EVENT DETAILS

The 2025 PASS Convention is an opportunity for delegates, members and guests to discuss PASS's future and make plans for the union's direction. It is an exciting and busy three days for all attendees—including members, delegates, chapter leaders, members of PASS national committees, union contract representatives, and members of the PASS Executive Board.

The main purpose of the convention is to conduct internal union business and set the union's course for the next two years. This work includes debating amendments to the PASS Constitution, reviewing reports from national committees, and considering additional proposals or resolutions. There will also be speakers and workshops that

will provide attendees with important information.

In the coming months, PASS will post updated information about the convention and related events on the convention website. Please check back often for new details!

A note on delegates: Members were given the opportunity to elect convention delegates from their region in an election held from October 21–November 24, 2024. Final delegate counts are determined by membership numbers, per the PASS Constitution:

(a) Each Region shall be entitled to one delegate for each 100 members in good standing as of the date one hundred and twenty (120) days in advance of the PASS Convention. Any Region with less than one hundred (100) members in good standing as of the appointed date shall be entitled to one (1) delegate.

April 13, 2025, is 120 days in advance of the convention. After that, PASS will use the membership numbers to determine how many delegates each region is entitled to and delegates will be notified by email.
