Catalog of Standards

UL 489A
Standard for Circuit Breakers for Use in
Communications Equipment

Browse the Catalog of
Standards

Scope Table of Contents

- 1.1 The requirements of this standard cover single pole or multi-pole DC rated circuit breakers intended for use as branch circuit overcurrent and short-circuit protection in communications equipment.
- 1.2 All poles of multi-pole circuit breakers covered by this standard operate at the same potential.
- 1.3 The requirements of this standard cover devices rated 600 volts DC or less.
- 1.4 This standard is intended to be used with the Standard for Molded-Case Circuit Breakers, Molded-Case Switches and Circuit-Breaker Enclosures, UL 489, as the requirements of this standard modify tests described in that standard.
- 1.5 Unless otherwise specified, when the term "circuit breaker" is used in this standard, it refers to a circuit breaker intended for use with communications equipment.

Details
Edition Number: 1
Edition Date: 10/15/2008
Price Code: A
Type: ULSTD
ANSI Approved: 04/23/2013
DOD Approved: —
