with the Union to the full extent required by 5 U.S.C. Chapter 71 and this Agreement.

SECTION 4. In February of each year, the Agency will provide PASS a list of all work currently performed by AVS bargaining unit employees also performed by contractors.

SECTION 5. Upon request, in November of each year, the Parties will meet and discuss the information provided in accordance with Section 4 of this Article.

ARTICLE 68
Aviation Safety Voluntary Safety Reporting Program

Section 1. The Parties created the Aviation Safety (AVS) Voluntary Safety Reporting Program (VSRP). The VSRP is administered in accordance with AVS Order VS 8000.375 and the Parties' VSRP Memorandum of Understanding (MOU) and staffed by PASS Representatives in accordance with the VSRP Personnel MOU found in Appendix III of this Agreement. The VSRP MOU provides in part:

- a. Purpose.** The FAA and PASS are committed to improving aviation system safety. Each party has determined that safety would be enhanced if there were a systematic approach for FAA employees represented by PASS to promptly identify, voluntarily report, and correct potential or actual aviation safety issues or concerns. The AVS VSRP provides a process for a documented review of safety issues or concerns raised by PASS Bargaining Unit Employees (BUEs). The purpose of the AVS VSRP is to identify and correct aviation safety issues or concerns.

- b. Benefits.** The AVS VSRP will foster a voluntary, cooperative, confidential, non-punitive environment for the open reporting of aviation safety issues or concerns. Through such reporting, all parties will have access to valuable aviation safety information that may not otherwise be available. This information will be analyzed in order to develop corrective actions to help mitigate identified aviation safety issues or concerns as well as systemic issues.

ARTICLE 69
Effect of Agreement

SECTION 1. Any provision of this Agreement shall be determined a valid exception to and shall supersede any existing or future Agency/DOT rules, regulations, directives, orders, policies and/or practices which are in conflict with the Agreement.

SECTION 2. All matters addressed by this Agreement, except as noted in Section 1, shall be governed by any such Agency/DOT rules, regulations, directives, orders, policies and/or practices.

SECTION 3. The Agency agrees to apply applicable rules, regulations, directives, orders, policies and/or practices in a fair and equitable manner. Any changes thereto will be in accordance with Article 70 of this Agreement.

SECTION 4. Any provisions of the United States Code (U.S.C.) or the Code of Federal Regulations (C.F.R.) which are expressly incorporated by reference in this Agreement are binding on the Parties.

SECTION 5. Except where the Parties have reached agreements and understandings during the course of the negotiations of this Agreement, upon the effective date of this Agreement, all memoranda of agreement, memoranda of understanding, past practices, and other written or oral agreements whether formal or informal, shall have no force or effect and shall not be binding on the Parties in any respect. The foregoing applies at all levels including the local, office/service area, and national levels.

ARTICLE 70

Mid-Term Bargaining

SECTION 1. It is agreed that personnel policies, practices and matters affecting working conditions, not expressly contained in this Agreement, shall not be changed by the Agency without prior notice to, and negotiation with, the Union in accordance with applicable law. The provisions of this Article apply to substance bargaining, if appropriate, procedures which the Agency will observe in exercising a management right, and/or appropriate arrangements for employees adversely affected by the exercise of a management right. Additionally, the provisions of this Article apply to any negotiations specifically required or allowed by reference in any provision of this Agreement.

SECTION 2. Should the Agency propose a change described in Section 1, thirty (30) days' written notice of the proposed change shall be provided to the Union at the corresponding level of the proposed change, except where specifically authorized by this Agreement or otherwise agreed to by the Parties. If the change affects more than one organizational level/location, notice will be provided to the lowest organizational level of the Union having jurisdiction over all of the affected employees. It is agreed longer notice periods are in the best interest of the Parties and should be provided whenever feasible. The notice will include a reference to this Article and must be sufficiently specific and definitive to adequately provide the exclusive representative with a reasonable opportunity to request bargaining.

For proposed changes below the national level, a copy of the notice will be provided to the next higher-level Union representative, as identified in Appendix II. The Union shall have up to fifteen (15) days from receipt of the notice to request a meeting regarding the change. If the Union requests a meeting, the meeting will be held within ten (10) days of the Union's request and the Parties will review the proposed changes. The Union may submit written proposals within thirty (30) days of receipt of the original notice of the change(s). If the Union requests a meeting or submits written proposals, the Parties shall meet at a mutually agreeable time and place to conduct negotiations. The Parties agree that every effort shall be made to reach agreement as expeditiously as possible. If the Union does not request a meeting or submit written proposals within the prescribed time period, the Agency may implement the change as proposed.

SECTION 3. If the Parties are unable to resolve a bargaining dispute, they are free to pursue whatever course of action is available to them under the Federal Service Labor-Management Relations Statute or other relevant statutes/law. However, by mutual agreement, if the Parties at the local level are unable to reach an agreement, the issue may be escalated within ten (10) days to the next highest organizational level, as identified in Appendix II. If, after a good faith effort, the Parties at the next highest organizational level are unable to reach an agreement, by mutual consent, the issue may be escalated within ten (10) days to the national level. This applies to

issues originating below the national level of recognition. Unless otherwise permitted by law or this Article, no changes will be implemented by the Agency until all negotiations have been completed including any impasse proceedings.

SECTION 4. The Parties will be represented at the negotiations by duly authorized representatives prepared to discuss, negotiate and reach binding agreements regarding the proposed change. The Parties may enter into written agreements or understandings on individual issues that do not conflict with this Agreement. However, unless specifically authorized by this Agreement, no such agreements may increase or diminish entitlements expressly contained in this Agreement.

SECTION 5. The Union may initiate bargaining on personnel policies, practices, and matters affecting working conditions during the term of this Agreement on matters not expressly covered by this Agreement in accordance with the Federal Service Labor-Management Relations Statute. When the Agency has received a written proposal from the Union, if required, a meeting will be scheduled within fifteen (15) days to review the Union's proposal.

The Agency may submit written counter proposals within thirty (30) days of the Union's proposal. The Parties shall meet at mutually agreeable times and places to conduct negotiations. If no agreement is reached, or the Agency fails to respond, the provisions of Section 3 of this Article shall apply.

SECTION 6. The Union, under this Article, will be authorized an equal number of representatives on official time for the conduct of negotiations in accordance with 5 U.S.C. § 7131. The time limits under this Article may be extended by mutual agreement of the Parties.

SECTION 7. Nothing in this Article is intended to preclude the Parties from formulating ground rules for mid-term bargaining issues.

SECTION 8. The Parties agree that they will not assert, as a defense to a demand for bargaining over a proposed mid-term change in conditions of employment, that the proposed change is inseparably bound up with and thus plainly an aspect of a subject covered by this Agreement, but they may assert the first prong of the Federal Labor Relations Authority (FLRA) "covered by" doctrine that the matter is expressly contained in this Agreement.

SECTION 9. Except where the Parties have reached agreements and understandings during the course of the negotiations of this Agreement, upon the effective date of this Agreement, all memoranda of agreement, memoranda of understanding, past practices, and other written or oral agreements whether formal or informal, shall have no force or effect and shall not be binding on the Parties in any respect. The foregoing applies at the local, office/service area/AIR Division, and national levels. Nothing in this Section shall be construed as a waiver of the Union's right to mid-term bargaining under this Article.

ARTICLE 71
Publicizing the Agreement

SECTION 1. The cover of this Agreement shall be black with green in the PMS 356 print and shall contain each Party's logo measuring not less than two (2) inches in diameter. Hard copies of the Agreement shall be 5 ½" X 8 ½" spiral bound and printed in type that can be easily read.

SECTION 3. In the event that any law or action of the Government of the United States renders null and void any provisions of this Agreement, the remaining provisions of the Agreement shall continue in effect for the term of the Agreement, and the Parties at the request of either Party, shall promptly reopen and renegotiate the null and void provisions.

ARTICLE 73
Duration

SECTION 1. This Agreement shall remain in effect for sixty (60) months from the date it is approved under Section 7114(c) of the Statute, or on the thirty-first day after it is signed by both Parties, whichever occurs first.

SECTION 3. Employees who do not meet the requirements in Section 2 are authorized reimbursement of moving expenses for involuntary moves as a result of facility realignments, as defined in Article 43, Section 1, or directed reassignments, when the following conditions are met:

- a. official stations are separated by at least ten (10) miles; and

Vehicles that may be transported under this

policy include passenger automobiles, and certain small trucks or other similar vehicles that are primarily for personal transportation. Shipment is not authorized for trailers, recreational vehicles, airplanes, or any vehicle intended for commercial use. Employees must submit a written request for waiver to the authorizing official as soon as the need for an extension is determined but before the expiration of the eighteen (18) month time limitation. The maximum time for completing travel and transportation shall not exceed twenty-four (24) months from the reporting date of the transfer under any circumstances.

The Agency shall make available to an employee who is changing stations access to all pertinent directives in connection with moving expenses and shall assist the employee in obtaining answers to any questions the employee may have regarding their change of station and assist in completing all required forms.

SECTION 12. When alternatives are available under law and regulation for transporting household goods, vehicles, dependents, etc., the Agency shall explain the alternatives to the employee and allow the employee to choose the permissible alternatives which most meet their personal needs. If this amount is changed under the FAATP during the term of the Agreement, the Parties agree to substitute the new amount in this Section.

SECTION 14. When an employee is authorized reimbursement via the fixed relocation payment, the Agency shall offer the employee the option of using the Agency's household goods transportation program. If the employee elects such option, the

ARTICLE 119

Overtime

SECTION 1. Bargaining unit employees shall receive adjusted base pay plus one-half of their regular rate for all work outside their normal duty hours. Overtime is paid in addition to any other premium pay and/or differentials, regardless of when the overtime was assigned to the employee. The increment of payment shall be one (1) minute.

SECTION 2. Whenever overtime work is to be performed, it shall be made available to qualified employees in a fair and equitable manner. Management at the local level shall maintain a roster of employees who desire to work overtime at an office. The roster and distribution of overtime provided in this Article shall be available to employees assigned to an office.

In the event no employees on the roster can be reached, the Agency may require other qualified employees to work overtime. Any assignments on the roster shall be made on an equitable basis.

The remedy for employees determined to have been bypassed for overtime shall be straight-time pay for twenty-five percent (25%) of the number of overtime hours the employee would have worked had they not been bypassed. The bypassed employee shall be offered the next overtime assignment for which they qualify.

SECTION 3. Upon request, the Agency shall provide the Union a current copy of the overtime roster(s).

SECTION 4. Employees shall not be considered eligible for an overtime assignment when, in the judgment of the Agency, their health or efficiency may be impaired.

The criteria for ineligibility used by the Agency shall be objective, in writing, and applied in an equitable manner. Upon request, the criteria will be provided to the Union.

SECTION 5. Upon request of the employee, they shall be relieved of an overtime assignment when, in the judgment of the Agency:

- a. the health or efficiency of the employee may be impaired; or
- b. personal circumstances make it impossible for the employee to perform the overtime duty.

SECTION 6. An employee scheduled to work overtime may secure a replacement and, provided the replacement is qualified and eligible, the employee will be relieved of the assignment. If the employee is unable to secure a replacement acceptable to the Agency, the employee will work the overtime.

SECTION 7. Work assignments outside of normal working hours, including but not limited to those involving accident investigations, will be made by the Agency. Unless circumstances do not permit, the Regional Operations Center (ROC) will contact a management official with any immediate notifications. The Agency will then decide whether and when the matter should be assigned to an appropriate employee. Nothing in this section impacts the rights under the law or this CBA.

SECTION 8. OVERTIME ASSIGNMENT SCENARIOS

- a. An employee required to return to their place of employment or to travel directly to a temporary duty site for scheduled or unscheduled duty shall be provided the opportunity to work a minimum of two (2) hours overtime for each separate occurrence. This includes callback overtime assignments.
- b. When an overtime assignment immediately precedes or follows an employee's regularly assigned workday, the employee will be provided the opportunity to work a minimum of one (1) hour.
- c. - d. When an employee is contacted by the Agency in response to an accident/incident during non-duty hours, the employee shall be compensated for up to a maximum of thirty (30) minutes of work for activity related to the contact. Any additional time requires a management official's approval.

Any of the above activities occurring during the same period of time for which overtime compensation is already being paid shall not result in additional overtime compensation.

SECTION 9. The procedure for assigning accident/incident investigation duties shall be as follows:

- a. On a quarterly basis, unless some other time frame is agreed to by the Parties at the local level, the Agency will solicit qualified employees who desire to work overtime.
- b. Based on seniority, each employee above will select a week during which they will be the primary or alternate point of contact for overtime assignments. This process will continue until all weeks are filled or until no further selections are made by these employees. In the event an open week(s) remains, the Agency will fill the first open week and each successive week on the roster by inverse seniority using all qualified employees within the office. If an employee has pre-approved leave or scheduled training they will not be used to fill an open week on

the roster during the period of approved leave or training. This process must be completed thirty (30) days prior to the effective date of the roster. Once completed, the roster will be made available to all employees electronically.

- c. When overtime work is to be performed, it shall first be made available to the primary and alternate points of contact on the roster, respectively. In the event the primary and alternate points of contact are not able to be reached or are unavailable, the Agency will assign the overtime work in an equitable manner to another employee who has indicated under subsection a. above, a desire to work overtime. In the event no employees above can be reached or are unavailable, the Agency will assign the overtime work to a qualified employee in an equitable manner, using inverse seniority.
- d. The primary and alternate employee points of contact on the roster for each week may request that the Agency provide a cell phone for the purpose of being contacted by the Agency for an overtime assignment.
- e. Employees may trade roster assignments with other qualified employees, provided the replacement is acceptable to the Agency.

The general purpose of this procedure is to provide employees with advance notice of when they could be called for overtime, thus enabling them to plan accordingly. However, employees are not required to be available by telephone, have limitations imposed on their personal travel or non-work activities, nor be required to be in a state of readiness to perform work.

SECTION 10. Annual leave may be granted to any employee whether or not overtime work is being performed at the time.

SECTION 11. Employees shall be notified of overtime assignments as far in advance as practicable. Scheduled overtime shall not normally be canceled with less than seven (7) days advance notice.

SECTION 12. The minimum number of hours of overtime being offered/assigned by an appropriate management official will be conveyed to bargaining unit employees prior to the assignment of work. The minimum amount of overtime offered/assigned is not intended to preclude the Agency from increasing the number of hours should the situation warrant.

SECTION 13. At the request of an FLSA-exempt or nonexempt employee, the Agency will grant compensatory time off instead of payment for an equal amount of irregular or occasional overtime work. At the request of an FLSA exempt or nonexempt employee, the Agency will grant compensatory time off under a flexible work schedule instead of payment for an equal amount of overtime work, whether regularly scheduled or irregular or occasional in nature.

SECTION 4. Compensatory time earned prior to March 16, 2008, by exempt employees shall be grandfathered indefinitely. - e. Demotions.** A demotion is a change to a position in a lower pay grade than the employee's current pay grade. Pay settings for demotions (e.g. Voluntary, Special Situations, Career Progression/Enhancement, Demotions resulting from misconduct, etc.) will be in accordance with Section 1.

SECTION 7. Annually, based on written request, the Union at the national level shall be provided with a list of the names, duty stations, amounts, and dates of all quality step increases, retention, and relocation incentives received by BUEs, unless otherwise prohibited by law. Either Party may, at the National Level, request a meeting to discuss the aforementioned items.

SECTION 8. WORKPLACE CIRCUMSTANCES.

- a. Within-Grade Increases.** Within-Grade increases will be administered in accordance with Section 1.
- b. Quality Step Increases.** The Parties acknowledge the value of the quality step increase (QSI) as a tool available to managers for the purpose of recognizing high quality performance. A quality step increase (QSI) is a faster-than-normal

within-grade increase used to reward employees at all grade levels who display high-quality performance. To be eligible for a QSI, an employee must be below step 10 of their grade level; have a "Meets Expectations" rating under the Performance Management System; have demonstrated sustained performance of high quality; and not have received a QSI within the preceding 52 consecutive calendar weeks. The Agency will encourage managers to recognize eligible employees using this performance tool.

- d. **Employee Recognition.** Awards shall be administered in accordance with applicable Agency policy, including HRPM PM-9.2 and this Agreement.

Employees who are required to attend training on a scheduled or special holiday designated by Executive Order shall receive holiday premium pay at their rate of basic pay, plus premium pay at a rate equal to their rate of basic pay.

l. Sunday Premium Pay. Employees will earn Sunday premium pay at an additional rate of twenty-five percent (25%) of their hourly rate of Basic Pay for all regular (non-overtime) hours actually worked on Sunday.

m. Night Differential. Employees will earn night differential at an additional rate of ten percent (10%) of their hourly rate of Basic Pay for all regular (non-overtime) hours and regularly scheduled overtime hours actually worked between 6:00 PM and 6:00 AM, unless otherwise provided for in this Agreement.

SECTION 9. BI-WEEKLY AGGREGATE SALARY LIMITATION. The following work assignments are considered work that is critical to the mission of the Agency under 5 U.S.C. 5547(b)(3):

- a.** Foreign TDY oversight, including certification, investigation, surveillance, and flight test activities; or
- b.** Foreign or domestic certification, investigation, surveillance, and flight test activities performed by employees assigned to the Aircraft Evaluation Division, or any employee assigned to or participating on a Flight Standardization Board (FSB), Flight Operations Evaluation Board (FOEB), or Maintenance Review Board (MRB).

In these circumstances, the Agency will not apply the bi-weekly aggregate salary limitation.

An employee performing work not listed above who foresees being impacted by the bi-weekly aggregate salary limitation may request a waiver to this limitation for performing mission critical work. The Agency reserves the right to approve or disapprove an employee's request for a waiver. The Agency will treat employees equitably when considering whether to approve or disapprove the waiver.

Such requests shall be submitted to their first level supervisor. The Agency will respond to the request in a timely manner. If approved, management will process a timely amendment to the employee's time and attendance record, once submitted by the employee.

The annual aggregate salary limitation will continue to apply to all employees.

SECTION 10. BUEs will receive a lump sum payment in the amount of five thousand dollars (\$5,000) to be paid out to employees within two pay periods following the effective date of the CBA.

SECTION 11. PREMIUM PAY – FLIGHT OPERATIONS.

- a.** The Parties agree that due to the unique circumstances presented in the flight environment, those employees conducting certain flight activities shall be

authorized premium pay which shall be paid at a rate of ten percent (10%) of the employee's hourly rate of adjusted basic pay times the number of hours and portions of hours during which a BUE conducts the flight activities. This premium pay is paid in addition to any other premium pay or differential.

b. The following activities conducted in aircraft are eligible for this premium pay:

- (1)** Flight evaluations conducted under Part 61
- (2)** Flight evaluations conducted under Part 91
- (3)** Flight evaluations conducted under Part 121
- (4)** Flight evaluations conducted under Part 125

- (12)** Flight operations for the purpose of pilot proficiency, currency, or recency of experience necessary for the employee's job duties.
- (13)** Flight evaluations conducted while an aircraft is under development, testing, and certification.

*Does not apply to Part 183 designees performing work for a Part 121 air carrier.

c. These premiums shall be paid regardless of the role the employee is performing in the aircraft (i.e., PIC, safety pilot, evaluator, observer, and trainer).

d. The employee(s) shall be paid this premium pay for the documented flight time of the activity. For the purposes of this Article, flight time means:

- (1) Pilot time that commences when an aircraft moves under its own power for the purpose of flight and ends when the aircraft comes to rest after landing;
or
- (2) For a glider without self-launch capability, pilot time commences when the glider is towed for the purpose of flight and ends when the glider comes to rest after landing.

SECTION 12. The Parties agree that the experience gained by an employee who possesses an airman certificate not specifically associated with the requirements of the employee's position provides value to the Agency's mission by gaining proficiency in current aviator experience and expertise.

Subject to staffing and workload requirements, the Agency may allow an employee to gain or maintain their airman certificate, including aviation ground training, flight instruction, and/or maintaining an aircraft on duty time, up to a maximum of eight (8) hours, annually. To be eligible, these activities must be consistent with Agency policy regarding conflicts of interest.

SECTION 13. RECRUITMENT INCENTIVE.

- a. The Parties concur that the payment of a recruitment incentive is a means of recruiting employees to mission-critical positions for geographic locations determined to be hard to fill. A position will be considered hard to fill if the position at a specific location has been advertised and not filled for one hundred and eight (180) days. When the Agency determines to offer a recruitment incentive to positions defined as hard to fill, it will notify the Union and the Parties will collectively discuss. The recruitment incentive bonus will be up to the amount of twenty-five thousand (\$25,000).

The definition of a hard-to-fill position may be changed to address recruitment needs. Changes to the definition will be notified to the Union and the Parties will collectively discuss. The Recruitment Incentive will be established in accordance with HRPm PRE-3.8a and this Agreement.

- b. Current and newly appointed FAA employees are eligible for the recruitment incentive. Employees who filed the proper forms for an Employee Requested Reassignment (ERR) or Hardship for relocation to one of the identified locations will be considered for these positions and, if selected, qualify for the recruitment incentive. The recruitment incentive is contingent upon an actual physical move to the location.
- c. The employee will sign a service agreement acknowledging the requirement for the employee to stay in that position for a period of 3 years in exchange for the incentive. The service period must begin on the first day of a pay period and end on the last day of the pay period. The FAA will pay the incentive in three (3)

equal installments over the employee's first year period of time. The first payment will be made in the first full pay period that the employee is in the position and at the location deemed to be hard to fill. Thereafter, the incentive will be paid in two installments, one at the end of thirteen (13) pay periods of completed service and the other at the end of twenty-six (26) pay periods of completed service.

- d. The recruitment incentive will not be paid if the employee is demoted or separated from FAA service for cause, placed on an "Opportunity to Demonstrate Performance Plan (ODP)", or voluntarily leaves the position for which recruited before completing the agreed upon service period. Under any of these circumstances, the employee will retain payments previously made that were attributable to completed service and forfeit any prorated payment not attributable to completed service. However, under these circumstances, an employee will not receive any additional amount of the recruiting incentive that was not paid out. Any termination of the recruitment incentive or questions about a recruitment incentive is subject to challenge by way of the grievance process established in this agreement or other appropriate legal venues. Overpayments will be processed in accordance with Article 114.
- e. An employee will continue to receive the recruitment incentive if they transfer to or are selected for another hard-to-fill position as defined in Section 8a.

SECTION 14. REFERRAL INCENTIVE. The Agency shall provide a one thousand dollars (\$1,000) referral incentive to any employee who recruits and recommends a new AVS BUE. The referring employee will be paid one thousand dollars (\$1,000) as a lump sum payment following the first full pay period after the new hire employee completes one year of their appointment. There is no limit to the number of new hires an employee may recruit and recommend.

SECTION 15. The Agency has determined to begin the process of reviewing the classification of Principal Operations Inspector positions. Unless upgraded to a FG-14 grade within 12 months of the effective date of this Agreement, BUEs occupying an FG-13 Principal Operations Inspector position will receive a ten thousand dollars (\$10,000) lump sum payment within two (2) pay periods after the expiration of the twelve (12) month time period.

SECTION 16. Bargaining unit employees covered by the Federal Employees Retirement System (FERS) shall be eligible upon retirement for a Sick Leave Buy Back option as follows:

An employee who attains the required number of years of service for retirement shall be entitled to receive a lump sum payment for forty percent (40%) of the value of their accumulated sick leave as of the effective day of the employee's retirement unless a law, rule or regulation provides a greater benefit.

- c. Alphabetically.** In the event employees have the same EOD and SCD, that tie will be broken using the last names of those employees beginning from the letter "A." If employees have the same last name, the same process continues with the employees' first names.

SECTION 2. When any decision based on seniority is made under this Agreement, an employee or the Union may request a copy of the list used in that decision from the Agency.

SECTION 3. Seniority List.

- a.** In January of each year, the Agency will create a Seniority List and assign each employee a bargaining unit-wide Seniority Number based upon the criteria described in Section 1. The Agency will share that list with the Union.

CERTIFICATION OF REPRESENTATIVE

Pursuant to Section 2422.1 of the Rules and Regulations of the Federal Labor Relations Authority, petitions were filed seeking to clarify bargaining units within the FAA's Flight Standards Service (AFX). On July 18, 2018, I issued a Decision and Order finding that following a reorganization, PASS should be the exclusive representative of all AFX employees without an election as it is sufficiently predominant in that unit. [Ref. (WA-RP-00099, 3/8/2001; WA-RP-03-0068, 11/14/2003; WA-RP-08-0027, 4/28/2008; AT-RP-12-0031, 3/14/2013); WA-RP-13-0034, 8/2/2013), DE-RP-14-0020, 8/14/2015, BN-RP-16-0013, 5/17/2017) & (Registry - DA-RO-60010, 6/27/1996; WA-RP-08-0027, 4/28/2008)].

No party filed an application for review. Accordingly, pursuant to the authority vested in me as Regional Director,

IT IS CERTIFIED that **Professional Aviation Safety Specialists, AFL-CIO** is the representative for purposes of exclusive recognition, and that pursuant to Chapter 71 of Title 5 of the U.S.C., the named labor organization is the exclusive representative of all employees in the unit:

Included: All professional and nonprofessional employees nationwide of the Flight Standards Service (AFX), Federal Aviation Administration.

Excluded: All management officials, supervisors, and employees described in 5 U.S.C. § 7112(b)(2), (3), (4), (6), and (7).

CLARIFICATION OF CONSOLIDATED UNIT

Pursuant to Section 2422.1 of the Rules and Regulations of the Federal Labor Relations Authority, petitions were filed seeking to clarify bargaining units within the FAA's Flight Standards Service (AFX). On July 18, 2018, I issued a Decision and Order finding that following a reorganization, PASS should be the exclusive representative of all AFX employees without an election as it is sufficiently predominant in that unit. I also found that a corresponding modification to the excluded portion of AFSCME's bargaining unit description was warranted because AFSCME represented some headquarters employees of AFX, which is organizationally a part of Aviation Safety (AVS).

No party filed an application for review. Accordingly, pursuant to the authority vested in me as Regional Director,

I ORDER that the consolidated headquarters bargaining unit represented by the **American Federation of State, County and Municipal Employees, Council 26, AFL-CIO** [Ref. WA-RP-08-0084, 5/27/2009; SF-RP-16-0005, 8/3/2017] is clarified as follows:

- Office of Communications (AOC);
- Office of Next Generation Air Transportation System/Next Gen (ANG); and
- The Air Traffic Organization (ATO).

Excluded: All management officials; supervisors; and employees described in 5 U.S.C.

§ 7112(b)(2), (3), (4), (6), and (7), and:

- In AOA, AOC, APL, ATO, and ANG: all students; and all temporary employees with an appointment of one year or less;

- All employees of the Flight Standards Certification and Surveillance Division (AFS 900) in the Air Transportation Oversight System Certificate Management Office (ATOS CMO);
- All employees of the Engineering Procedures Office (AIR-110);
- In ATO Mission Support Services (AJV), all nonprofessional employees of Aeronautical Information Services (AJV-5);
- In ATO Program Management Organization (AJM), all professional and nonprofessional employees permanently assigned to Terminal Second-Level Engineering (AJM-24), and all nonprofessional employees permanently assigned to En Route and Oceanic Second-Level Engineering (AJM-25), at the William J. Hughes Technical Center, Atlantic City, New Jersey; and all professional and nonprofessional employees of the Aviation Systems Standards Office (AJW-3);
- In ATO Technical Training (AJL), all nonprofessional employees of Air Traffic Controller Training & Development (AJL-11);

AVIATION SAFETY
VOLUNTARY SAFETY REPORTING PROGRAM
MEMORANDUM OF UNDERSTANDING
BETWEEN THE
PROFESSIONAL AVIATION SAFETY SPECIALISTS
AND THE
FEDERAL AVIATION ADMINISTRATION

1. **GENERAL.** This Agreement is made by and between the Professional Aviation Safety Specialists, ("PASS" or "the union") and the Federal Aviation Administration ("FAA" or "the Agency"), collectively known as the Parties. This Memorandum of Understanding (MOU) applies to Aviation Safety (AVS) employees represented by PASS and represents the complete understanding of the Parties concerning the Aviation Safety Voluntary Safety Reporting Program (AVS VSRP). The administration of the AVS VSRP shall be in accordance with AVS Order VS 8000.375 AVS Voluntary Safety Reporting Program unless otherwise noted in this agreement.

2. **PURPOSE.** The FAA and PASS are committed to improving aviation system safety. Each party has determined that safety would be enhanced if there were a systematic approach for FAA employees represented by PASS to promptly identify, voluntarily report, and correct potential or actual aviation safety issues or concerns. The AVS VSRP provides a process for a documented review of safety issues or concerns raised by PASS Bargaining Unit Employees (BUEs). The purpose of the AVS VSRP is to identify and correct aviation safety issues or concerns.

3. **BENEFITS.** The AVS VSRP will foster a voluntary, cooperative, confidential, non-punitive environment for the open reporting of aviation safety issues or concerns. Through such reporting, all parties will have access to valuable aviation safety information that may not otherwise be available. This information will be analyzed in order to develop corrective actions to help mitigate identified aviation safety issues or concerns as well as systemic issues.

- a. **Disciplinary Action.** The FAA has determined it will not use disciplinary action, to include the revocation of FAA-issued credentials, to address a reported aviation-safety-related issue or concern accepted into the AVS VSRP.
- b. **Enforcement Action.** The FAA has determined it will take no enforcement action, including the revocation of a pilot certificate, against an employee who submits a report that is accepted (and not subsequently excluded).

4. **APPLICABILITY.** The AVS VSRP applies to employees of AVS represented by PASS.

5. **PARTICIPATION.** Participation in the AVS VSRP may be terminated at any time, and for any reason by the FAA or PASS. The termination or modification of a program will not adversely affect anyone who acted in reliance on the terms of a program in effect at the time of that action (i.e., when a program is terminated). All reports and investigations that were in progress will be handled under the provisions of the program until they are completed. Failure of any party to follow the terms of the program may result in termination of this agreement.

6. **REPORTING PROCEDURES.** When a covered employee experiences or observes an aviation safety issue or concern, he or she should note the concern or issue and describe it in enough detail so that it can be evaluated by the Event Review Team (ERT).

- a. **AVS VSRP Report Form.** At an appropriate time during the duty day, the employee should complete the AVS VSRP Form online for each aviation safety issue or concern and submit it electronically. The employee should complete a separate form for each safety issue or concern as soon as practicable.
- b. **Time Limit.** Reports submitted under this VSRP will be accepted regardless of the time frame within which they are submitted, provided they otherwise meet the acceptance criteria of paragraphs 10a and b of this MOU.
- c. **Non-reporting Employees Covered Under this AVS VSRP MOU.** If an AVS VSRP report identifies another covered employee in a safety issue or concern involving a possible noncompliance and that employee has not submitted a separate report, the ERT will determine on a case-by-case basis whether that employee knew or reasonably should have known about the possible noncompliance. If the ERT determines that the employee did not know or could not have known about the apparent possible noncompliance, and the original report otherwise qualifies for inclusion under AVS VSRP, the ERT will offer the non-reporting employee the opportunity to submit his/her own AVS VSRP report. The ERT will consider acceptance by the same criteria as the original report and extend the same protections.

7. **EVENT REVIEW TEAM.** The ERT is made up of four (4) primary and four (4) alternate management representatives, and a primary representative and an alternate representative of each participating Labor Union.

- a. The ERT will review, analyze, and investigate de-identified reports submitted by the employees under the program, identify actual or potential safety issues or concerns from the information contained in the reports, and may propose solutions for issues or concerns. The ERT will provide feedback to the individual who submitted the report in a timely manner, unless anonymous. The ERT will meet as necessary to review, investigate, and analyze reports that will be listed on an agenda submitted by the VSRP Program Manager (PM). The ERT will determine the time and place of the meeting, which may be in person, via telephone or in any other manner the ERT mutually deems

appropriate. The frequency of meetings will be determined by the number of reports that have accumulated or the need to acquire time critical information.

- b. The ERT is solely responsible for any investigations resulting from a reported safety issue or concern accepted into the program. The ERT may request assistance from AVS at the national level to perform all or part of an investigation. In the event the ERT requests such assistance, PASS may designate its ERT representative or another union representative, as a participant.
- c. The FAA has determined it will not use an accepted written AVS VSRP report nor the content of an accepted AVS VSRP report to initiate, support, or as evidence for any disciplinary action, except as described in paragraph 10b of this MOU.
- d. It is anticipated that various types of reports will be submitted to the ERT, including aviation safety-related reports that appear to involve a possible noncompliance with applicable FAA directives, as well as reports that are of a general aviation safety concern, but do not appear to involve possible noncompliance. All aviation safety-related reports shall be fully evaluated and, to the extent appropriate, investigated.
- e. The ERT may forward, by consensus, reports not related to aviation safety to the appropriate FAA department head for his/her information and, if possible, internal FAA resolution.
- f. For reports related to aviation safety, including reports involving possible noncompliance with applicable FAA directives, the ERT will analyze the report, conduct interviews of reporting employees if necessary, and gather additional information concerning the matter described in the report.
- g. The ERT identifies aviation safety issues or concerns and forwards to the appropriate FAA Office of Primary Responsibility (OPR) utilizing the AVS VSRP Corrective Action process. The FAA will work with PASS to develop appropriate corrective action for systemic issues. The OPR will present the corrective action plan to the ERT for approval.
- h. Corrective action(s) regarding systemic issues not completed to the satisfaction of the ERT will be elevated to the Executive Board for resolution.
- i. Any individual corrective action recommended by the ERT for a report accepted under this MOU must be completed to the satisfaction of members of the ERT, or the AVS VSRP report may be excluded from the program upon agreement by the ERT.

- j. When appropriate, the ERT may consult with subject matter experts (SMEs) to assist in their understanding of a reported issue or concern. SMEs are not voting members of the ERT.
- k. If the Primary ERT members cannot reach consensus, having exhausted all resources and ability to reach compromise, the complete report, without ERT notes, will be forwarded for review by their alternate ERT representatives. The report will be forwarded without interference or input from the Primary ERT members, and the alternate ERT members will coordinate independent of the Primary members in order to get new perspectives on the issue.

8. VSRP AND ELECTRONIC REPORTING SYSTEM. When the AVS VSRP reporting system receives a report, the date and time of any issue described in the report and the date and time the report was submitted will be recorded. The report will be placed, along with all supporting data, on the agenda for the next ERT meeting. De-identified reports shall be provided to all ERT members prior to the scheduled ERT meeting. To confirm that a report has been received, the system will send an electronic receipt to each employee who submits a report, unless it is anonymous.

- a. The FAA will designate one person who will serve as the AVS VSRP PM. The AVS VSRP PM will be responsible for program administration, and will not serve as a member of the ERT.
- b. The VSRP PM will serve as the focal point for information about and inquiries concerning the status of AVS VSRP reports and for the coordination and tracking of ERT Corrective Actions. The VSRP office will work collaboratively with PASS.
- c. The VSRP PM will maintain a database that continually tracks each report and the analysis of those reports. The AVS VSRP manager will conduct a 12-month review of the AVS VSRP database with emphasis on determining whether corrective actions have been effective in preventing or reducing the recurrence of safety issues or concerns of a similar nature. This review will include recommendations for corrective action for recurring issues indicative of adverse safety trends. This review is in addition to any other reviews conducted by the FAA.
- d. The VSRP PM will track the status and implementation of corrective action(s) and report on associated progress as part of the regular ERT meetings. Any recommended corrective action that is not implemented, should be recorded and monitored along with the reason it was not implemented.

9. AVS VSRP EXECUTIVE BOARD.

- a. The AVS VSRP Executive Board (EB) is made up of members of the AVS Management Team (AVSMT) and participating Labor Unions. PASS may designate a representative to serve on the AVS VSRP EB.
- b. The EB will make its decisions involving AVS VSRP issues by consensus.
- c. The EB shall not override the decisions of the ERT.
- d. AVS VSRP Corrective Actions. The EB will:
 - 1. Resolve issues where neither primary nor alternate ERT can reach a consensus decision regarding recommendation for corrective action for an AVS VSRP Report.
 - 2. Resolve issues where the OPR and ERT cannot agree on a corrective action plan.
 - 3. Review and resolve corrective action(s) regarding AVS VSRP reports not completed to the satisfaction of the ERT.
- e. The EB will review and respond to recommendations from audits of the AVS VSRP.
- f. If the EB is unable to reach consensus on issues elevated by the ERT, either Party may pursue whatever course of action is available in accordance with Article 70 of the Parties' Collective Bargaining Agreement, the Federal Service Labor-Management Relations Statute, and any other law, rule, or regulation.

10. REPORT ACCEPTANCE CRITERIA. The following criteria must be met in order for a report to be covered under this VSRP:

- a. Accepted: A report identifies an aviation-safety-related issue or concern and does not reflect any of the exclusions identified below.
- b. Not Accepted:
 - 1) Reports of issues or concerns not related to aviation safety fall outside the purview of the AVS VSRP. The ERT may forward, by consensus, reports not related to aviation safety to the appropriate FAA department head for his or her information and, if possible, for internal FAA resolution.
 - 2) The AVS VSRP will not accept reports that involve criminal activity, substance abuse, alcohol use or misuse, or intentional falsification of issues. Reports involving those issues will be referred to an appropriate FAA office for further handling. The FAA may use the content of such reports and will refer such

reports to law enforcement agencies, if appropriate. If upon completion of subsequent investigation it is determined that the issue did not involve any of the aforementioned activities, then the report will be referred back to the ERT for a determination of acceptability under this MOU. Such referred back reports will be accepted under this VSRP provided they otherwise meet the acceptance criteria contained herein.

- 3) Reports that involve intentional disregard for safety or gross negligence are excluded. These include acts (or failures to act) that demonstrate a gross disregard for, or deliberate indifference to, safety or a safety standard.
 - 4) Reports of events that directly involve an employee but that occurred while he or she was acting outside the scope of his or her employment, such as the operation of aircraft for personal or recreational purposes, are excluded.
- c. Reports Involving Proficiency Issues. VSRP reports covered under the program that demonstrate a lack, or raise a question of a lack of proficiency of a covered employee may result in the assignment of training, if such action is appropriate and recommended by the ERT.
 - d. Corrective Action. Employees initially covered under the AVS VSRP will be excluded from the program and not entitled to the protective provisions if they fail to complete the recommended corrective action in a manner satisfactory to the ERT. Failure of an employee to complete the ERT recommended corrective action may result in the reopening of the case and referral of the matter for appropriate action.
 - e. Systemic Issues or Repeated Instances of Noncompliance with Directives. Reports involving systemic issues or the same or similar possible noncompliance with the directives that were previously addressed with no intervention under AVS VSRP may be accepted into the program, provided they otherwise satisfy the acceptance criteria in paragraph 10 a and b. The ERT will consider on a case-by-case basis the corrective action appropriate for such reports.
 - f. Closed Cases. A previously accepted VSRP report for which no action has been taken, may be reopened and appropriate action taken if evidence is later discovered that establishes the report should have been excluded from the program in accordance with this section.

11. EMPLOYEE FEEDBACK. The VSRP PM will provide regular feedback to the employees in a manner acceptable to the ERT. A quarterly report will be published covering the number of reports received, the number of reports accepted and excluded, a list of the top issues raised, corrective action recommendations, and results. This report will be available on a designated page on the FAA employees website (<http://www.my.faa.gov>). Any employee who submitted a report may also contact the

VSRP PM to inquire about the status of his/her report. In addition, each employee who submits a report accepted under AVS VSRP will receive individual feedback on the final disposition of the report, unless anonymous.

12. **CONFIDENTIALITY.** The collection and analysis of safety data shall ensure the confidentiality of bargaining unit employees.

13. **CONSENSUS.** Consensus does not require that all members believe that a particular decision or recommendation is the most desirable solution, but that the result falls within each member's range of acceptable solutions for the particular issue, and is in the best interest of safety. ERT representatives shall be empowered to make decisions within the context of the ERT discussions on a given report and related activities.

- a. For matters related to the overall operation of the AVS VSRP, consensus means the voluntary agreement of all representatives on the ERT or EB.
- b. For matters submitted by union represented employees consensus means the voluntary agreement of the appropriate union and management representative. These situations do not require the consensus of union representatives or management representatives that are not directly involved.
- c. For matters submitted by non-bargaining unit employees, to include managers and supervisors, where the employees of the organization are represented by a union, consensus means the voluntary agreement of the appropriate union and management representative on the ERT.
- d. For associated corrective actions, consensus means the voluntary agreement of the appropriate union and management representative(s) on the ERT.

14. **INFORMATION AND TRAINING.** AVS VSRP implementation and refresher training requirements and curriculum shall be jointly developed by the Parties at the national level. The details of the VSRP will be made available to all employees covered by this MOU in appropriate PASS and FAA publications.

15. **RECORDKEEPING.** All documents and records regarding this program will be kept by the VSRP PM in a manner that ensures compliance with applicable directives and law, and will be made available to the other parties of this agreement at their request.

16. **PROGRAM DURATION.** This agreement shall remain in effect for the duration of the Parties' Collective Bargaining Agreement unless otherwise agreed upon.

17. SIGNATORIES. All parties to this AVS VSRP MOU are entering into this agreement voluntarily.

BETWEEN THE FEDERAL AVIATION ADMINISTRATION
AND THE PROFESSIONAL AVIATION SAFETY SPECIALISTS**

This Memorandum of Understanding (“Agreement”) is made by the Professional Aviation Safety Specialists (“PASS” or the “Union”) and the Federal Aviation Administration (“FAA” or the “Agency”), collectively known as the Parties. This Agreement concerns bargaining unit employees in the AVS bargaining unit appearing on live video during meetings using software applications and/or technology (e.g. Zoom/Teams).

Section 1. Employees will be provided reasonable advance notice of the requirement to appear on video during the course of a meeting using software applications and/or technology. Employee use will be subject to the following provisions:

- a. The Parties acknowledge that in some instances, technological problems may prevent an employee from appearing on video during meetings using software applications and/or technology. Employees will not be held responsible for non-compliance in these instances.
- b. Employees shall be permitted to use background blurring and/or appropriate background images when appearing on video during meetings using software applications and/or technology. The display of union insignias/logos shall be permitted. The Agency may require specific, organizationally related background images during certain meetings with external stakeholders. The Agency will provide this background and reasonable advance notice of this requirement.
- c. Employees may turn off their video in certain reasonable circumstances, including but not limited to:
 - sharing their screen with other meeting attendees,
 - taking short breaks,
 - when the Agency determines live video is unnecessary, or
 - when an emergency exists.

Section 2. Employees may elevate video conferencing issues and concerns that arise as a result of an employee’s compliance to their managers. The Parties may use Article XX, Problem Solving, to resolve these issues or concerns.

Section 3. The provisions of Section 1 above only apply to employees in the performance of their official duties when required to appear on video. The provisions of Section 1 do not apply to employees acting in the capacity of a designated Union representative and do not supersede or otherwise affect any provision related to the use of telephone or in-person meetings contained in the CBA.

Section 4. If a video conference is recorded, employees will be notified in advance of the meeting. Such recordings shall be maintained in accordance with Law, Regulation, and this Agreement.

Section 5. Employees required to participate in virtual meetings shall be provided with a computer with the necessary virtual meeting application software and a camera, either built-in or separately issued, that has the necessary capability for the use of virtual backgrounds.

**Memorandum of Agreement between the
Federal Aviation Administration and the
Professional Aviation Safety Specialists (AFL-CIO)**

The Federal Aviation Administration (“FAA” or “Agency”) and the Professional Aviation Safety Specialists (AFL-CIO) (“PASS” or “Union”), hereinafter referred to as the Parties, voluntarily and without coercion enter into the following memorandum of agreement (“Agreement” or “MOA”) pertaining to the Civil Aviation Production Awards Program established for the Civil Aviation Registry.

Section 1: This agreement applies to Legal Instruments Examiners (Conveyances) in AFB-710, Legal Instruments Examiners (Applications) in AFB-720, and Cashiers Legal Assistants in AFB-716 in the Civil Aviation Registry.

Section 2: This production award program establishes monetary and non-monetary recognition that may be granted by the Civil Aviation Registry in addition to the honorary recognition already established under FS 3450.1.

- a. Recognition. The Production Award utilizes various combinations of monetary and non-monetary recognition for different levels of achievement. An employee may receive a maximum of hours of time-off and monetary recognition per fiscal year in accordance with policy guidance as indicated by their level of performance.
- b. Criteria. Honors a Civil Aviation Registry employee that exceeds the established actions/documents per hour standard score. An employee must be identified by management based on verifiable statistics using approved policies and procedures.
- c. Eligibility. Employees on an Opportunity to Demonstrate Performance (ODP) for all or part of a Quarter are not eligible to receive an award within that Quarter.

Section 3. Employees will receive an award based on the following formula:

	Percent	Award	
Tier 1	20% over Branch Standard Score	\$300 per Quarter; or	12 hours off per Quarter;
Tier 1 End-of-Year Bonus	20% over Branch Standard Score 3 out of 4 quarters per year	\$300 or	12 hours off
Tier 2	40% over Branch Standard Score	\$600 per Quarter; or	24 hours off per Quarter;
Tier 2 End-of-Year Bonus	40% over Branch Standard Score 3 out of 4 quarters per year	\$600 or	24 hours off

Combined Tier 1 and Tier 2 End-of-Year Bonus	Any combination of 20% and 40% over Branch Standard Score 3 out of 4 quarters per year	\$450 or	18 hours off
---	--	----------	--------------

Section 4. The Production Metric Standard Score (“Branch Standard Score”) for examiners and legal assistants expresses overall success as a score, derived by averaging the production of each group i.e., conveyance examiners, application examiners, and legal assistants over a 5year period. Branch Standard Scores will be updated annually every fiscal year to reflect the five-year average.

Section 5: Individual Production Scores (“Individual Scores”) are calculated monthly by multiplying the individual employee's output per hour by that employee's accuracy rate, which is determined by a review of at least 5% of the employee's total monthly output. Output for AFB-710, Aircraft Registration is based on action count. Output for AFB-720, Airmen Certification, is based on document count. Output for AFB-716, Cashier's Section, is based on cashier weighted action count and QA action count added together. The actual evaluation period is a standard quarter (OCT-DEC, JAN-MAR, APR-JUN or JUL-SEP) and thus, the employee’s adjusted Individual Score is for the three-month average for the quarter.

Section 6. Upon the implementation of this MOA, the Agency will calculate the applicable Standard Score for each Branch by using Fiscal Years 2019, 2020, 2021, 2022, and 2023, which will be provided to the Union no later than two (2) pay periods subsequent to the effective date of this MOA.

The Agency will provide thirty (30) days written notice to the Union at the corresponding level for the subsequent update of the Branch Standard Scores.

Section 7. The Union at the appropriate level, will be provided access to the information used by the Agency to calculate the Branch Standard Scores, sanitizing the individual employee names. If the Union disagrees with the Agency’s calculation, the Union may provide an independent report, for consideration by the Agency.

Section 8. The Parties will collaborate on the implementation of the Civil Aviation Production Awards Program and will periodically discuss the effectiveness of the Program.

Section 9. Individual BUEs are responsible for monitoring their performance during the monthly performance cycle. However, when brought to management's attention, the Front-Line Manager shall make allowances for factors beyond a BUEs control. The Registry shall have an official procedure for requesting additional time for complex packet(s) for BUEs and any approved absences shall not be a negative factor in calculating the employee’s Individual Score.

Section 10. If the Agency determines a change in Tier definitions or the associated percentages is necessary to achieve higher Branch performance, the Agency will provide notice and an opportunity to bargain in accordance with Article 70 of the Collective Bargaining Agreement (CBA).

Section 11. This Agreement shall remain in full force and effect for the duration of the CBA, or until decommissioning of the Registry Modernization System (RMS), whichever comes first. Within thirty (30) days subsequent to the decommissioning of RMS, the Parties will engage in negotiations in accordance with Article 70 of the CBA regarding a successor MOA.

**Memorandum of Agreement
Between
Federal Aviation Administration
And
Professional Aviation Safety Specialists, AFL-CIO**

This memorandum of agreement (MOA) is entered into by the Federal Aviation Administration (FAA or Agency) and Professional Aviation Safety Specialists (PASS or Union), collectively referred to as the "Parties." The purpose of this MOA is to address the Agency's implementation of an amended process for Aviation Safety Inspectors (ASIs) to retain their 110A credentials following retirement from the FAA and obtaining and paying for recognition memento plaques.

SECTION 1. Definitions. For the purposes of this MOA, separation means retirement, or the death of an onboard employee. Credentials means FAA Form 110A, numbered badge, and leather credential holder with FAA logo issued by the 110A Program Office in accordance with FAA Order 8000.38.

SECTION 2. The Union may designate one (1) point of contact (POC) to coordinate any concerns about the administration of the recognition program. The 110A Program office will be the point of contact for the administration of the 110A memento program.

SECTION 3. Recognition Options. Prior to, or upon retirement, from federal service, employees, or a representative of the employee, may choose one of several options in recognition of their service as an ASI for the FAA. The following options are available:

1. No recognition. There is no cost to the employee for this option.
2. Certificate of recognition. Employees will receive a framed certificate for presentation. There is no cost to the employee for this option.
3. Memento Plaque. Employees will surrender their 110A credential, numbered badge and leather credential holder with FAA logo issued by the 110A program office. The credential will be suitably marked rendering it invalid for use. The badge and credential will be permanently mounted on a presentation plaque and enclosed in a clear resin and/or Lucite. Per Agency policy, it is prohibited to remove the badge and or credential after mounting on a plaque. The Agency is not responsible for the cost of the memento plaque.

SECTION 4. Retention of Credentials. Upon separation from the FAA, all ASI credentials, including FAA Form 110 and numbered badge with credential holder with FAA logo issued by the 110A program office, must be returned to the ASI's 110A coordinator.

The employee or a representative of the retiring employee may request, at the time of surrender, for FS to retain the invalidated credentials for return to the employee or the employee's family as a memento. The family of a deceased employee or a representative of the deceased employee may

request, at the time of surrender, for FS to retain the invalidated credentials for return to the employee's family or their representative as a memento.

Retention of the FAA Form 110A Credential and badge is not authorized unless the 110A Program Office has invalidated the credentials and sealed them in a plaque prior to returning them to the employee, or a representative of the employee.

SECTION 5. Eligibility Criteria for Retention of Credentials. Employees who previously served as an ASI within FS but have previously surrendered their credentials (due to transfer of positions or ineligibility to retain a 110A credential based on work assignments per FAA Order 8000.38) may be eligible to retain their invalidated credentials upon separation if the eligibility criteria below are met.

Any employee who retired since the pause of the 110 Recognition plaque program in March 2021 shall be eligible for any of the recognition options above.

Employees, or former employees, are eligible for retention of credentials if the following conditions are met:

- a. the employee was in good standing without adverse employee action at the time of retirement.
- b. the employee has served as an ASI for a period of at least five (5) years (these years need not be consecutive).
- c. the employee receives their supervisor's endorsement to indicate their acknowledgement of these prerequisites; and
- d. the badge/credential/credential holder is returned to the 110A Program Office for processing.

SECTION 6. Process to Request a Memento. When surrendering a credential, the employee, or their representative, shall instruct the Agency, in writing, of their desire to have their credential returned for a memento. The Parties shall use the 110A retirement memento memo available through 110A coordinators.

When eligibility requirements are met, a request may be made by any employee or a representative of a deceased employee to the 110A Program Office through the 110A Coordinator assigned to the employee's office for the return of the credentials as a memento. The request must include:

- a. Inspector's name;
- b. Badge number;
- c. Inspector's office of assignment;
- d. Date of retirement or date of death, as appropriate, of the employee;
- e. Forwarding address for shipping the plaque;
- f. Phone number of the person receiving the plaque; and
- g. Post retirement email address

A memento plaque must be requested at the time of retirement or within one year after retirement through the retiree's assigned offices 110A coordinator.

SECTION 7. Payment & Processing Mementos. Once the request for a memento is made, payment must be made for the 110A Program Office to authorize the vendor to process and ship the memento. The Agency will utilize a designated payment system to receive payments for mementos. Employees and the Union will be provided instructions on how to pay for mementos.

The following options are available for payment of mementos:

1. The employee requests a Plaque Memento and pays for processing and shipping, or
2. Another individual or group of individuals (i.e., the Union, Manager, or a team of colleagues) requests and pays for the Plaque Memento using their personal funds (within applicable ethics rules) and presents it to the inspector as a retirement gift.

Employees may communicate the opportunity to voluntarily contribute to a memento on behalf of an employee or employees utilizing government furnished equipment and the FAA email system.

Once payment is confirmed, the employee will be notified via email on placement of order and estimated conversion timeframe. Once the memento plaque is received back from the vendor for quality review by the 110A Program Office the employee will be notified on shipment to their requested address.

If an employee reconsiders purchase of the plaque memento prior to the contract vendor receiving the credential for processing, the Agency will refund money to the individual. Communication of the reconsideration will be in writing and the Agency will provide contact information for this purpose.

SECTION 8. Communications to Employees. To handle to backlog of surrendered credentials, the Agency agrees to the following:

1. Send notification emails to inspectors who have retired since March 2022 and whose credentials have been secured by the 110A program office.
2. Ensure future retiring inspectors are notified of the new purchase requirements for their Retirement Plaque Memento and provided an option to retain their credentials as part of the retirement out processing before leaving FAA employment. Information regarding this change will be provided.
3. Update applicable Flight Standards guidance with any processes agreed to in this MOA.
4. Employees will be provided instructions on how to request a memento and how to provide payment for said memento.

Notifications regarding any communications must be provided to PASS at least seven (7) days prior to publication for the Union to review and provide comments. Individual notification to the Union is not required so long as the Union can comment on any template language that will be used by the Agency.

In the event the Agency holds a briefing with BUEs regarding these changes, the Agency will provide the Union notice of that briefing as required by Article 4, Section 2 of the CBA and Statute. The Parties agree that joint briefings with the affected BUEs are beneficial but there is no requirement to conduct any. Management will not conduct the briefings in a format that interferes with the PASS Representative's rights in accordance with 5 U.S.C. 7114(a)(2)(A).

SECTION 9. This Agreement shall remain in full force and effect for the duration of the collective bargaining agreement or its successor, unless incorporated into a successor agreement.

Signed this ___ day of April 2024.

This Memorandum of Agreement (MOA) is made by and between the Professional Aviation Safety Specialists ("PASS" or "the Union") and the Federal Aviation Administration ("FAA" or "the Agency"). This MOA covers all PASS ATO and AVS bargaining unit employees in positions subject to the requirements of Security Executive Agent Directive 3 (SEAD-3). This MOA represents the complete agreement between the Parties over the procedures to implement SEAD-3 and the appropriate arrangements for employees adversely affected by the directive's implementation.

This Memorandum of Agreement (MOA) is entered into by and between the Professional Aviation Safety Specialists ("PASS" or "the Union") and the Federal Aviation Administration ("FAA" or "the Agency"), collectively referred to as the "Parties." This MOA represents the Parties' full and complete understanding of the Agency's implementation of the Trusted Workforce 2.0 – Record of Arrests and Prosecutions Background Check ("RAP Back") Enrollment. This MOA shall apply to all PASS bargaining unit employees required to enroll in Rap Back.

Section 1: Employees will be given at least 15 days written notice before any deadline to have their fingerprints submitted. Requests will be granted unless the time requested is unreasonable under the circumstances. Employees may also complete the fingerprinting process earlier than required (i.e., before the employee is notified that they must provide their fingerprints) at any ASH ID Media Office.

Section 2: All fingerprinting activities will occur at, or as close to as possible, the employee's duty location. [Insert Committee/Workgroup Name]

[PASS AVS CBA Article 23 – Committee/Workgroup Charter]

PURPOSE: Describe why the committee or workgroup is being formed.

Example: To make recommendations to leadership on policy changes designed to mitigate hazards posed by wind turbines on aircraft operating low-level under visual flight rules.

BACKGROUND: Provide relevant background information describing what led to the formation of the committee/workgroup. Consider describing the current state and the need for change, if appropriate.

Example: In recent years, the height of wind turbines being installed across the nation have increased from 200' above ground level to well over 850' above ground level. FAA policy for marking and lighting structures may not adequately mitigate the hazard posed by modern wind turbines or anticipate the continued increase in height in the coming years.

SCOPE: The scope statement can be a bullet-point list or a paragraph; it should provide clear expectations to committee/workgroup members.

Consider the following:

- Goals, deadlines, and deliverables members will work toward
- Program or project the workgroup is supporting
- Available resources, to include those used to assist the committee/workgroup in reaching a consensus (e.g. facilitators)
- Restrictions (budget/personnel)
- Timelines for individual tasks or deliverables
- Boundaries and expectations for the committee/workgroup

- If necessary, an appropriate method for elevating any issues that jeopardize the successful outcome of the committee/workgroup, including the failure to reach consensus
- Specific tasks (if known)

Note: Development of the scope statement may require collaboration with key stakeholders.

ROLES AND RESPONSIBILITIES: Identify specific members of the committee/workgroup and outline/describe their individual responsibilities. Describe the extent to which the committee/workgroup is empowered to make decisions or recommendations, and whether subgroups may be established. Identify point(s) of contact for the purpose of assisting with the progress and success of the workgroup.

OUTCOME: Describe what constitutes successful completion of the committee/workgroup’s goals, deliverables, and any close out activities.

EFFECTIVE DATE AND DURATION: Identify the date the committee/workgroup will begin work and the maximum days/months the Charter will be in effect unless suspended, terminated, or extended by the Parties who authorized the committee/workgroup.
