Date of Update: Nov 5, 2015

Program Name: PDRR/ABRR and TFMS

Program Contact/s: Mark Novak (Program Office), Rebecca Guy (Program Office), Sue Hogan (2nd level support), Biafra Carrington-Smith (Tech Ops Automation Support team AJW-134), Cynthia Marzette (TFMS Sustainment Support), Danny Sims (SLE POC for TFMS), Daniel Kokotkiewicz (ERAM Program Office)

Current Program Status:

With the loss of Certification for TFMS development for the course with the new functionality has continued. I have been on the team developing the SWIM Interface Services (SIS) Subsystem Management Course and Maintenance Course for ZMP Center SOC and Automation. Will attend the Operational Try Out the week of Nov 16 and the First Course Conduct on the week of December 1.

They will be testing the ABRR/PDRR functionality with ZDV and ZMP on 2/8-12/16 and 2/15-19/16.

Issues Affecting PASS:

Loss of Certifications

Program Issues:

Identify Support Needs: Contact management and find out details as to why certification was removed. A Press Release would be nice.
